The Vampire in Science Fiction Film and Literature Paul Meehan, 2014-07-09

Vampires have been a popular subject for writers since their inception in 19th-century Gothic literature and later became popular with filmmakers. Now the classical vampire is extinct, and in its place are new vampires who embrace the hi-tech worlds of science fiction. This book is the first to examine the history of vampires in science fiction. The first part considers the role of science and pseudo-science from late Victorian to modern times in the creation of the vampire, as well as the sensation fiction of J. Sheridan Le Fanu, Bram Stoker, Arthur Conan Doyle, and H. G. Wells. The second part focuses on the history of the science fiction vampire in the cinema from the silent era to the present. More than sixty films are discussed, including films from such acclaimed directors as Roger Corman, David Cronenberg, Guillermo del Toro, and Steven Spielberg, among others.

visiting the earth and interacting with humans for thousands of years If this is true monumental implications arise regarding the origin and evolution of humanity and the future of our planet This book discusses the highly controversial subject of alien contact and abduction recounting twenty five cases of close encounter The cases included have been selected from the files of psychotherapist Barbara Lamb who has been working with abductees since 1991 In her work with 560 individuals more than 1 800 regressions have revealed encounters with what appear to be non human life forms Although extraterrestrial contact is difficult to prove scientifically the events described in this book are accurate in that they have been presented as they were described by the individuals who experienced them These are normal men and women living average responsible lives who have been subjected to extremely unusual events These individuals display such a compelling sincerity and marked emotional response to their strange experiences there can be no doubt they have experienced some kind of extraordinary event As a reader you may be curious about the subject or you may be a confirmed skeptic You may also be someone who is investigating unusual occurrences in your own life Whatever the case may be if with an open mind you will simply consider the possibilities inferred by the cases described herein you might find yourself on the road to a greater vision of reality

Grey Aliens and the Harvesting of Souls Nigel Kerner,2010-01-19 Exposes the agenda behind the bio robotic grey aliens genetic manipulation of certain human races Reveals the Grey s nature as sophisticated self aware machines created by a long vanished extraterrestrial civilization Explains how their quest to capture human souls appears in the historical record from biblical times Explains how the phenomenon of racism is a by product of their genetic tampering In 1997 Nigel Kerner first introduced the notion of aliens known as Greys coming to Earth explaining that Greys are sophisticated biological robots created by an extraterrestrial civilization they have long since outlived In this new book Kerner reveals that the Greys are seeking to master death by obtaining something humans possess that they do not souls Through the manipulation of human DNA these aliens hope to create their own souls and thereby escape the entropic grip of the material universe in favor of the timeless realm of spirit Kerner explains that genetic manipulation by the Greys has occurred since biblical times and has led to numerous negative qualities that plague humanity such as violence greed and maliciousness Racism he contends was developed by the aliens to prevent their genetic experiments from being compromised by breeding with others outside their influence Examining historical records Kerner shows that Jesus who represented an uncorrupted genetic line warned his disciples about the threat posed by these alien interlopers while Hitler a pure product of this alien intelligence waged genocide in an attempt to rid Earth of all those untouched by this genetic tampering Despite the powerful grip the Greys have on humanity Kerner says that all hope is not lost Greys exist wholly in the material world so if we follow the spiritual laws of reincarnation and karma aiming for enlightenment and rising above the material a state the Greys are unable to reach we can free ourselves from their grasp
