Writing to Heal Dale Darley, 2019-01-14 Writing to heal Change your life through journaling reflecting and creative life stories Author Dale Darley Writing in a journal is powerful cathartic and life changing This book has been described by one reader as different from any other journaling book that she has bought because of its positive perspective Another reader told me Just wanted to let you know that I started reading your book this morning and was instantly hooked I found a book to write in and have written seven pages on the most traumatic experience in my life cried buckets but loved getting it down on paper and feel so much better with it being out and there are so many pages to add over the next four days This bit comes from my soul your book is I feel going to save my life not from death but disillusionment a life of disillusionment can you imagine I've been facing that for a while and today you gave me the path out of that the path I've been looking in the long grass for For the first time in 2 years I sit here now with a jewel of excitement in my belly so long since I felt that Another said I feel as if you really get me and I can finally write and let it all out I wrote this book as a result of being in one dark place too many I had written and journaled for years using my writing to get my feelings out As I sat and reflected I found ways to overcome my perceived problems When I was out walking stories started to come into my head It was then I realised that creative life writing where you take your journal entries and turn them into stories was not only fun but incredibly healing Do you feel stuck Do you want clarity Do you want to write and journal in a positive way Do you want to have fun with your journaling Then *Writing to Heal* is for you *Writing to Heal* takes you on a journey that asks you first to pick up your pen and write To then reflect on what you have written and rewrite it with positive intention so that you change the story This book guides you from starting to journal through reflective practice and on into creative life writing Writing stories is a fantastic way for anyone who is interested in making changes to their lives to be in control of what happens next and to let the healing begin When you start to use stories to change the way you think your perspective changes My dream is that this book inspires you to write and to consider writing your life story or memoir It's easy to read pick up and flick through one of

those bedside books to dip into when you are pondering what to write
