Four Biblical Heroines and the Case for Female Authorship Hillel I. Millgram, 2015-03-21 This work examines the lives of four female characters in the Bible: Naomi, Ruth, Tamar, and Esther. Their stories differ significantly from those of most female Biblical characters in that each woman is depicted without a dominant male companion and each is featured in the Bible's more secular texts. The author evaluates each character's role as a female protagonist and demonstrates how each story represents an innovative view of religion and a revisionist evaluation of women's roles. Finally, the author proposes that these narratives may have been authored by women. Appendices provide additional information about Boaz, Judah, and Tamar; Greek versions of the Book of Esther; Mordecai's decree; and literacy in ancient Israel. Includes a glossary and timeline.
