A Two Hour Koran A Taste Of Islam:

A Two-Hour Koran Bill Warner,2010-12 The Koran In about the time it takes to watch a professional sports event you can comprehend the Koran Since the Koran is famously known to be unreadable how can this be The Koran found in the bookstore is not the historical Koran of Mohammed The original Koran was a story that unfolded as Mohammed s life situations changed The bookstore Koran is arranged by length of chapter not time The bookstore Koran has no time no Mohammed and no story Therefore it makes no sense Using statistical methods to select the verses the Two Hour Koran has woven Mohammed s life back into the Koran itself Now the verses have context and meaning Everything is in the right order and the original story has been restored Once you have read A Two Hour Koran you can pick up a bookstore Koran and understand what you are reading

The Grace of Christ Eric Roessing,2016-07-29 Martin Luther and other Reformers were instruments in Gods hand to recover the gospel in the Holy Scriptures Nevertheless it is an irony that along with the gospel there was still law in the sense of law as rule of life in the teaching of the Reformers On the issue of the law even Luther was not as consistent as was Paul the apostle In The Grace of Christ the saving righteousness of God which justifies the ungodly in Christ and frees us from trusting in our righteousness is given its central place as it is in the gospel of God Rom 1 1ff At the same time the new creation in Christ is also given its rightful due Following the apostles teaching in terms of what Paul means by both justification and new creation in Christ The Grace of Christ like no other book shows that both of these realities exclude any idea of the law of Moses as the rule of life for those in Christ Paul is not an antinomian The new creation in Christ is our rule Gal 6 15 16 Roessing does not base his position on only this one text but rather shows how Paul consistently teaches this truth in many places and ways even though the flesh rejects it And Roessing is not alone in this view he is close to that of Gerhard O Forde and even closer to that of Wolfhart Pannenberg But this issue of the believers rule is just one of the aspects of grace covered in The Grace of Christ For those who want to learn something of the depth of the things freely given us by God The Grace of Christ the law in light of the Gospel sets forth those things so that the spiritually hungry will want to behold the grace of God in Christ as he is set forth in these pages and to return again for more

Biblical Mullahs ,2014-09-16 The theme of this book is that the Muslims are embroiled in insanity because they do not obey the literal Koran The Muslims are far removed from their own Koran This book will show that there is not one thing the Muslim does everyday in the name of his religion which can be traced back to the Koran The Muslims have become raving mobs and gargantuan failures in life because they have abandoned the Koran And in the process the Muslims have also become rejectors In Arabic the word for rejector is kafir i e one who opposes The vast majority of Muslims are actually outside the pale of Islam
