

The image features two classical marble busts, likely of Greek or Roman origin, positioned on either side of the central text. The bust on the left is shown in profile, facing right, with curly hair and a beard. The bust on the right is shown from a three-quarter view, facing left, with curly hair and a serene expression. The background is a solid dark color, making the light-colored marble and the red text stand out.

.....
DESIRE AND
DIVERSITY
ACROSS
THE WORLD

R. B. PARKINSON

A Little Gay History Desire And Diversity Across The World

Richard Sandell

A Little Gay History Desire And Diversity Across The World:

A Little Gay History R. B. Parkinson, Kate Smith, 2013 Originally published London The British Museum Press 2013 ,
The Cambridge World History of Sexualities: Volume 1, General Overviews Merry E. Wiesner-Hanks, Mathew Kuefler, 2024-04-30 Volume I offers historiographical surveys and general overviews of central topics in the history of world sexualities Split across twenty two chapters this volume places the history of sexuality in dialogue with anthropology women's history LGBTQ history queer theory and public history as well as examining the impact Freud and Foucault have had on the history of sexuality The volume continues by providing overviews on the sexual body family and marriage the intersections of sexuality with race and class male and female homoerotic relations trans and gender variant sexuality the sale of sex sexual violence sexual science sexuality and emotion erotic art and literature and the material culture of sexuality **"Who Am I to Judge?"** Stephan Goertz, 2021-11-08 The Catholic Church still takes an ambivalent stance toward homosexuality declaring that homosexuals should be respected and not discriminated against while morally condemning their intimate relationships This volume presents exegetical theological and ethical arguments as well as evidence from the human sciences to advocate for the recognition of homosexuality as a natural variant of the human capacities to love and to form relationships

Museum Innovation Haitham Eid, Melissa Forstrom, 2021-07-18 Museum Innovation encourages museums to critically reflect upon current practices and adopt new approaches to their civic responsibilities Arguing that museums have a moral duty to perform the book shows how social innovation can make them more equitable relevant and impactful institutions Including contributions from a diverse group of international scholars practitioners and researchers the book investigates the innovative approaches museums are taking to address contemporary social issues The volume focuses on the concept of social innovation and individual chapters address a range of crucial issues such as climate change the COVID 19 pandemic diversity and inclusion the travel ban and the repatriation of museum collections Exploring the impact that organizational structures have on museums aspirations to act as agents for social change the book also unpacks how museums can establish sustainable relationships with minority communities Proposing steps that museums can take to affirm their relevance as viable community partners the book breaks down silos and connects ideas across different areas of museum work Museum Innovation explores the role of contemporary museums in society It is essential reading for academics students and practitioners working in the museum and heritage studies field The book's interdisciplinary nature makes it also an interesting read for those working in business studies digital humanities visual culture arts administration and political science fields *Seeing Sodomy in the Middle Ages* Robert Mills, 2024-05-31 During the Middle Ages in Europe some sexual and gendered behaviors were labeled sodomitical or evoked the use of ambiguous phrases such as the unmentionable vice or the sin against nature How though did these categories enter the field of vision How do you know a sodomite when you see one In *Seeing Sodomy in the Middle Ages* Robert Mills explores the relationship between sodomy and motifs of vision and

visibility in medieval culture on the one hand and those categories we today call gender and sexuality on the other Challenging the view that ideas about sexual and gender dissidence were too confused to congeal into a coherent form in the Middle Ages Mills demonstrates that sodomy had a rich multimedia presence in the period and that a flexible approach to questions of terminology sheds new light on the many forms this presence took Among the topics that Mills covers are depictions of the practices of sodomites in illuminated Bibles motifs of gender transformation and sex change as envisioned by medieval artists and commentators on Ovid sexual relations in religious houses and other enclosed spaces and the applicability of modern categories such as transgender butch and femme or sexual orientation to medieval culture Taking in a multitude of images texts and methodologies this book will be of interest to all scholars regardless of discipline who engage with gender and sexuality in their work

Expanding Classics Arlene Holmes-Henderson, 2023-04-18 This volume explores innovative ways of expanding classical languages and cultures to educational and museum audiences It shows that classical subjects have an important role to play within society and can enrich individuals lives in many different and perhaps surprising ways Chapters present projects covering literacy and engagement with reading empowering students to understand and use new types of vocabulary discovering the personal relevance of ancient history and the resonance of ancient material culture and stories Contributors demonstrate that classical subjects can be taught cost effectively and inclusively by non specialist teachers and in non traditional settings In their various ways they highlight the need to rethink the role of Classics in twenty first century classrooms and communities Recommendations are made for further development including ways to improve research policy and practice in the field of Classics education Expanding Classics presents an important series of case studies on classical learning of interest to museum educators teacher trainers school leaders and curriculum designers as well as those teaching in primary secondary and further education settings in the UK and worldwide

The Queer Museum Erica Robenalt, 2024-04-09 The Queer Museum examines how relationships between institutions and LGBTQ communities function and how they help to define queer museum practice Analysing what it means to queer the museum in Western contexts the book builds upon and challenges texts about inclusionary activist museum practice and discusses the ways in which Othered communities are engaged with and represented Arguing that an institution s understanding of queerness is directly related to the kind and extent of change pursued by the museum the author clarifies that governance structures staff hierarchies funding and relationships to queer communities affect the way queering might be pursued The analysis looks critically at exhibitions and institutions and particularly forefronts the experiences of museum practitioners It argues that practical changes that positively affect museums long term relationships with marginalised communities are critical The book also considers the future of the museum by drawing on queer theories of utopia futurity failure and amateurism to complicate understandings of the queer museum and its relationship to people and objects The Queer Museum will be of interest to students and academics in museum and heritage studies art history and archival studies

It will also be essential reading for museum and arts sector practitioners who seek to do and engage with this kind of work. The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license.

Game of Thrones versus History
Brian A. Pavlac, 2017-04-17 Since it first aired in 2011, Game of Thrones galloped up the ratings to become the most watched show in HBO's history. It is no secret that creator George R. R. Martin was inspired by late 15th century Europe when writing A Song of Ice and Fire, the sprawling saga on which the show is based. Aside from the fantastical elements, Game of Thrones really does mirror historic events and bloody battles of medieval times, but how closely? Game of Thrones versus History: Written in Blood is a collection of thought-provoking essays by medieval historians who explore how the enormously popular HBO series and fantasy literature of George R. R. Martin are both informed by and differ significantly from real historical figures, events, beliefs, and practices of the medieval world. From a variety of perspectives, the authors delve into Martin's plots, characterizations, and settings, offering insights into whether his creations are historical possibilities or pure flights of fantasy. Topics include the Wars of the Roses, barbarian colonizers, sieges, and the nature of medieval warfare; women and agency; slavery; celibate societies in Westeros; myths and legends of medieval Europe; and many more. While life was certainly not a game during the Middle Ages, Game of Thrones versus History: Written in Blood reveals how a surprising number of otherworldly elements of George R. R. Martin's fantasy are rooted deeply in the all-too-real world of medieval Europe. Find suggested readings, recommended links, and more from editor Brian Pavlac at gameofthronesversushistory.com.

History and Identity
Stefan Berger, 2022-01-20 This introduction to contemporary historical theory and practice shows how issues of identity have shaped how we write history. Stefan Berger charts how a new self-reflexivity about what is involved in the process of writing history entered the historical profession and the part that historians have played in debates about the past and its meaningfulness for the present. He introduces key trends in the theory of history, such as postmodernism, poststructuralism, constructivism, narrativism, and the linguistic turn, and reveals in turn the ways in which they have transformed how historians have written history over the last four decades. The book ranges widely from more traditional forms of history writing, such as political, social, economic, labour, and cultural history, to the emergence of more recent fields, including gender history, historical anthropology, the history of memory, visual history, the history of material culture, and comparative transnational and global history.

Representing the Rainbow in Young Adult Literature
Christine A. Jenkins, Michael Cart, 2018-03-20 Discussions of gender and sexuality have become part of mainstream conversations and are being reflected in the work of more and more writers of fiction, particularly in literature aimed at young adult audiences. But young readers, regardless of their sexual orientation, don't always know what books offer well-rounded portrayals of queer characters and situations. Fortunately, finding positive role models in fiction that features LGBTQ themes has become less problematic, though not without its challenges. In Representing the Rainbow in Young Adult Literature, LGBTQ Content since

1969 Christine Jenkins and Michael Cart provide an overview of the literary landscape An expanded version of *The Heart Has Its Reasons* this volume charts the evolution of YA literature that features characters and themes which resonate not only with LGBTQ readers but with their allies as well In this resource Jenkins and Cart identify titles that are notable either for their excellence accurate thoughtful and tactful depictions or deficiencies books that are wrongheaded stereotypical or outdated Each chapter has been significantly updated and this edition also includes new chapters on bisexual transgender and intersex issues and characters as well as chapters on comics graphic novels and works of nonfiction This book also features an annotated bibliography and a number of author title lists of books discussed in the text that will aid teachers librarians parents and teen readers Encompassing a wider array of sexual identities *Representing the Rainbow in Young Adult Literature* is an invaluable resource for young people eager to read about books relevant to them and their lives

Gender in World History Peter N. Stearns, 2021-12-26 *Gender in World History* integrates gender history and world history by dealing with significant global changes over time regional patterns of gender relations and the results of interregional contact on gender roles and concepts Now in its 4th edition this volume explores the rise of patriarchal gender systems and in more modern history the gradual and checkered decline of these systems In addition to the roles of agriculture and then industrialization in shaping gender relations the book deals with the impact of major religions imperialism and decolonization and human rights movements in more recent history Regional coverage includes East Asia South Asia the Middle East and Mediterranean Sub Saharan Africa Europe and the Americas The book seeks to show how major patterns and changes in the past shed light on current gender issues in many world regions enabling students to understand how gender roles have varied across the world and over time This new edition also includes More material on several societies particularly in Asia and the Middle East Greater attention on historical and comparative assessment of sexual identities A focus on basic features of gender configurations Discussions of more recent human rights movements Providing a global but succinct overview of the history of gender throughout the world *Gender in World History* remains essential reading for students of world history and gender studies
