The American Robot Dustin A. Abnet, 2020-03-27 Although they entered the world as pure science fiction robots are now very much a fact of everyday life Whether a space age cyborg a chess playing automaton or simply the smartphone in our pocket robots have long been a symbol of the fraught and fearful relationship between ourselves and our creations Though we tend to think of them as products of twentieth century technology the word robot itself dates to only 1921 as a concept they have colored US society and culture for far longer as Dustin A Abnet shows to dazzling effect in *The American Robot* In tracing the

history of the idea of robots in US culture Abnet draws on intellectual history religion literature film and television He explores how robots and their many kin have not only conceptually connected but literally embodied some of the most critical questions in modern culture He also investigates how the discourse around robots has reinforced social and economic inequalities as well as fantasies of mass domination chilling thoughts that the recent increase in job automation has done little to quell The American Robot argues that the deep history of robots has abetted both the literal replacement of humans by machines and the figurative transformation of humans into machines connecting advances in technology and capitalism to individual and societal change Look beneath the fears that fracture our society Abnet tells us and you re likely to find a robot lurking there From This Side of Things , American Muckraker James O'Keefe,2022-01-25 ON POWER They do have tremendous power But in part it is because we give it to them We are nothing but we are not alone Awe cannot live in fear The moment you stop caring about what the media establishment thinks of you is the moment you become truly free ON INSIDERS The USPS whistleblower a Marine Corps combat veteran said I would rather be back in Afghanistan getting shot at by Afghans honest to God than be interrogated by federal agent Russell Strasser who coerced him by saying I am trying to twist you a little bit because your mind will kick in I am not scaring you but I am scaring you ON PRIVACY The right to record is closely tied to the right to speak or even to take contemporaneous notes about what one sees and hears As 60 Minutes producer Don Hewitt quipped People committing malfeasance don t have any right to privacy What are we saying that Upton Sinclair shouldn t have smuggled his pencil in ON MEANS it is only that which makes you feel better than you would otherwise ON LITIGATION Polling does not decide the truth nor speak to evidence The New York Times have not met their burden to prove that Veritas is deceptive claiming protections from an upstart competitor armed with a cell phone and a website There is a substantial basis in law to proceed to permit Project Veritas to conduct discovery into The New York Times Project Veritas v New York Times Company New York Supreme Court March 18 2021 1970 MemoryFountain Music: Relive Your 1970 Memories Through Music Trivia Game Book Layla, Bridge Over Troubled Water, Let It Be by Beatles, and More!
