and upper class women Through extensive histories of department stores women s magazines clubs teashops restaurants and the theater as interwoven sites of consumption Shopping for Pleasure uncovers how a new female urban culture emerged before and after the turn of the twentieth century Moving beyond the question of whether shopping promoted or limited women s freedom the author draws on diverse sources to explore how business practices legal decisions and cultural changes affected women in the market In particular she focuses on how and why stores presented themselves as pleasurable secure places for the urban woman in some cases defining themselves as instrumental to civic improvement and women s emancipation Rappaport also considers such influences as merchandizing strategies credit policies changes in public transportation feminism and the financial balance of power within the home Shopping for Pleasure is thus both a social and cultural history of the West End but on a broader scale it reveals the essential interplay between the rise of consumer society the birth of modern femininity and the making of contemporary London Designs on Modernity Tag Gronberg,2003 Tag Gronberg here presents the 1925 Paris Exhibition as a key moment in updating the image of Paris as capital of the 19th century He focuses on the Exhibition as a set of contesting representations of the modern city stressing the importance of consumption and display for concepts of urban modernity Tit-bits guide to Paris, and the exhibition Titbits,1891
