Deborah Cibelli, Rosina Neginsky, 2016-01-14 The idea of light and darkness is one of the central ideas of the Symbolist movement since this is a movement of contrasts. It encompasses the major themes of Symbolism such as good and evil, beauty and ugliness, the visible and the invisible, and the divine and the earthly. This volume brings together a range of studies in order to understand the notion of light and darkness and a variety of its Symbolist interpretations. It also stresses the interdisciplinary nature of the concepts of light and darkness in Symbolism as well as the cohabitation and symbiosis of both which are together or separately at the core of this movement. *The Myth of Power and the Self* Walter Herbert Sokel, 2002

*The Myth of Power and the Self* brings together Walter Sokel's most significant essays on Kafka written over a period of thirty-one years, 1966-1997. Franz Kafka (1883-1924) has come to be one of the most influential writers of the twentieth century. *The Myth of Power and the Self* brings together Walter Sokel's most significant essays on Kafka written over a period of thirty-one years, 1966-1997. This volume begins with a discussion of Sokel's 1966 pamphlet on Kafka and a summary of his 1964 book *Tragik und Ironie* (Tragedy and Irony), which has never been translated into English and includes several essays published in English for the first time. Sokel places Kafka's writings in a very large cultural context by fusing Freudian and Expressionist perspectives and incorporating more theoretical approaches, linguistic theory, Gnosticism, and aspects of Derrida into his synthesis. This superb collection of essays by one of the most qualified Kafka scholars today will bring new understanding to Kafka's work and will be of interest to literary critics, intellectual historians, and students and scholars of German literature and Kafka.

*A Hunger Artist* Franz Kafka, 1979-01-01 Written during Kafka's final years as he battled tuberculosis, *A Hunger Artist* was the last work he personally prepared for publication before his death in 1924. The story appeared first in *Die Neue Rundschau* before being published as part of a collection by Verlag Die Schmiede. Max Brod recounted that Kafka revised the text extensively while staying at the Kierling sanatorium near Vienna, perhaps seeing parallels between the artist's physical withering and his own condition. The story chronicles the decline of a professional fatter whose art form, public starvation displays, falls out of fashion with changing times. Set against the backdrop of Europe's post-war transformation, the text captures the death of old cultural forms and the public's shifting appetites for entertainment. The hunger artist's insistence on fasting beyond forty days, the maximum his impresario allows, points to the gap between artistic purity and commercial demands. His body becomes a battlefield where artistic integrity clashes with market forces, while his cage in the circus suggests how art gets relegated to sideshows in an age of mass entertainment. The hunger artist's

final confession that he fasted simply because he could never find food he liked strips away the spiritual and artistic pretensions surrounding his performance This revelation transforms the story from allegory about artistic sacrifice into something more ambiguous and personally haunting The text resonates with Kafka's own complicated relationship to food his sense of alienation from Prague's literary culture and his struggles with tuberculosis that made eating difficult in his final years When circus workers clear away the hunger artist's body like so much straw replacing him with a young panther full of vital energy the story delivers its sharpest bite showing how quickly culture discards what it once celebrated how thoroughly new forms devour the old This modern translation from the original German is a fresh accessible and beautifully rendered text that brings to life Kafka's great literary work This edition contains extra amplifying material including an illuminating afterword a timeline of Kafka's life and works alongside of the historical events which shaped his art and a short biography to place this work in its socio-historical context

**The Impact of Existentialism on Modern Literature: Kafka's Influence on García Márquez** Pasquale De Marco, 2025-07-10 Discover the profound impact of existentialism on modern literature through the lens of two literary giants Franz Kafka and Gabriel García Márquez In this illuminating exploration we delve into the existential themes that permeate their seminal works examining how Kafka's haunting tales and García Márquez's magical realism shed light on the human condition From Kafka's exploration of alienation and absurdity to García Márquez's depiction of the cyclical nature of time and the search for meaning we trace the threads of existentialism that bind these two literary masters Through a close analysis of Kafka's *The Metamorphosis* *The Trial* and *The Castle* we encounter characters who find themselves trapped in oppressive worlds struggling to make sense of their existence We then turn to García Márquez's masterpieces including *One Hundred Years of Solitude* *Love in the Time of Cholera* and *The Autumn of the Patriarch* where we witness the intertwining of magical realism and existential themes as characters navigate the labyrinthine paths of love loss and the search for identity This exploration offers a comprehensive understanding of the existentialist movement and its influence on modern literature We examine the philosophical underpinnings of existentialism including the concepts of freedom choice and responsibility and trace how these themes are reflected in the works of Kafka and García Márquez Through their unique literary styles these authors have illuminated the complexities of human nature inviting us to confront our own existential dilemmas and grapple with the fundamental questions of life Whether you are a seasoned scholar of existentialism or a curious reader seeking to deepen your understanding of modern literature this book provides a thought-provoking journey into the minds of two literary giants It is an essential guide to the existentialist movement and its enduring legacy offering fresh insights into the human condition and the search for meaning in a complex and ever-changing world If you like this book write a review

**Art as Spectacle** Naomi Ritter, 1989 Why do images of entertainers abound in European literature and art since

Romanticism From Baudelaire to Picasso from Daumier to Fellini mimes clowns aerialists and jesters recur in major works by continental artists In *Art as Spectacle* Naomi Ritter investigates this phenomenon and offers explanations that transcend the array of works discussed Her analysis implies much about the triangle of creator work and audience that inevitably controls art Although a broadly comparative study underlies *Art as Spectacle* the book focuses mainly on examples from Germany and France Three areas of argument identification primitivism and transcendence account for the performer's ubiquity in the arts of the last two centuries Ritter shows that writers painters choreographers and filmmakers have persistently identified with the entertainer whose roots lie in primitive ritual a source of all art Accordingly the artist also sees the player as morally or spiritually elevated With three chapters on literature a chapter comparing poetry to painting and a chapter each on dance the visual arts and film *Art as Spectacle* offers unprecedented scope on a compelling topic in comparative studies By integrating such varied material into an original commentary on the image of the entertainers this book provides an invaluable resource for all the disciplines it touches
