A Home In The World Houses And Cultures:

A Home in the World Martine Laffon, Caroline Laffon, 2004-11-17 This book offers a new and deep perspective on home design by revealing how different cultures have handled the essential task of building houses that reflect their ideals and values In a time when home improvement is all the rage this book sheds light on other more global meanings of the word home book jacket

House and Home Thomas Barrie, 2017-03-16 House and home are words routinely used to describe where and how one lives This book challenges predominant definitions and argues that domesticity fundamentally satisfies the human need to create and inhabit a defined place in the world Consequently house and home have performed numerous cultural and ontological roles and have been assiduously represented in scripture literature art and philosophy This book presents how the search for home in an unpredictable world led people to create myths about the origins of architecture houses for their gods and house tombs for eternal life Turning to more recent topics it discusses how writers often used simple huts as a means to address the essentials of existence modernist architects envisioned the capacity of house and home to improve society and the suburban house was positioned as a superior setting for culture and family Throughout the book house and home are critically examined to illustrate the perennial role and capacity of architecture to articulate the human condition position it more meaningfully in the world and assist in our collective homecoming

life public representations of tradition and ethnicity and the social consequences of economic transition these are critical issues in the social anthropology of Russia and other postsocialist countries Engaged in the negotiation of all these is the House of Culture which was the key institution for cultural activities and implementation of state cultural policies in all socialist states The House of Culture was officially responsible for cultural enlightenment moral edification and personal cultivation in short for implementing the socialist state s program of bringing culture to the masses Surprisingly little is known about its past and present condition This collection of ethnographically rich accounts examines the social significance and everyday performance of Houses of Culture and how they have changed in recent decades In the years immediately following the end of the Soviet Union they underwent a deep economic and symbolic crisis and many closed Recently however there have been signs of a revitalization of the Houses of Culture and a re orientation of their missions and programs The contributions to this volume investigate the changing functions and meanings of these vital institutions for the communities that they serve

Consumption and the Country House Jon Stobart, Mark Rothery, 2016 This study explores the consumption practices of the landed aristocracy of Georgian England Focussing on three families and drawing on detailed analysis of account books receipted bills household inventories diaries and correspondence Consumption and the Country House charts the spending patterns of this elite group during the so called consumer revolution of the eighteenth century Generally examined through the lens of middling families homes and motivations this book explores the ways in which the aristocracy were engaged in this wider transformation of English society Analysis centres on the goods that the aristocracy purchased both luxurious and mundane the extent to which they pursued fashionable modes and goods the role that family and friends played in shaping notions of taste the influence of gender on taste and refinement the geographical reach of provisioning and the networks that lay behind this consumer activity and the way this all contributed to the construction of the country house The country house thus emerges as much more than a repository of luxury and splendour it lay at the heart of complex networks of exchange sociability demand and supply Exploring these processes and relationships serves to reanimate the country house making it an active site of consumption rather than simply an expression of power and taste and drawing it into the mainstream of consumption histories At the same time the landed aristocracy are shown to be rounded consumers driven by values of thrift and restraint as much as extravagant desires and valuing the old as well as the new not least as markers of their pedigree and heritage

International Student Engagement Chris R. Glass, Rachawan Wongtrirat, Stephanie Buus, 2023-07-03 This book responds to the growing calls among international educators activists and students themselves to pay closer attention to the qualitative dimensions of international students experiences at U S colleges and universities This book outlines deep approaches to the academic and social integration of international students at U S colleges and universities It describes concrete examples of strategies to enhance the international student experience across a wide range of institutional types and explores actions that have enabled colleges and universities to create more

inclusive connected and purposeful campus environments for international students It fleshes out the effects of these actions through the first person narratives of international students themselves It focuses on reinforcing an institution s existing strengths and capacities to help academic leaders at these institutions to develop comprehensive strategies that will enable the creation of inclusive campus climates for international students The book combines evidence derived from the national Global Perspective Inventory dataset the experiences of institutions at the forefront in developing effective strategies as well as first person narrative experiences of international students to illustrate the real life consequences of institutional policies practice and programs One of the aims of this book is to take readers on a journey from community colleges to liberal arts institutions to large public flagship research universities from rural parts of the U S to highly populated urban areas in order to raise questions about the impact of the surge of international students in these environments and about the corresponding challenges that confront senior administrators seeking to strengthen and deepen connections for the students The book explores some of the actions that universities and colleges across the U S have taken to create more inclusive connected and purposeful campus environments for their international students placing particular emphasis on the importance of tapping and reinforcing each institution s existing strengths and capacities in the development of strategies that will enable it to create more inclusive campus climates for current and incoming international students and engaging in active collaboration with all departments and offices across the campus with the larger community and most important with the international student community itself

Global Goods and the Country House Jon Stobart , 2023-11-20 Global goods were central to the material culture of eighteenth century country houses Across Europe mahogany furniture Chinese wallpapers and Indian textiles formed the backdrop to genteel practices of drinking sweetened coffee tea and chocolate from Chinese porcelain They tied these houses and their wealthy owners into global systems of supply and the processes of colonialism and empire Global Goods and the Country House builds on these narratives and then challenges them by decentring our perspective It offers a comparative framework that explores the definition ownership and meaning of global goods outside the usual context of European imperial powers What were global goods and what did they mean for wealthy landowners in places at the periphery of Europe Sweden and Wallachia in the British colonies of North America and the Caribbean or in the extra colonial context Japan or Rajasthan By addressing these questions this volume offers fresh insights into the multi directional flow of goods and cultures that enmeshed the eighteenth century world And by placing these goods in their specific material context from the English country house to the princely palaces of Rajasthan we gain a better understanding of their use and meaning and

of their role in linking the global and the local *Studies in Architecture and Culture* ,2007 **ICEHHA 2021** Sebastianus Menggo,Yohanes Servatius Lon,Fransiska Widyawati ,Ans.
