A Light In Dark Times Maxine Greene And The Unfinished Conversation:

A Light in Dark Times Maxine Greene, William Ayers, Janet L. Miller, 1998 *A Light in Dark Times* Maxine Greene and the Unfinished Conversation features a list of extraordinary contributors who have been deeply influenced by Professor Greene's progressive philosophies. While Maxine Greene is the focus for this collection, each chapter is an encounter with her ideas by an educator concerned with his or her own works and projects. In essence, each featured author takes off from Maxine Greene and then moves forward. Just as Maxine Greene herself has, this unique and fascinating collection of essays will influence a wide range of worlds: arts and aesthetics, literature and literacy studies, cultural studies, school change and improvement, the teaching of literacy, teacher education, peace and social justice, women's studies, and civil rights. *A Light in Dark Times* Maxine Greene, 1998 *A Light in Dark Times* Maxine Greene and the Unfinished Conversation features a list of extraordinary contributors who have been deeply influenced by Professor Greene's progressive philosophies. Not Yet"* Christine Debelak Neider, 2021-09-06 This volume offers a Naming praxis with which teachers might more closely align with their ethical ideals in the midst of their daily practice and relationships with students. Framed ontologically in Maxine Greene's existential phenomenological notion of Becoming, the author explicates Greene's Naming as a praxis within her own early teaching experiences through the interpretive methods of curriculum and teacher lore. This study evolves in epistolary conversation with Maxine Greene, teacher colleagues, and new teachers. It demonstrates the possibilities of applying critical, reflective, and discursive dialogue to the tensions of a teacher's life of practice in order to identify the obstacles to and the opportunities of the Becoming of the teacher and the student's in the educational encounter. *Curriculum and the Life Erratic* Leslie B. Nissen, 2013-10-30 *Curriculum and the Life Erratic* The Geographic Cure lays bare the untold damage done to children who are forced to endure the toxic combination of fermented parenting, as author Leslie Nissen has termed it, and frequent family moves at the hands of alcoholic parents who perpetually seek the elusive Geographic Cure. While such parents deceive themselves that in the next new place sobriety will prevail, their children know better. Alcoholics who chronically uproot their families for a fresh start usually carry along every reason to drink. For the school-age children of such cure-seeking alcoholics, the torment of life with a volatile, unpredictable, and chronically intoxicated parent is intensified by the anguish of being the new kid who changes schools at the whim of the parent. Highly mobile children bearing an alarmingly long list of prior schools may be part of a group which Nissen calls Geographic Cure Children, whose chances of

finding help are nearly non-existent despite their acute need for care. The dilemma of this unique subset of Children of Alcoholics is examined via autobiographical psychoanalytic and fictional lenses. Nissen also recounts her own urge to hit the road when diagnosed with cancer and explores the Geographic Cure writ large observing how the current testing frenzy and clamor for cures for low test scores dominate educational policy. Could teachers panic about accountability cause them to resent new students who appear at their classroom doors mid-year? Is education encumbered because at the hands of policy makers educators are working the Life Erratic?

Critical Literacy Lisa P. Stevens, Thomas W. Bean, 2007-01-18 Comprised of chapters that make use of clear explanations of the tenets of critical literacy, the context of literacy pedagogy in the US and classroom examples, this text focuses on what can be learned about the theory of critical literacy from implementation and what practice can learn from theory.

On Becoming Nuyoricans Angela Anselmo, Alma Rubal-Lopez, 2005 On Becoming Nuyoricans takes an intimate look at two sisters' experiences growing up as part of the first generation of female Puerto Ricans born and raised in New York during the 1950s and 1960s. This generation of Puerto Ricans also referred to as Nuyoricans played a critical role in helping to define unique issues of race, assimilation, and equity for immigrants who were not white, European, or African American, notwithstanding in a society that defined itself as a melting pot. This book also examines critical issues related to community, home, class, values, motivation, and identity that have played a role in molding who those women are today. In essence, On Becoming Nuyoricans provides an important look at a pivotal period in American society as depicted in these sisters' narratives and an analysis of their recollections.

Contradictions of School Reform Linda McNeil, 2002-09-11 Parents and community activists around the country complain that the education system is failing our children. They point to students' failure to master basic skills even as standardized testing is widely employed in efforts to improve the educational system. *Contradictions of Reform* is a provocative look into the reality for students as well as teachers of standardized testing. A detailed account of how student improvement and teacher effectiveness are evaluated, *Contradictions of Reform* argues compellingly that the preparation of students for standardized tests engenders teaching methods that vastly compromise the quality of education.

Educational Life-Forms David R. Cole, 2012-01-01 This book takes the philosophy of Gilles Deleuze and applies it to educational practice To understand how and why to do this David R Cole puts forward the notion of educational life forms in this writing which are moving concepts based on Deleuzian principles This book turns on and through the construction of the philosophy of life in education The life forms that will come about due to the philosophy of life in education rest on epiphanies the virtual and affect The author looks to infuse educational practice with the philosophy of life though not through simple affirmation or a construction of counter metaphysics to representation in education This book uses Deleuze for practical purposes and sets out to help teachers and students to think otherwise about the current praxis of education With this book Educational Life Forms which is an examination of the significance of the philosophy of Gilles Deleuze for education David R Cole proves himself to be one of the very small number of philosophers of education who has provided intelligent commentary of Deleuze s difficult corpus Cole keenly appreciates the conceptual creativity of Deleuze especially in relation to the concepts of life forms and body without organs and effectively demonstrates its practical implications for education Michael A Peters Professor Educational Policy Studies University of Illinois at Urbana Champaign David R Cole s

Educational Life Forms Deleuzian Teaching and Learning Practice is a profound speculative work that offers both new ways of thinking about the philosophy of Gilles Deleuze as a practical thinker with ideas that can be applied at the coal face as it were and new ways of thinking about teaching and learning It engages with actual policy debates as they are played out in the complex reality of the classroom situation and brings to them a fresh perspective developed through a close reading of Deleuze This is an exciting new work which will berewarding reading for both Deleuzians and non Deleuzians and is sure to win converts amongst the latter Ian Buchanan Editor Deleuze Studies Professor of Critical Studies Dean of research in the Arts and Social Sciences University of Wollongong In this thoughtful and engaging book David R Cole has given us an answer to the important question of how Deleuze s philosophy enters into the practice of education Cole situates this philosophy within existing debates around teaching and learning not only through a very lucid account of Deleuze s work and current theory but also through highly effective and often moving examples of practice This book is essential reading for anyone interested in Deleuze and education James Williams Professor of European Philosophy University of Dundee

Listening Katherine Schultz, 2003 How can new and experienced teachers rethink their teaching and learn to embrace and grow from the diversity they encounter among their students Rather than preparing teachers to follow prescriptions or blueprints Katherine Schultz suggests that they be given the tools and the opportunity to attend and respond to the students they teach In this book she offers a conceptual framework for deep listening illustrating how successful teachers listen for the particularities of each student listen for the rhythm and balance of the whole class listen for the broader contexts of their students lives and listen for silence and acts of silencing Listening in this manner brings together knowledge of individual students an understanding of a student s place within the classroom and community and mastery of subject matter and pedagogy Featuring the perspectives of students and teachers this volume proposes new ways of thinking about teaching across all grade levels and subject areas addressing many of the challenges posed by the current climate of high stakes testing and standardization Teaching requires careful listening If you want to learn to listen in order to teach really well and to find your teaching interesting from one year to the next pay close attention to how these teachers do their daily work From the Foreword by Frederick Erickson This is a beautifully crafted wise humane book that counters the rush to standards and test taking In place of a one size fits all strategy that constricts learning Schultz advocates convincingly for a nuanced approach based on listening This is a book every educator from kindergarten through

graduate school should read Michael B Katz Walter H Annenberg Professor of History University of Pennsylvania
