A Lifetime Of Peace Essential Writings By And About Thich Nhat Hanh:

A Lifetime of Peace Jennifer Schwamm Willis, 2003-09-25 *A Lifetime of Peace* follows the successful model established by *A Lifetime of Wisdom Essential Writings* by and about the Dalai Lama. It draws on dozens of sources to collect the very best writing by and about Thich Nhat Hanh, the revered Vietnamese Buddhist monk and peace activist. This timely collection is both a political and spiritual handbook which encompasses all of Thich Nhat Hanh's major themes: mindfulness, love, truth, compassion, and peace on earth. In 1967, Dr. Martin Luther King Jr. nominated Hanh for the Nobel Peace Prize, citing the monk's lifelong efforts to encourage peace and reconciliation around the world. This important collection will not only present Hanh's writing about his experiences during the Vietnam War and excerpts from his journals, but also collect a range of other highlights such as his advice for those entering into meditation practice and his unique insights into Buddhist and Christian theology. But above all, *A Lifetime of Peace* is a timely and thought-provoking examination of the nature of peace, both as an inner state of being and as a real condition in the world.

Thich Nhat Hanh: Essential Writings Thich Nhat Hanh, 2001 Drawn from more than twenty of the books of Thich Nhat Hanh, these are the essential writings of one of the most popular spiritual writers of today. Thought-provoking and inspiring, this selection is aimed at the mind, body, and spirit. Provided by publisher.

Creating a Sustainable Vision of Nonviolence in Schools and Society Singh, Swaranjit, Erbe, Nancy D., 2017-01-10 A nonviolent environment provides many benefits to its population. Although all industries can reap the rewards of nonviolence, its positive impacts can particularly be examined in applied disciplines like conflict resolution, child development, criminal justice, and social work. *Creating a Sustainable Vision of Nonviolence in Schools and Society* is a unique reference source that discusses the value that nonviolent spaces can add to educational institutions and societies. Featuring extensive coverage on relevant topics including conflict skills, intersectional dialogue, mentoring, co-existence, and police brutality, this is an outstanding resource of academic material for educators, academicians, graduate students, and researchers seeking to expand their knowledge on nonviolent methods and techniques for educational environments.

In Bed with the Word Daniel Coleman, 2009-02-26 How can reading be deeply personal yet fundamentally social? Coleman examines philosophical and spiritual aspects of reading.

Faithist Chris Stedman, 2012-11-06 The story of a former Evangelical Christian turned openly gay atheist who now works to bridge the divide between atheists and the religious. The stunning popularity of the New Atheist movement, whose most famous spokesmen include Richard Dawkins, Sam Harris, and the late Christopher Hitchens, speaks to both the growing ranks of atheists and the widespread vehement disdain for religion among many of them. In *Faithist*, Chris Stedman tells his own story to challenge the orthodoxies of this movement and make a passionate argument that atheists should engage religious diversity respectfully. Becoming aware of injustice and craving community, Stedman became a born-again Christian in late childhood. The idea of a community bound by God's love, a love that was undeserved, unending, and guaranteed, captivated him. It was, he writes, a place to belong and a framework for making

sense of suffering But Stedman's religious community did not embody this idea of God's love they were staunchly homophobic at a time when he was slowly coming to realize that he was gay The great suffering this caused him might have turned Stedman into a life long New Atheist But over time he came to know more open minded Christians and his interest in service work brought him into contact with people from a wide variety of religious backgrounds His own religious beliefs might have fallen away but his desire to change the world for the better remained Disdain and hostility toward religion was holding him back from engaging in meaningful work with people of faith And it was keeping him from full relationships with them the kinds of relationships that break down intolerance and improve the world In Faithist Stedman draws on his work organizing interfaith and secular communities his academic study of religion and his own experiences to argue for the necessity of bridging the growing chasm between atheists and the religious As someone who has stood on both sides of the divide Stedman is uniquely positioned to present a way for atheists and the religious to find common ground and work together to make this world the one world we can all agree on a better place

Accommodation and Acceptance

Ambrose Mong, 2015-12-31 As Hans Kung said No peace among the nations without peace among the religions No peace among the religions without dialogue between the religions No dialogue between the religions without investigation of the foundations of the religions Accommodation and Acceptance is a crucial work in both promoting interreligious dialogue and exploring the turbulent history of Christian faith and identity in Asia down the years From the reaction to missions often inextricably linked with the practice of colonialism to the rise of religious pluralism Ambrose Mong examines the relationships between the leading faiths of Asia up to the present day Whether practicing pluralism or exclusivism the history of Christianity in Asia is long and fascinating Ambrose Mong delves into the biography of intercultural pioneers like Matteo Ricci and Timothy Richard to understand better the theology as well as the pragmatism behind cultural accommodation and the necessary mutability of an eternal church

Politics, Polarity, and Peace, 2023-05-08 The arguments within the contemporary literature paint a clear picture popular discourse is marked with extreme partisanship and polarization threatening democracy tolerance diversity pluralism and cooperation Polarization simplifies and deforms language ideas and people Polarization reduces the complexities of social life into an oppositional binary based on crude distinctions revolving around partial and harmful reified conceptions of self and other Since the egocentric us versus them narratives catalyze conflicts which tend to violence polarization is itself a cause of violence The project of peace then is aided by the project of depolarization But what can we do to bring about a transformation away from polarity to peace What are the real polarities obscuring the path to peace Is it a question of freedom versus control Is it one of absolutism versus open mindedness Is it good versus evil In a time of increasingly poisonous national politics widening tribal polarity and fragmented and fragmenting communities what sense does it even make to appeal to reason discourse and compromise The authors in this volume attempt to answer these and other questions relating to polarity and politics in the pursuit of peace and justice the
