A Secret Life Charles Lachman, 2011-08-01 The child was born on September 14 1874 at the only hospital in Buffalo New York that offered maternity services for unwed mothers It was a boy and though he entered the world in a state of illegitimacy a distinguished name was given to this newborn Oscar Folsom Cleveland The son of the future president of the United States Grover Cleveland The story of how the man who held the nation's highest office eventually came to take responsibility for his son is a thrilling one that reads like a sordid romance novel including allegations of rape physical violence and prostitution The stunning lengths that Cleveland undertook to conceal what really happened the evening of his son's conception are truly astonishing including forcing the unwed mother Maria Halpin into an insane asylum *A Secret Life* also finally reveals what happened to Grover Cleveland's son Some historians have suggested that he became an alcoholic and died a young man but Lachman definitively establishes his fate here for the first time In this gripping historical narrative Charles Lachman sets the scandal plagued record straight with a tightly coiled plot that provides for narrative history at its best

Recarving Rushmore Ivan Eland, 2014-10-01 Who were the best and worst U S presidents In the past when historians and scholars have rated the presidents their evaluations often have been based on individual charisma activism and service during periods of crisis Taking a distinctly new approach in *Recarving Rushmore* Ivan Eland profiles each U S president from Washington to Obama on the merits of his policies and whether those strategies contributed to peace prosperity and liberty This ranking system is based on how effective each president was in fulfilling his oath to uphold the Constitution Contrary to the preferences of modern conservatives and liberals this oath was intended to limit the role of the federal government Readers will be intrigued to discover why of the four men given exalted representations on Mount Rushmore only Washington deserves the honor They will learn why Teddy Roosevelt has been overrated why Jefferson hypocritically violated his lofty rhetoric of liberty and why Lincoln provoked a civil war that achieved far less than believed Readers will uncover why some presidents are rated much higher than the conventional wisdom for example Warren Harding and some rank much lower for example Harry Truman As for more modern U S chief executives Republicans will be astounded to learn that Nixon was the last liberal

president and that Reagan wasn't all that conservative Democrats will be amazed to learn that Clinton was in some respects more conservative than George W. Bush and why both Obama and Bush are ranked as bad Readers will learn why the author goes against the grain and anoints Eisenhower and Carter as the two best modern presidents *A Treasury of Great American Scandals* Michael Farquhar, 2003 From the unhappy family relationships of prominent Americans to the feuds smear campaigns duels and infamous sex scandals that have punctuated our history we see our Founding Fathers and other American heroes in the course of their all too human events Ineffectual presidents lazy generals traitors treacherous fathers nagging mothers ungrateful children embarrassing siblings and stories about insanity death and disturbing postmortems are all here as are disagreeable marriages vile habits and of course sex good sex bad sex and good bad sex too We can take comfort in the fact that we are no worse and no better than our forebears From publisher description [The Founding Foodies](#) Dave DeWitt, 2010-11-01 Ever wonder how certain foods came to be such huge staples of American culinary history In this fascinating mashup between history book and cook book one of America's Founding Fathers could be at the source Food writer Dave DeWitt entertainingly describes how some of America's most famous colonial leaders like George Washington Thomas Jefferson and Benjamin Franklin not only established America's political destiny but also revolutionized the very foods we eat Beyond their legacy as revolutionaries and politicians the Founding Fathers of America were first and foremost a group of farmers Like many of today's foodies they ardently supported sustainable farming and ranching exotic imported foods brewing distilling and wine appreciation Explore their passion for the land and the bounty it produced through an intriguing narrative sprinkled with recipes that showcase their love of food and the art of eating that would ultimately become America's diverse food culture Features over thirty authentic colonial recipes including Thomas Jefferson's ice cream A recipe for beer by George Washington Martha Washington's fruitcake Medford rum punch Terrapin soup

[The Triumph of Abraham Lincoln](#) Garry Boulard, 2025-10-08 For more than half a century a survey of presidential historians has consistently rated Abraham Lincoln as the number one greatest president of the United States Other names on the top ten of the list George Washington Thomas Jefferson Andrew Jackson Theodore Roosevelt and Franklin Roosevelt have constantly shifted position but Lincoln has always remained number one in the rankings In *The Triumph of Abraham Lincoln* Garry Boulard surveys the extraordinary challenges faced by Lincoln as president challenges greater than any previous chief executive had faced and concludes that Lincoln was a great president because he was a great politician Never losing sight of his ultimate goals a successful ending to the Civil War and the abolition of slavery Lincoln showed an adroit understanding of how the American presidency can work playing one political faction off against another and ultimately expanding the office's powers in ways never before imagined That Lincoln during the darkest days of the republic also displayed moral courage and an unequal mastery of language that he used to inspire the country only expanded his political reach Boulard's reporting has appeared in the New York Times Los Angeles Times and Chicago Tribune among other publications He is also the author of

Beschloss Rescues JFK from Camelot mythology Richard Norton Smith Nearly sixty years after his death JFK still holds an outsize place in the American imagination While Baby Boomers remember his dazzling presence as president millennials more likely know him from advertisements for Omega watches or Ray Ban sunglasses Yet his years in office were marked by more than his style and elegance His presidency is a story of a fledgling leader forced to meet unprecedented challenges and to rise above missteps to lead his nation into a new and hopeful era Kennedy entered office inexperienced but alluring his reputation more given by an enamored public than earned through achievement In this gripping new assessment of his time in the Oval Office Updegrove reveals how JFK's first months were marred by setbacks the botched Bay of Pigs invasions a disastrous summit with the Soviet premier and a mismanaged approach to the Civil Rights movement But the young president soon proved that behind the glamour was a leader of uncommon fortitude and vision A humbled Kennedy conceded his mistakes and importantly for our times drew important lessons from his failures that he used to right wrongs and move forward undaunted Indeed Kennedy grew as president radiating greater possibility as he coolly faced a steady stream of crises before his tragic end Incomparable Grace compellingly reexamines the dramatic consequential White House years of a flawed but gifted leader too often defined by the Camelot myth that came after his untimely death [A Treasury of Deception](#) Michael Farquhar, 2005-05-31 We may say that honesty is the best policy but history to say nothing of business politics and the media suggests otherwise In this infinitely citable book the author of two bestselling treasuries of scandal recounts some of the greatest deceptions of all time With what forged document did the Vatican lay claim to much of Europe Who wrote Hitler's diaries Why do millions still believe the vague doggerel that Nostradamus passed off as prophecy Organizing his material by theme con artists the press military trickery scientific fraud imposters great escapes and more Michael Farquhar takes in everything from the hoodwinking of Hitler to Vincent the Chin Gigante's thirty year crazy act A Treasury of Deception is a zestful gossipy exposé and celebration of mendacity A Treasury of Deception also includes Ten tricksters from scripture Ten great liars in literature Ten egregious examples of modern American doublespeak Ten classic deceptions from Greek mythology [Terrible But True: Awful Events in American History](#) Dinah Williams, 2016-10-25 Terrible But True invites readers to explore some of the weird fascinating scary and altogether strange stories from America's past Think American history is all boring battles and snooze worthy old dudes Think again Welcome to Terrible But True where you'll dig deep into America's forgotten past to uncover some creepy disgusting and just plain bizarre stories From America's first serial killers and deadly vampire like diseases to haunted ghost ships and vicious river pirates our nation's history is weirder than you could have ever imagined So dive in and prepare to be shocked because sometimes the truth is even stranger than fiction **Sex and the Founding Fathers** Thomas A. Foster, 2014-01-17 Biographers journalists and satirists have long used the subject of sex to define the masculine character and political authority of America's Founding Fathers Tracing these commentaries on the Revolutionary Era's major political figures in Sex and the Founding Fathers

Thomas Foster shows how continual attempts to reveal the true character of these men instead exposes much more about Americans and American culture than about the Founders themselves Sex and the Founding Fathers examines the remarkable and varied assessments of the intimate lives of George Washington Thomas Jefferson John Adams Benjamin Franklin Alexander Hamilton and Gouverneur Morris from their own time to ours Interpretations can change radically consider how Jefferson has been variously idealized as a chaste widower condemned as a child molester and recently celebrated as a multicultural hero Foster considers the public and private images of these generally romanticized leaders to show how each generation uses them to reshape and reinforce American civic and national identity *White House Secrets* Gail Jarrow, 2025-09-30 Here are the shocking yet true stories of presidential medical cover ups from the 19th to the 21st century the latest thrilling title in award winning author Gail Jarrow's Medical Fiascoes series for readers ages 10 and up Did you know President Woodrow Wilson suffered a paralyzing stroke that his wife and doctors concealed for months Or that Mrs Wilson took total charge of his presidential duties Neither did the American public Did you know President John F Kennedy suffered from Addison's disease and was heavily medicated for years Neither did most people Too often when a president is sick or dying he and the people around him have hidden his condition from the public wanting to project an image of strength and power In this fascinating and provocative new installment in her acclaimed Medical Fiascoes series author Gail Jarrow explores presidential cover ups from the 19th to the 21st century from James Garfield to Joe Biden *White House Secrets* provides the historical context to help young readers understand issues of media literacy and presidential candor that are more relevant than ever in the 21st century □ □□□ □□□ □□? □ □□□□, □□□, 2019-12-12 **Affairs of State** Robert P. Watson, 2012-09-06 In recent years Arnold Schwarzenegger Eliot Spitzer John Edwards Newt Gingrich Herman Cain and countless other politicians have made headlines for their sexual scandals But such stories are not new Indeed there is a long history of misbehavior in politics including in the nation's highest office Bill Clinton it can safely be said was not the first president to misbehave nor was he the worst In fact there is a long history of presidential peccadilloes Many presidents have been influenced and had their careers affected by the hand of a woman sometimes that of a wife or mother but at other times that of a mistress But these stories are rarely told Instead history has tended to glorify our leaders Such a scrubbed version of the lives of presidents however omits their marital woes love lives and sexual peccadilloes As Robert P Watson reveals it is precisely these intimate and all too human moments that provide some of the most valuable insights into our leaders *Affairs of State* is not just about sex and scandal the who did it of history although such incidents are described in detail It is a book about love marriage and affairs in the White House offering an intimate character study of the First Couples who made history To see the author discuss his book on Inside South Florida please click here To see him discuss the book on C-SPAN please click here **The Publishers Weekly**, 2003 **The Partisan Press** Si Sheppard, 2007-11-19 This book is the first to place the contemporary debate over media bias in historical context illustrating how partisan bias in the American media

has built political parties set the stage for several wars and even contributed to the rise and fall of U S presidents The author discusses the rise of the unprecedented post World War II model of objective journalism and explains why this model is breaking down under the challenge of a new generation of technology driven partisan media alternatives **Kliatt Young**
