*Labor Contestation at Walmart Brazil* Scott B. Martin, João Paulo Cândia Veiga, Katiuscia Moreno Galhera, 2021-09-10 This book explores how and why the labor practices of the world's largest employer supermarket giant Walmart were contested by unions and government regulators as it expanded to Latin America starting in the 1990s. With an in-depth case study of Brazil and a comparative chapter examining Argentina, Chile, and Mexico, this book analyzes the problematic encounter between diffusion of home office anti-labor practices and evolving national institutional contexts that are quite varied and in some cases enable considerable resistance by unions and/or regulators. Walmart's repressive familial and anti-union model is found to generate costs and conflicts that contributed to its unprofitability and ultimate exit from Brazil in 2018. This experience contrasted with country situations where Walmart's overall competitive and labor and human resource practices fit better with national markets and institutions underlines the brittle problematic nature of diffusionist corporate models lacking adaptive capacity to significant cross-national variations across host countries. **The Drug Expert** Craig W. Kuglin, 2015-07-29 Error proofing in the production process of pharmaceuticals isn't just a matter of good business; it has life and death implications for consumers. The 2013 Drug Quality and Security Act introduces more stringent compliance factors towards this common goal, in large part requiring new mandates on tracking and tracing chain of custody in the supply chain. This book comprehensively overviews the new mandate and its implications, including implementation strategies for track and trace programs, along with presenting a fuller understanding of the mechanics of intergovernmental policies and oversights. *Handbook on the Economics of Retailing and Distribution* Emek Basker, 2016-01-29 This Handbook explores and critically examines current research in economics and marketing science on key issues in retailing and distribution.
