A Theology Of Church Leadership:

A Theology of Church Leadership Larry Richards, Clyde Hoeldtke, 1980 Theological Foundations Understanding Enterprise Biblical Principles of Church Leadership The Shape of Tomorrow

A Pauline Theology of Church Leadership Andrew D. Clarke, 2008-01-29 Scholarly studies consider Paul's views on leadership tend to fall into one of three camps 1 the historical development view which in large measure identifies developments in church practice with developments in Pauline and deuterio Pauline ecclesiology 2 the synchronic historical reconstruction typically making use of Graeco Roman social context sources or social scientific modelling focusing on a single congregation and sometimes distinguishing between the situation to which Paul was responding and the pattern he sought to impose and 3 the theological hermeneutical analysis identifying Paul's particular approach to power and authority often independently of any detailed reconstruction of the situations to which Paul was responding Andrew Clarke has explored in an earlier work *Serve the Community of the Church* Eerdmans 2000 the distinctive local and historical situations in the various Pauline communities and concluded that there is no evidence that they organised themselves according to a common set of governmental structures which clearly developed with the passage of time Rather each community was influenced by its own localized social and cultural context The present project builds on this and necessarily focuses on leadership style rather than church order It seeks to recover from Paul's critical responses his generic ethos of church leadership including the ideal qualities characteristics and task of leaders and the nature of appropriate interaction and engagement with church members In the light of current theoretical discussions about power and gender the study focuses particularly on Paul's attitude towards hierarchy egalitarianism authority responsibility and privilege

Missional Leadership Nelus Niemandt, 2019-12-12 The purpose and aim of this book is to develop an appropriate leadership model for missional churches This implies a positioning of this book within the broader theology of mission and a consensus on the theology of the *Missio Dei* originating at the 1952 conference of the International Missionary Council in Willingen Germany In this approach to the theology of mission mission is understood as the work of the Trinitarian God and the church is privileged to participate in God's mission It is against this background that the growing consensus on missional ecclesiology challenges leadership models developed for a different time and a different kind of church with less or no emphasis on the missional character of the church The aim is to reflect theologically on the role of leadership in the missional church What kind of ideas about power authority and leadership are appropriate for a missional church New missional challenges demand new ideas about missional leadership Church organisation and leadership reflects a theological position there is a strong relation between ecclesiology and church organisation The nature of the church provides the framework to understand the character of the church What the church is determines what the church does The church organises what it does and agrees on rules that regulate ministries and organisation Issues such as the way the church organises and governs what it does and thus church leadership need to be answered against this background and

understanding Church polity and organisation as well as leadership must reflect the identity calling life and order of the church This book therefore addresses life in the Trinity participation in the Missio Dei and contours of the missional church as the point of entry to develop leadership insights It contributes towards the development of an appropriate model of leadership for missional churches because although recent developments in the theology of mission comprehensively addressed the area of missional ecclesiology there is a gap in the development of a leadership model based on the concept of authority in the missional church **Developing a Theology of Leadership** ,2012 *Leading a Church to Maturity in Love* David R. Tomlinson,2019-03-01

Church leaders frequently encounter tensions and conflict especially when facing change Building on extensive experience of leading churches at times of change Tomlinson shows how through critical theological reflection and modelling good practice church leaders can facilitate church life that is grounded and transformed by the love of God **Hopeful Influence** Jude Padfield,2019-12-30 The Church by its very nature is called to be hope filled and future orientated it exists as a sign instrument and foretaste of the coming Kingdom of God Christian leadership therefore is at heart all about eschatological influence Engaging with the work of influential theological voices such as Lesslie Newbigin Tom Wright and Martyn Percy Hopeful Influence argues that it is in the process of helping others to see participate in or experience the world to come that Christian leadership becomes manifest With contributions from influential leaders in different spheres of life including Dr Eve Poole Stephen Timms MP along with theologian and activist Selina Stone Jude Padfield explores how this eschatologically fuelled vision might lead us towards a new manifesto for future leadership in the church in politics in business and the third sector and in the home With foreword from Paul Bayes Bishop of Liverpool

think in terms of secular leadership practices which are often void of servility The Unconventionality of Church Leadership It Works examines current business leadership principles and compares them with the exemplary leadership practices that Jesus displayed while here on earth By implementing a shepherd servant leadership model in our churches and executing a strategic plan that engages and utilizes the talents of all members Earlinton Guiste seeks to inspire church members and leaders to carry out the great commission and fulfill the organismic nature of God s church *Creative Church Leadership* John Adair,John Nelson,2004 Following Management and Ministry and Leading Managing Ministering this third MODEM handbook explores an issue at the very heart of the Church how can an ancient institution with so many encumbrances remain a living sign of the Kingdom of God **The Dynamics of Church Leadership (Ministry Dynamics for a New Century)** Aubrey Malphurs,1999-11-01 A survey of the essential elements for exercising pastoral leadership in an era of change Church Leadership Lawrence O.  Political economic and military powers have woefully failed in their attempts to transform societies around the world
 particularly in the African context As poverty corruption and bad leadership continue to pervade nations and undermine
 human flourishing the global community needs to respond with creativity innovation and collaboration Drawing on empirical
 research and utilizing an interdisciplinary approach that engages both development and theology this study explores the
 church s role both spiritual and pragmatic in facilitating societal transformation in African countries specifically Nigeria The
 power of religion is often overlooked within development frameworks but is a profoundly significant resource Highlighting
 the importance of ecclesiastical leadership in mobilizing religious communities to partner with sociopolitical and economic
 institutions Dr Obaji Agbiji argues for a development framework that recognizes religious practitioners as indispensable
 partners in the quest for societal transformation Offering insight for both scholars and practitioners this sustainable
 transformative approach to development bridges the gap between theory and practice and challenges church and civil
 leadership to take concrete steps to combat societal ills and see nations transformed for the better AoG Leadership and
 Culture William Foster,2024-02-12 The growth of Global Pentecostalism in the past century has been studied and
 documented from many perspectives Its leadership culture and ecclesiology however has received scant academic and
 theological attention This book based on an extensive research study of the Assemblies of God of Great Britain AoG could not
 be more timely conducted as AoG entered its centenary decade and faced the challenges that its historic culture and
 leadership dynamics posed The leadership struggles discussed in this book will resonate with any denomination that has
 grown or wrestled with polity leadership and culture **Responsible Church Leadership** David M. Gitari,2005
