Dr. Rozhan M. Idrus and Dr Nurkhamimi Zainuddin, 2016 **Utilisation of South African Research on Higher Education** Jan Botha ,Gabriele Vilyte, 2021-10-26 The relationship between research on the one hand and policy practice on the other hand is complicated and collaboration between scholars in research on higher education RHE and institutional research IR practitioners is often lacking This book marks a collaborative effort of a diverse range of South African RHE and IR scholars and asks the overarching questions What do we know about the utilisation of South African research on higher education SARHE and its subset of research known as Institutional Research How and by whom is this research used The book begins by looking at the historical underpinnings of SARHE and delineating the shape and size of this body of research

This is followed by a series of case studies on South African Higher Education institutions and governmental bodies investigating how when and by whom are research on higher education and institutional research used in the decision making of these organisations This book is the first of its kind in South Africa and sets out to lay the groundwork for further research into the use uptake and utilisation of RHE and IR in this country *Higher Education ICT Integration in Africa* Ke Yu,Reuben Dlamini,2024-08-21 This multidisciplinary edited volume examines higher educations ICT integration in Africa contributing a new and inclusive change readiness framework to better understand how to manage ICT or other technological disruptions in resource restrained contexts Tackling ICT incorporation in HEIs from different levels chapters document case studies from countries such as Uganda South Africa Rwanda Eswatini and Zimbabwe to demonstrate both the complexity of integration but also the successes it has enabled and under which conditions The cases included in this book also exhibit better incorporation of both change content and process while some cases also make explicit reference to other technology adoption models Ultimately the book highlights conceptual and empirical research to inform practices and policy development in Africa improving multi level success or change readiness in ICT incorporation in HEIs in Africa Addressing various gaps in existing literature and proposing innovative solutions like the multilevel change readiness model this book will therefore be of interest to scholars researchers and academics in the fields of higher education ICT integration and educational technology more broadly The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license

Sustainable Development Goals for Society Vol. 2 Godwell Nhamo,David Chikodzi,Kaitano Dube,2021-06-26 This book profiles various cases that are emerging in addressing global challenges in the context of SDGs for society in the era of climate change and covers case studies of projects being undertaken to tackle biodiversity food security climate change energy and water security The book is written by 37 authors and will appeal to various stakeholders including academics working within the identified thematic areas policy planners development agencies governments and United Nations agencies The adoption of the Sustainable Development Goals SDGs in 2015 ushered a new era in the global development agenda as the world transitioned from the Millennium Development Goals MDGs The new era of SDGs that are all inclusive unlike the MDGs with the focus now being on ensuring human success that is predicated on environmental protection The year 2020 marked five years post the adoption of the SDGs with increased calls for stock taking of progress made amid strong calls for a decade of action to accelerate the delivery of the SDGs by 2030 These calls have been louder now given the impact of the COVID 19 pandemic which reset the global economy and increased intensity of extreme weather events across the world Since climate change has emerged as one of the biggest threats to the achievement of the SDGs there has been growing concerns on its impact on biodiversity loss and the extinction of some species There are also concerns regarding increased food insecurity at the household level in some parts of the world particularly in Asia and Africa With the demand

for climate change action on the increase there have also been growing calls for the big carbon emitters to drastically cut their emissions and invest in clean energy to save the planet by following development pathways making emissions stay under the 1.5°C increase in temperature

Trends in E-learning Mahmut Sinecen, 2018-08-01 This book presents a collection of different researches and results on e learning The chapters cover the deficiencies requirements advantages and disadvantages of e learning and distance learning So the authors reported their

research and analysis results on e learning according to their areas of expertise Global Perspectives on Decolonizing Postgraduate Education Gumbo, Mishack Thiza, Gaotlhobogwe, Michael, Pedzisai, Constantino, Jojo, Zingiswa Mybert Monica, Knaus, Christopher B., 2024-05-13 A deep seated issue persists in postgraduate education one that threatens the relevance of academia in our diverse and evolving world The problem at hand is the Western centric nature of postgraduate education where research paradigms methodologies and theoretical frameworks overwhelmingly reflect a Western worldview This rigid adherence to Western ideologies has left indigenous communities on the periphery of academic discourse denying them the opportunity to engage with their knowledge systems and practices Despite the richness and prevalence of indigenous knowledge the existing educational structure remains a barrier to their inclusion This disconnect is not only an academic concern but also a societal one as it hinders sustainable development and stifles the voices of indigenous scholars and students Global Perspectives on Decolonizing Postgraduate Education serves as a compelling solution to the problem at hand It offers a comprehensive roadmap to decolonize postgraduate education infusing it with indigenous approaches paradigms theories and methods Through critical examination and practical strategies this book empowers academics curriculum designers and postgraduate students to embark on a transformative journey

Raising the Impact of Education Research in Africa Charl C. Wolhuter, 2018-12-01 The low demonstrable effect of education research done in South Africa in particular and Africa in general continues to be a problem in scientific records in the educational sciences This scholarly collected work addresses this obstacle and focuses on recommendations from scholars in different sectorial categories in the field of education Scholars from a variety of sub fields within the educational sciences reflect on this particular matter revisiting the history of research and research outcomes and offering informed recommendations based on in depth investigation and analysis of aspects of the various discourses within the relevant sub fields The scope of the content of this collected work centres on the issue of the lack of scientific records concerning the scientific raising of the impact of education research The book aims at making a specific contribution to the educational sciences by stimulating scholarly discussion around how to increase the recording of the significance of educational research done in Africa and in South Africa in particular and to redirect the research agenda into the direction of making more impact Impact is conceptualised to mean both scholarly impact that is being cited and being used as foundation for theory building and for further research and practical impact that is improvement of practice teaching and learning in education institutions at all levels
