Water Holt Analogies:

Metaphor in the Hebrew Bible Pierre Van Hecke, Pierre Hecke, 2005 The Hebrew Bible abounds in metaphors and other figurative speech The present volume collects fifteen essays on this fascinating aspect of biblical language written by specialists in the field Attention is paid both to the recent methodological developments in the study of metaphor and to the importance of metaphor studies for the interpretation of biblical texts

The Metaphor of the Divine as Planter of the People Jennifer Metten Pantoja, 2017-06-01 In *The Metaphor of the Divine as Planter of the People* Jennifer Metten Pantoja traces the emergence of the conceptual metaphor YHWH IS THE PLANTER OF THE PEOPLE in ancient Hebrew poetry and follows its development throughout biblical history and Second Temple literature in order to illustrate how the deep connection to the land shaped ancient thought and belief Within this broader primary metaphor the complex metaphor YHWH IS THE VINTNER OF ISRAEL is also analyzed as an image predominant in the pre exilic prophetic literature Recent advances in cognitive linguistics coupled with traditional historical critical methods as well as a survey of the material culture work in tandem to illuminate one snapshot of ancient Israel's conception of the divine

The Dao of Rhetoric Steven C. Combs, 2012-02-01 In the first book to systematically deal with Daoism Taoism from a rhetorical perspective author Steven C Combs advances the idea that the works of Daoist Taoist sages Laozi Lao Tzu Zhuangzi Chuang Tzu and Sunzi Sun Tzu can be fused into a coherent rhetorical genre which can then form a methodology for rhetorical criticism This notion of Daoist rhetoric enables critics to examine discourse from new vantage points with novel processes and concepts that honor the creativity and complexity of human communication Combs also critically examines four contemporary films *The Tao of Steve* *A Bug's Life* *Antz* and *Shrek* to amplify rhetorical Daoism to indicate clear differences between Western and Daoist values and to offer fresh perspectives on individuals and social action The book argues that Daoism provides a lens for viewing limitations of current Western rhetorical theorizing positioning Daoist rhetoric as a potent critical perspective in the contemporary postmodern world

Air-water Analogy and the Study of Hydraulic Models Giulio Supino, 1953 The author first sets forth some observations about the theory of models Then he established certain general criteria for the construction of dynamically similar models in water and in air through reference to the perfect fluid equations and to the ones pertaining to viscous flow It is in addition pointed out that there are more cases in which the analogy is possible than is commonly supposed

Competition in the Book of Job Lance R. Hawley, 2018-03-26 Within the book of Job the interlocutors Job the friends and Yahweh seem to largely ignore one another's arguments This observation leads some to propose that the dialogue lacks conceptual coherence Lance Hawley argues that the interlocutors tangentially and sometimes overtly attend to previously stated points of view and attempt to persuade their counterparts through the employment of metaphor Hawley uses the theoretical approach of Conceptual Metaphor Theory to trace the concepts of speech and animals throughout the dialogue Beyond explaining the individual metaphors in particular texts he shows how speech metaphors compete with one another most perceptibly in the expressions of Job's words are wind With regard to animal metaphors coherence is especially perceptible in the job is a predatory animal metaphor In these expressions the dialogue demonstrates intentional picking up on previously stated arguments Hawley argues that the animal images in the divine speeches are not metaphorical in spite of recent scholarly interpretation that reads them as such Rather Yahweh appears as a sage to question the negative status of wild animals that Job and his friends assume in their significations of people are animals This is especially apparent in Yahweh's strophes on the lion and the wild donkey both of which appear multiple times in the metaphorical expressions of Job and his friends Using Analogies in Middle and Secondary Science Classrooms Allan G. Animal Metaphors and the People of Israel in the Book of Jeremiah Benjamin Foreman, 2011-10-06 Though interest in the use of metaphor in the Hebrew Bible has gained momentum in recent years there is to date no investigation which concentrates exclusively on the animal metaphors in the book of Jeremiah In this book the author brings to light this neglected area of study by examining the language and imagery of the animal metaphors for the people of Israel in the book of Jeremiah The contribution that these metaphors make to the theology of the book is given special attention and since different interpretations have been given to many of the metaphors in question the author resolves some of the questions regarding the meaning of these images in his in depth study Additionally scholars have not tended to research metaphors for the nation of Israel and thus this volume draws attention to a particular subject which has largely been overlooked In chapter one Foreman familiarizes the reader with the major theoretical approaches to metaphor and spells out the approach taken in his investigation Eighteen metaphors are then thoroughly analyzed in chapters two three and four These metaphors are grouped into three categories each of which constitutes a chapter pastoral metaphors

mammal metaphors and bird metaphors Chapter five draws the results of the inquiry together This study reveals how animal metaphors make important theological claims about the nation of Israel and demonstrates that they are essential elements of the message of the book of Jeremiah Foreman s elucidation of the language and imagery of the animal metaphors for the people of Israel leads to a richer understanding of these metaphors and ultimately contributes to a more precise interpretation of the message of the book of Jeremiah as a whole Biblical Metaphor Reconsidered Job Y. Jindo, 2018-07-17

How do we understand the characteristically extensive presence of imagery in biblical prophecy Poetic metaphor in prophetic writings has commonly been understood solely as an artistic flourish intended to create certain rhetorical effects It thus appears expendable and unrelated to the core content of the composition however engaging it may be aesthetically or otherwise Job Jindo invites us to reconsider this convention Applying recent studies in cognitive science he explores how we can view metaphor as the very essence of poetic prophecy namely metaphor as an indispensable mode to communicate prophetic insight Through a cognitive reading of Jeremiah 1 24 Jindo amply demonstrates the advantage and heuristic ramifications of this approach in biblical studies **Jeremiah and God's Plans of Well-being** Barbara Green, 2013-11-01

In *Jeremiah and God s Plans of Well being* Barbara Green explores the prophet Jeremiah as a literary persona of the biblical book through seven periods of his prophetic ministry focusing on the concerns and circumstances that shaped his struggles Having confronted the vast complexity of scholarly issues found in the Book of Jeremiah Green has chosen to examine the literary presentation of the prophet rather than focus on the precise historical details or the speculative processes of composition What Green exposes is a prophet affected by the dire circumstances of his life struggling consistently but ultimately failing at his most urgent task of persuasion In the first chapter Green examines Jeremiah s predicament as he is called to minister and faces royal opposition to his message She then isolates the central crisis of mission the choice facing Judah and the sin repeatedly chosen Delving into the tropes of Jeremiah s preaching and prophecy she also analyses the struggle and lament that express Jeremiah s inability to succeed as an intermediary between God and his people Next Green explores the characterizations of the kings with whom Jeremiah struggled and his persistence in his ministry despite repeated imprisonment and finally Green focuses on Jeremiah s thwarted choice to remain in Judah at the end of the first temple period and his descent into Egypt after the assassination of Gedaliah In *Jeremiah and God s Plans of Well being* Green shows the prophet as vulnerable even failing at times while suggesting the significance of his assignment and unlikelihood of success She explores the complexities of the phenomenon of prophecy and the challenges of preaching unwelcome news during times of uncertainty and crisis Ultimately Green provides a fresh treatment of a complex biblical text and prophet In presenting Jeremiah as a literary figure Green considers how his character continues to live on in the traditions of Judaism and Christianity today **The Music of Simon Holt** David Charlton, 2017

Metaphors of Death and Resurrection in the Qur'an Abdulla Galadari, 2023-04-20 Through extensive textual analysis this open access book reveals how various passages of the Qur'an define death and resurrection spiritually or metaphorically While the Day of Resurrection is a major theme of the Qur'an resurrection has largely been interpreted as physical which is defined as bones leaving their graves However this book shows that the Qur'an sometimes alludes to death and resurrection in a metaphoric manner for example rebuilding a desolate town typically identified as Jerusalem and bringing the Israelite exiles back thus suggesting awareness and engagement with Jewish liturgy Many times the Qur'an even speaks of non believers as spiritually dead those who live in this world but are otherwise zombies The author presents an innovative theory of interpretation contextualizing the Qur'an within Late Antiquity and traces the Qur'anic passages back to their Biblical extra biblical and rabbinic subtexts and traditions The ebook editions of this book are available open access under a CC BY NC ND 4.0 licence on bloomsburycollections.com

Metaphors: Figures of the Mind Z. Radman,2013-03-09 This book deals with various aspects of metaphors and yet it is not only or perhaps not even primarily about metaphor itself Rather it is concerned with the argument from metaphor In other words it is about what I think we can learn from metaphor and the possible consequences of this lesson for a more adequate understanding for instance of our mental processes the possibilities and limitations of our reasoning the strictures of propositionality the cognitive effect of fictional projections and so on In this sense it is not strictly speaking a contribution to metaphorology instead it is an attempt to define the place of metaphor in the world of overall human intellectual activity exemplary thematized here in the span that ranges from problems relating to the articulation of meanings up to general issues of creativity Most of the aspects discussed therefore are examined not so much for the sake of gaining some new knowledge about metaphor work conducted in the science of metaphor is presently so huge that an extra attempt to spell out another theory of metaphor may have an inflationary effect the basic strategy of this book is to view metaphor within the complex of language usage and language competence in human thought and action and finally to see in what philosophically relevant way it improves our knowledge of ourselves Certainly by adopting this basic strategy we also simultaneously increase our knowledge of metaphors of their functions and importance

The Book of Jeremiah John Goldingay,2021-12-07 Of the Major Prophets Jeremiah is perhaps the least straightforward It is variously comprised of stories about the prophet Jeremiah exchanges between Jeremiah and Yahweh and messages directly from Yahweh meaning a consciousness of form is essential to the understanding of its content At times it is written in poetry resembling Isaiah while at other times it is written in prose more similar to

Ezekiel And it is without doubt the darkest and most threatening of the Major Prophets inviting comparisons to Amos and Hosea John Goldingay a widely respected biblical scholar who has written extensively on the entire Old Testament navigates these complexities in the same spirit as other volumes of the New International Commentary on the Old Testament series rooted in Jeremiah's historical context but with an eye always trained on its meaning and use as Christian Scripture After a thorough introduction that explores matters of background composition and theology Goldingay provides an original translation and verse by verse commentary of all fifty two chapters making this an authoritative and indispensable reference for scholars and pastors as they engage with Jeremiah from a contemporary Christian standpoint *Cyclopaedia: Or, An Universal Dictionary of Arts and Sciences* Ephraim Chambers, 1786
