

About This Literature Guide

Secondary Solutions® is the endeavor of a high school English teacher who could not seem to find appropriate materials to help her students master the necessary concepts at the secondary level. She grew tired of spending countless hours researching, creating, writing, and revising lesson plans, worksheets, quizzes, tests and extension activities to motivate and inspire her students, and at the same time, address those ominous content standards! Materials that were available were either juvenile in nature, skimpy in content, or were moderately engaging activities that did not come close to meeting the content standards on which her students were being tested. Frustrated and tired of trying to get by with inappropriate, inane lessons, she finally decided that if the right materials were going to be available to her and other teachers, she was going to have to make them herself! Mrs. Bowers set to work to create one of the most comprehensive and innovative Literature Guide sets on the market. Joined by a middle school teacher with 21 years of secondary school experience, **Secondary Solutions®** began, and has matured into a specialized team of intermediate and secondary teachers who have developed for you a set of materials unsurpassed by all others.

Before the innovation of **Secondary Solutions®**, materials that could be purchased offered a reproducible student workbook and a separate set of teacher materials at an additional cost. Other units provided the teacher with student materials only, and very often, the content standards were ignored. **Secondary Solutions®** provides all of the necessary materials for complete coverage of the literature units of study, including author biographies, pre-reading activities, numerous and varied vocabulary and comprehension activities, study-guide questions, graphic organizers, literary analysis and critical thinking activities, essay-writing ideas, extension activities, quizzes, unit tests, alternative assessment, online teacher assistance, and much, much more. Each guide is designed to address the unique learning styles and comprehension levels of every student in your classroom. All materials are written and presented at the grade level of the learner, and include **extensive coverage of the content standards**. As an added bonus, all teacher materials are included!

As a busy teacher, you don't have time to waste reinventing the wheel. You want to get down to the business of teaching! With our professionally developed teacher-written literature guides, **Secondary Solutions®** has provided you with the answer to your time management problems, while saving you hours of tedious and exhausting work. Our guides will allow you to focus on the most important aspects of teaching—the personal, one-on-one, hands-on instruction you enjoy most—the reason you became a teacher in the first place.
