Breaking Away from the Textbook: Prehistory to 1600 Ron H. through the olive groves teaching preaching and speaking parables Bethany is a wretched place The name means house of the poor and is well applied Sixty generations have appeared and vanished since the little cluster of unplastered stone habitations was so christened but I presume the dwellings and the people were similar in the time of Christ to those that are called Bethany now You can see through the cracks between the stones of the walls of the houses and the inhabitants are Arab peasants who the son of their sheikh declared are too lazy either to work or to steal They call the town El Aziriyeh now which is the Arabic for Lazarus whom Jesus raised from the dead According to traditions he was the local sheikh and owned the village and the land around it This is confirmed by the Scripture story Jesus made His home at the house of Lazarus probably because it was the best in the village Lazarus had a family sepulcher hewn out of the rock which is evidence of his wealth and the large number of people who attended his funeral is evidence of his influence and popularity The only cave in the village is pointed out as his tomb and is probably the place It appears to be partly natural and partly artificial the marks of the chisel being shown in the limestone walls It is reached by a flight of about twenty worn and broken steps which have been carved in the rock and lead first to an antechamber where Jesus no doubt stood when He said Lazarus come forth and the body of the dead
