Essays on the Patriarchal Narratives A. R. Millard, D. J. Wiseman, 2008-05-07

Today there is renewed interest in the history and traditions of the patriarchal period. Recent publications have sought among other things to show that the biblical patriarchs were a literary even fictional creation of the first millennium BC, produced to provide the nation of Israel which came into prominence only then with founding fathers. Much of this new writing is helpful in distinguishing what are traditional or speculative interpretations from the basic texts of Genesis. Sometimes archaeological evidence has been adduced in support of the historicity of the patriarchs and their cultural background in the second millennium BC which can no longer be sustained. Sometimes however the value of such evidence is ignored or belittled from the preface.

Biblical & Near Eastern Essays Carmel McCarthy, John F. Healey, 2004-03-11

This collection of essays contains a wide range of topics reflecting the depth and breadth of interest of the scholar in whose honour they were commissioned. Kevin J. Cathcart. The central focus is Near Eastern and covers a range of philological, linguistic, exegetical, historical, and interpretative issues. The Near Eastern languages examined include Akkadian, Arabic, Aramaic, Ethiopic, Hebrew, Septuagintal, Greek, Syriac, and Ugaritic, while exegetical and text critical topics include treatments of issues in Deuteronomy, 1 Kings, Isaiah, Amos, Psalms, and the Song of Songs. Hermeneutical and historical essays touch on Ancient Israel's history and its interpretation as well as on the significance of such individuals as the consular official John Dickson, E. H. Palmer in the Cambridge Libraries, William Lithgow of Lanark, and the contribution to Semitic epigraphy of the explorer Julius Euting. This is volume 375 in the *Journal for the Study of the Old Testament Supplement* series.

Discourse Analysis and the New Testament Jeffrey Reed, Stanley E. Porter, 1999-06-01. The volume contains contributions by many of the major discourse analysts of the New Testament, including E. A. Nida, W. Schenk, J. P. Louw, and J. Callow. Some of these essays deal with methodology, raising necessary questions about what it means to analyse discourse. Others demonstrate an already committed approach by reading specific texts. A state-of-the-art volume for all scholars interested in this increasingly important area of New Testament research.

Kiley, 2012-06-28 Is meticulous Matthew also mathematically so Why does Matthew alone in the canon discuss guards at Jesus tomb For popular storytellers in the early church is the serpent of the Garden the unseen catalyst in the murder of John the Baptist Why do almost three dozen words beginning with the Hebrew letter ayin have analogues in Luke's infancy narratives Why do Mary's meditations there cohere with Psalm 19 John's Jesus describes himself as Way Truth and Life Does this bear any relation to the single Latin term veritas St Ignatius of Antioch in his letter to the Ephesians talks about the song of the Body of Christ and people as stringed instruments Does John know that idea What does the Roman legend of the emergence of bees from the carcass of a slain ox have to do with the early church In these close readings of the Gospels the reader will rediscover the fascination of listening to some of the original resonance of the New Testament text with Hebrew Greek and Latin culture Attentive to detail and persistent in asking questions about the larger picture this scholarship fulfills

the promise inherent in research **Storytelling Organizational Practices** David M. Boje, 2014-06-20 Once upon a time the practice of storytelling was about collecting interesting stories about the past and converting them into soundbite pitches. Now it is more about foretelling the ways the future is approaching the present, prompting a re-storying of the past. Storytelling has progressed and is about a diversity of voices, not just one teller of one past; it is how a group or organization of people negotiates the telling of history and the telling of what future is arriving in the present. With the changes in storytelling practices and theory, there is a growing need to look at new and different methodologies. Within this exciting new book, David M. Boje develops new ways to ask questions in interviews and make observations of practice that are about storytelling the future. This, after all, is where management practice concentrates its storytelling, while much of the theory and method work is all about how the past might recur in the future. *Storytelling Organizational Practices* takes the reader on a journey from looking at narratives of past experience through looking at living stories of emergence in the present to looking at how the future is arriving in ways that prompts a re-storying of the past.

Jesus Risen in Our Midst Sandra M. Schneiders, 2013-11-22 *Jesus Risen in Our Midst* mines the Resurrection Narrative of John's gospel as a rich resource for understanding and developing Christian spirituality. In this series of essays, which can be read independently of one another, Scripture scholar Sandra Schneiders draws out especially fascinating insights on the place of the Resurrection in the overall structure of the Gospel of John, the important structure of John 20, which presents a series of episodes that are internally related to each other and constitute a distinctive synthesis of Christian spirituality, what the Resurrection story reveals about the New Covenant promised by Jeremiah and Ezekiel, the anthropology and eschatology that is operative in John's account of the Resurrection, the distinction in John between the Glorification and the Resurrection of Jesus.

O Woman, Great is Your Faith! Douglas Sean O'Donnell, 2021-08-26 The concept of faith holds a central position in New Testament and early Christian thought, yet this concept has not received the careful attention it deserves in the Synoptic Gospels. The present study offers a comprehensive analysis of faith as a key motif in the Gospel of Matthew, where it plays a major role in communicating this Gospel's vision for how readers should respond to the person and message of Jesus. The argument propounded is that Matthew's unique narrative portrayal of the Canaanite woman's faith (15:21-28) is used for pedagogical purposes, namely that by comparing and contrasting her great faith with those characters expressing no faith and little faith, Matthew uses Jesus's quantitative terms to teach on the nature of true faith. She embodies Matthew's theological vision of faith. Even though she is a gentile outsider/enemy, she comprehends the universal scope and abundant blessings of Jesus's mission. Moreover, she acknowledges Jesus's messianic identity correctly, perceiving him to be both David's royal heir and David's Lord. Finally, based on who she perceives Jesus to be and the purpose of his mission, she demonstrates faith as trust manifested in action.

How to Read Like an Anti-Fascist Annette Wannamaker,2025-06-03 On the urgent need to promote critical reading skills amidst rising authoritarianism Children s author Philip Pullman famously said that There are some themes some subjects too large for adult fiction they can only be dealt with adequately in a children s book While the recent rise of fascist ideology in the United States might seem a subject too large and adult to be dealt with in literature for children or teens Annette Wannamaker proposes in *How to Read Like an Anti Fascist* that there are books aimed at future generations which critique and counter fascist propaganda and mythmaking Works of literature can reflect fascist ideology and promote it as well but Wannamaker proposes that some books also offer tools for understanding it Books written for beginners can introduce readers to complex concepts break big ideas into manageable parts and teach readers how to read the world outside of the book Antifascist books are ones that analyze fascistic rhetoric and storytelling educate about America s long history of authoritarianism and highlight various facets of fascism such as scapegoating others and reasserting patriarchal power From *The Emperor s New Clothes* and the tales of Superman to Mildred Taylor s *Roll of Thunder Hear My Cry* the 1619 Project and contemporary works such as *All Boys Aren t Blue* and *Donald Builds the Wall* Wannamaker shows how the ethos of authoritarianism is characterized by a strict hierarchy that places children at its very bottom In doing so she argues convincingly that books written for young people can provide a particular view from the bottom a perspective well suited to interrogating systems of power *Chinese Literature, Essays, Articles, Reviews* ,1983 [Teaching Writing as Journey, Not Destination](#) P.
