Islamic source texts the Koran the Sira biography of Mohammed and the Hadith his traditions If your knowledge comes from these original texts it can be verified and your understanding is on firm ground **SECRETS REVEALED** The Koran and all Islamic texts are difficult to read by design But when the artificial language is stripped away and replaced by simple English the results are astounding We learn that the Islamic ethical system is based on dualism one set of rules for Muslims and another set of rules for non Muslims Kafirs We find out that Mohammed was a slave trader an abuser of women and a warlord Islam as a religion was a failure Only when Mohammed turned to jihad and politics did he have any success A **THREE LEVEL SELF STUDY COURSE** The self study course covers fourteen different topics about Islam from three different views Each level can be read on its own but there is a progression of information This course will end your confusion about Islam You will understand what underlies the events in the Islamic world and what this means for our civilization This is **Level 3** Interreligious Reflections, Six Volume Set Alon Goshen-Gottstein, 2018-08-08 This set includes all six volumes of **Interreligious Reflections** **ABOUT VOLUME ONE** Friendship is an outcome of as well as a condition for advancing interfaith relations However for friendship to advance there must be legitimation from within and a theory of how interreligious relations can be justified from the resources of different faith traditions **Friendship Across Religions** explores these very issues seeking to develop a robust theory of interreligious friendship from the resources of each of the participating traditions It also features individual cases as models and precedents for such relations in particular the friendship of Gandhi and Charlie Andrews his closest personal friend Contributors Balwant Singh Dhillon Timothy J Gianotti Alon Goshen Gottstein Maria Reis Habito Ruben L F Habito Ryan McAnnally Linz Stephen Butler Murray Eleanor Nesbitt Anantanand Rambachan Meir Sendor Johann M Vento and Miroslav Volf **ABOUT VOLUME TWO** This book tackles the core problem of how painful historical memories between diverse religious communities continue to impact even poison present day relations Its operative notion is the healing of memory developed by John Paul II Chapters explore how painful memories of yesteryear can be healed and so address some of the root causes Strategies from six different faith traditions are brought together in what is in some ways a cross religious brainstorming session that identifies tools to improve present day relations At the other pole of the conceptual axis of this book is the notion of hope If memory informs our past hope sets the horizon for our future How does the healing of memory open new horizons for the future And what is the notion of hope in each of our traditions that could lead to a common vision of good Between memory and hope this book seeks to offer a vision of healing that can serve as a resource in contemporary interfaith relations Contributors Rahuldeep Singh Gill Alon Goshen Gottstein Maria Reis Habito Flora A Keshgegian Anantanand Rambachan Meir Sendor Muhammad Suheyl Umar and Michael von Br ck **ABOUT VOLUME THREE** The essays collected here prepared by a think tank of the Elijah Interfaith Academy explore the challenges associated with sharing wisdom learning teachings messages for good living How should religions go about sharing their wisdom These chapters representing six faith tradition Jewish Christian Muslim Hindu Sikh and Buddhist

Islam's Predicament with Modernity Bassam Tibi, 2009-02-25 This book presents an in depth cultural and political analysis of the issue of political Islam as a potential source of tensions and conflict and how this might be peacefully resolved Looking at modernity from an Islamic point of view the author analyses issues such as law knowledge and human rights

A comparative study of elite English-medium schools, public schools, and Islamic madaris in contemporary Pakistan Akhtar Hassan Malik, 2015-04-12 This ethnographic study examines the role of differing school knowledge in reproducing various social classes in the society It was observed that an unequal availability of capital resources agents class habitus and the type of their cultural currency act as selection mechanisms that clearly favour some social groups over others The ruling classes ensure the transfer of their power and privilege to their children by providing them with quality education in elite schools The disadvantaged classes are excluded from these unique institutions by both social and economic sanctions They have no other option than to educate their children either in public schools or Islamic madaris As a result inequitable educational opportunities consolidate the existing social class hierarchy
