E. Hutton, 2020-11-18 When an ordinary Englishman in the course of his reading sees mention made of Moravians he thinks forthwith of a foreign land a foreign people and a foreign Church He wonders who these Moravians may be and wonders as a rule in vain We have all heard of the Protestant Reformation we know its principles and admire its heroes and the famous names of Luther Calvin Melancthon Latimer Cranmer Knox and other great men are familiar in our ears as household words But few people in this country are aware of the fact that long before Luther had burned the Pope's bull and long before Cranmer died at the stake there had begun an earlier Reformation and flourished a Reforming Church It is to tell the story of that Church the Church of the Brethren that this little book is written For her cradle and her earliest home we turn to the distressful land of Bohemia and the people called Bohemians or Czechs To us English readers Bohemia has many charms As we call to mind our days at school we remember in a dim and hazy way how famous Bohemians in days of yore have played some part in our national story We have sung the praises at Christmas time of the Bohemian Monarch Good King Wenceslaus We have read how John the blind King of Bohemia fell mortally wounded at the Battle of Crecy how he died in the tent of King Edward III and how his generous conqueror exclaimed The crown of chivalry has fallen today never was the like of this King of Bohemia We have all read too how Richard II married Princess Anne of Bohemia how the Princess so the story goes

brought a Bohemian Bible to England how Bohemian scholars a few years later came to study at Oxford how there they read the writings of Wycliffe the Morning Star of the Reformation and how finally copies of Wycliffe s books were carried to Bohemia and there gave rise to a religious revival of world wide importance We have struck the trail of our journey For one person that Wycliffe stirred in England he stirred hundreds in Bohemia In England his influence was fleeting in Bohemia it was deep and abiding In England his followers were speedily suppressed by law in Bohemia they became a great national force and prepared the way for the foundation of the Church of the Brethren

Hutton,2017-02-10 Burned at the stake Hunted down for their faith

This illustrated edition of J E Hutton's captivating 500 year history depicts the Moravian Church from its early years as one of the oldest Protestant denominations to its mature modern form. Hutton divides the history into four sections. He begins with the life and martyrdom of Jan Hus then documents the 18th century revival under Nikolaus von Zinzendorf the famed Pietist and social reformer. Following the revival the Moravians began to spread their faith throughout the world and by the turn of the 20th century they had firm establishments throughout Europe and North America. Today the Moravian Church has nearly one million members and it influences millions more. Arranged chronologically Hutton's history takes us first to the dawn of the Protestant Reformation in the fifteenth century. He details the fraught religious and political situation during the decades prior to the eventual split with the dominant Catholic order. We are introduced to the pivotal figures of the era such as Peter of Chelci Gregory the Patriarch Luke of Prague. By harnessing popular sentiment and using new technology such as the printing presses to spread the new Protestant doctrine the split of Christianity occurred. The political climate of Prague Bohemia where the Moravians lived and died is much detailed. The pure simple Christian observance and his virtues united the Moravian movement the essential devotion to Jesus the apostles and his gospel appealed to Christians who yearned for community under a common banner. Poland in particular proved a bastion for the Moravian brethren many of whom travelled and carried their traditions abroad. Following the years of conflict and Reformation the Moravians distinguished themselves as a highly competent Christian group. Members of the Moravian church were among the first missionaries to venture to the New World which was the scene of chaotic conflicts between the rival colonial powers. The simple adherence to the word of Christ runs a common thread through the political and moral dramas as the Moravians grappled with issues such as slavery and war helping slaves in kindness. The worldwide influence of the 18th century Moravian missionaries was extraordinary. One notable example is the impact they had on John Wesley leading directly to his conversion experience. Later the Moravians established a permanent presence on George Whitefield's estate. Hutton's chronicle is thorough intensively explaining the important aspects underpinning the Moravians. The development of their customs how they congregated the aesthetic appearance of their churches and their establishment of parochial education are all detailed giving the reader a vivid and valuable history. Hutton includes the doctrinal stance of the Moravian church indicative of the long term effect of the historical teachings of their founder Count Zinzendorf. Their dedication is admirable. Interestingly they adhered to the Augsburg Confession denouncing the Anabaptist theology regarding the sacraments. Indeed the Moravian church emphasises experiential Christianity that is inner feelings and revelations as well as outward emotional raptures. In that regard they seem to have predated the charismatics. In short J E Hutton's book provides a very interesting and fairly concise history of the Moravian movement. Highly recommended to anyone desiring a better understanding of the church predating the Anabaptists and inspired by the teaching and martyrdom of John Hus. Illustrations include Jan Huss trial and execution. The inspiration of Count Zinzendorf Jerome of Prague. Scenes of Moravian life and more.
