Collective Genius Linda A. Hill, Greg Brandeau, Emily Truelove, Kent Lineback, 2014-05-13. Named one of 10 Management Classics for 2022 by Thinkers50. Why can some organizations innovate time and again while most cannot? You might think the key to innovation is attracting exceptional creative talent. Or making the right investments. Or breaking down organizational silos. All of these things may help, but there's only one way to ensure sustained innovation: you need to lead it, and with a special kind of leadership. *Collective Genius* shows you how. Preeminent leadership scholar Linda Hill, along with former Pixar tech wizard Greg Brandeau, MIT researcher Emily Truelove, and *Being the Boss* coauthor Kent Lineback, found among leaders a widely shared and mistaken assumption: that a good leader in all other respects would also be an effective leader of innovation. The truth is, leading innovation takes a distinctive kind of leadership, one that unleashes and harnesses the collective genius of the people in the organization. Using vivid stories of individual leaders at companies like Volkswagen, Google, eBay, and Pfizer, as well as nonprofits and international government agencies, the authors show how successful leaders of innovation don't create a vision and try to make innovation happen themselves. Rather, they create and sustain a culture where innovation is allowed to happen again and again, an environment where people are both willing and able to do the hard work that innovative problem solving requires. *Collective Genius* will not only inspire you, it will give you the concrete practical guidance you need to build innovation into the fabric of your business.

Hill is an in-demand teacher and mentor to professionals worldwide on the topics of managing change, cross-organizational relationships, global strategy, innovation, talent management, and leadership development. This collection offers the best reading on how to be an effective leader and a better boss, resulting in enhanced personal and professional success and a better performing organization. All four works included in the set are influential in the field of leadership and have been embraced by practitioners everywhere who use Hill's advice to become better at what they do. Linda A. Hill is Professor of Business Administration at Harvard Business School and the faculty chair of its Leadership Initiative. She has chaired numerous executive education programs at the school. Hill serves on numerous boards of directors, boards of trustees, and advisory boards, and her work and ideas are featured regularly in international media.
