A Slave In The White House Paul Jennings And The Madisons

Hans Renders, David Veltman

A Slave In The White House Paul Jennings And The Madisons:

A Slave in the White House Elizabeth Dowling Taylor, 2012-01-03 New York Times Bestseller A fascinating portrait of one of the men enslaved by James and Dolley Madison and his journey toward freedom Publishers Weekly Paul Jennings was born into slavery on the plantation of James and Dolley Madison in Virginia later becoming part of the Madison household staff at the White House Once he was finally emancipated by Senator Daniel Webster later in life he would give an aged and impoverished Dolley Madison his former owner money from his own pocket write the first White House memoir and see his sons fight with the Union Army in the Civil War He died a free man in northwest Washington at seventy five Based on correspondence legal documents and journal entries rarely seen before this amazing portrait of the times reveals the mores and attitudes toward slavery of the nineteenth century and sheds new light on famous figures such as James Madison who believed the white and black populations could not coexist as equals General Lafayette who was appalled by this idea Dolley Madison who ruthlessly sold Paul after her husband's death and many other since forgotten slaves abolitionists and civil right activists A portrait of a remarkably willful ambitious opportunistic and in his own way well connected American You could also call it the American dream Fortune A great historical biography Houston Style Magazine A must read The Daily Beast Thorough research an important story of human struggle determination and triumph The Dallas Morning News [A Slave in the White House](#) Elizabeth Dowling Taylor, 2014-05-09 The inspiring story of Paul Jennings a slave in President James Madison's household and his long struggle for freedom *A Slave in the White House*, 2014 [Prologue](#), 2012

Different Lives Hans Renders, David Veltman, 2020-06-15 Internationally acclaimed biographies are almost always written by British or American biographers But what is the state of the art of biography in other parts of the world Introduced by Richard Holmes the volume *Different Lives* offers a global perspective seventeen scholars vividly describe the biographical tradition in their countries of interest They show how biography functions as a public genre featuring specific societal issues and opinion making Indeed the volume aims to answer the question how can biography contribute to a better understanding of differences between societies and cultures Special attention is given to the US China and the Netherlands Other contributions are on Australia Belgium Canada the Czech Republic Denmark Iceland Iran Italy New Zealand Spain and South Africa This book represents a much needed breakdown of the history and current status of Biography Studies throughout the world Any educator teaching a course in higher education that includes Biography Studies should definitely consider this as a major text for inclusion Billy Tooma film maker and Assistant Professor Wessex County College The rise of biography is the literary event of our time Hamilton and Renders are its pioneer scholars and their compelling primer is a must read Joanny Moulin Institut Universitaire de France on Nigel Hamilton and Hans Renders in *The ABC of Modern Biography* 2018 See inside the book **The American Presidents, Washington to Tyler** Robert A. Nowlan, 2014-01-10 As of 2012 only 43 men have held the office of the President of the United States Some have been sanctified and some reviled

This historical work addresses the careers of the first ten presidents men who made vital contributions not only to the office of the presidency but to the course of the fledgling nation From Washington through Tyler every term is recounted in detail and each presidential profile provides as many as a hundred quotations with full source notes by the president his friends family historians and others Each profile ends with an extensive bibliography of books about the president his principles and policies and also provides suggestion for further reading Rigorously nonpartisan in approach this detail rich text describes the early years of what may well be one of the most demanding jobs in the world

The Constitutional Origins of the American Civil War Michael F. Conlin,2019-07-18 Demonstrates the crucial role that the Constitution played in the coming of the Civil War

Ties That Bound Marie Jenkins Schwartz,2017-04-06 Behind every great man stands a great woman And behind that great woman stands a slave Or so it was in the households of the Founding Fathers from Virginia where slaves worked and suffered throughout the domestic environments of the era from Mount Vernon Monticello and Montpelier to the nation s capital American icons like Martha Washington Martha Jefferson and Dolley Madison were all slaveholders And as Marie Jenkins Schwartz uncovers in Ties That Bound these women as the day to day managers of their households dealt with the realities of a slaveholding culture directly and continually even in the most intimate of spaces Unlike other histories that treat the stories of the First Ladies slaves as separate from the lives of their mistresses Ties That Bound closely examines the relationships that developed between the First Ladies and their slaves For elite women and their families slaves were more than an agricultural workforce slavery was an entire domestic way of life that reflected and reinforced their status In many cases slaves were more constant companions to the white women of the household than were their husbands and sons who often traveled or were at war By looking closely at the complicated intimacy these women shared Schwartz is able to reveal how they negotiated their roles illuminating much about the lives of slaves themselves as well as class race and gender in early America By detailing the prevalence and prominence of slaves in the daily lives of women who helped shape the country Schwartz makes it clear that it is impossible to honestly tell the stories of these women while ignoring their slaves She asks us to consider anew the embedded power of slavery in the very earliest conception of American politics society and everyday domestic routines

Trouble in Lafayette Square: Assassination, Protest & Murder at the White House Gil Klein ,2018-05-14 Author Gil Klein reveals the fascinating role of Lafayette Square in the nation s history Lafayette Square near the White House is surrounded by landmarks and steeped in a fascinating history of rebellion A congressman shot and killed the son of Francis Scott Key in broad daylight on the square and got away with it On the night Lincoln was assassinated a co conspirator forced his way into Secretary of State William Seward s house and nearly killed him The women s suffrage movement created the White House protest that goes on to this day Puerto Rican nationalists tried to force their way into the Blair House to assassinate President Truman who was living there

The Mind of James Madison Colleen A. Sheehan,2015-04-27 This book provides a compelling and incisive portrait of James Madison the scholar and

political philosopher Through extensive historical research and analysis of Madison's heretofore underappreciated 1791 Notes on Government Madison's scholarly contributions are cast in a new light yielding a richer more comprehensive understanding of his political thought than ever before Tracing Madison's intellectual investigations of republics and philosophers both ancient and modern this book invites the reader to understand the pioneering ideas of the greatest American scholar of politics and republicanism and in the process to discover anew the vast possibilities and potential of that great experiment in self government known as the American republic In the Shadow of Freedom Paul Finkelman, Donald R. Kennon, 2011-06-13 Few images of early America were more striking and jarring than that of slaves in the capital city of the world's most important free republic Black slaves served and sustained the legislators bureaucrats jurists cabinet officials military leaders and even the presidents who lived and worked there While slaves quietly kept the nation's capital running smoothly lawmakers debated the place of slavery in the nation the status of slavery in the territories newly acquired from Mexico and even the legality of the slave trade in itself This volume with essays by some of the most distinguished historians in the nation explores the twin issues of how slavery made life possible in the District of Columbia and how lawmakers in the district regulated slavery in the nation Contributors David Brion Davis Mary Beth Corrigan A Glenn Crothers Jonathan Earle Stanley Harrold Mitch Kachun Mary K Ricks James B Stewart Susan Zaeske David Zarefsky

Madison's Gift David O. Stewart, 2015-02-10 Short plain balding neither soldier nor orator low on charisma and high on intelligence Madison cared more about achieving results than taking the credit To reach his lifelong goal of a self governing constitutional republic he blended his talents with those of key partners It was Madison who led the drive for the Constitutional Convention and pressed for an effective new government as his patron George Washington lent the effort legitimacy Madison who wrote the Federalist Papers with Alexander Hamilton to secure the Constitution's ratification Madison who corrected the greatest blunder of the Constitution by drafting and securing passage of the Bill of Rights with Washington's support Madison who joined Thomas Jefferson to found the nation's first political party and move the nation toward broad democratic principles Madison with James Monroe who guided the new nation through its first war in 1812 really its Second War of Independence and it was Madison who handed the reins of government to the last of the Founders his old friend and sometime rival Monroe **Death and the American South** Craig Thompson Friend, Lorri Glover, 2015 *Death and the American South* is an edited collection of twelve never before published essays featuring leading senior scholars as well as influential up and coming historians The contributors use a variety of methodological approaches for their research and explore different parts of the South and varying themes in history *Founders as Fathers* Lorri Glover, 2014-09-30 Surprisingly no previous book has ever explored how family life shaped the political careers of America's great Founding Fathers men like George Mason Patrick Henry George Washington Thomas Jefferson and James Madison In this original and intimate portrait historian Lorri Glover brings to life the vexing joyful arduous and sometimes tragic

experiences of the architects of the American Republic who while building a nation were also raising families The costs and consequences for the families of these Virginia leaders were great Glover discovers the Revolution remade family life no less than it reinvented political institutions She describes the colonial households that nurtured future revolutionaries follows the development of political and family values during the revolutionary years and shines new light on the radically transformed world that was inherited by nineteenth century descendants Beautifully written and replete with fascinating detail this groundbreaking book is the first to introduce us to the founders as fathers

Hidden in Plain Sight Rachel Stephens,2023-09-22 In the decades leading up to the Civil War abolitionists crafted a variety of visual messages about the plight of enslaved people portraying the violence familial separation and dehumanization that they faced In response proslavery southerners attempted to counter these messages either through idealization or outright erasure of enslaved life In **Hidden in Plain Sight Concealing Enslavement in American Visual Culture** Rachel Stephens addresses an enormous body of material by tracing themes of concealment and silence through paintings photographs and ephemera connecting long overlooked artworks with both the abolitionist materials to which they were responding and archival research across a range of southern historical narratives Stephens begins her fascinating study with an examination of the ways that slavery was visually idealized and defended in antebellum art She then explores the tyranny especially that depicted in art enacted by supporters of enslavement introduces a range of ways that artwork depicting slavery was tangibly concealed considers photographs of enslaved female caretakers with the white children they reared and investigates a printmaker s confidential work in support of the Confederacy Finally she delves into an especially pernicious group of proslavery artists in Richmond Virginia Reading visual culture as a key element of the antebellum battle over slavery **Hidden in Plain Sight** complicates the existing narratives of American art and history

Murder at Montpelier Douglas Brent Chambers,2005

The World in Books Kenneth C. Davis,2025-10-21 From ancient times to the present day **The World in Books** offers a wide ranging historical education through pleasure reading and a fantastic introduction to some of the most thought provoking profound and interesting nonfiction works of all time From Sun Tzu s *The Art of War* to bell hooks s *All About Love* as well as such recent classics as Barbara Ehrenreich s *Nickel and Dimed* and Chimamanda Ngozi Adichie s *We Should All Be Feminists* Davis s guide suggests a world of nonfiction books and explains just why they re so historically meaningful and culturally relevant today

Best Little Stories from the White House C. Brian Kelly,2012-08-01 Behind the White House s impressive facade lies the long history of the men who have lived and governed within it s walls From births to deaths weddings to funerals the White House has seen it all In **Best Little Stories from the White House** author C Brian Kelly takes us on a tour of the White House s fascinating history giving us a glimpse of the most memorable presidential moments Theodore Roosevelt s children once snuck their pony upstairs in the White House elevator to cheer up their sick brother Winston Churchill once suffered a minor heart episode while struggling with a stuck window in the White House John Quincy

Adams was known to skinny dip in the Potomac Woodrow Wilson liked to chase up and down the White House corridors playing rooster fighting with his daughter Nellie

Black Men Built the Capitol Jesse Holland, 2007-09-01 The first book of its kind with comprehensive up to date details Historic sites along the Mall such as the U S Capitol building the White House and the Lincoln Memorial are explored from an entirely new perspective in this book with never before told stories and statistics about the role of blacks in their creation This is an iconoclastic guide to Washington D C in that it shines a light on the African Americans who have not traditionally been properly credited for actually building important landmarks in the city New research by a top Washington journalist brings this information together in a powerful retelling of an important part of our country s history In addition the book includes sections devoted to specific monuments such as the African American Civil War Memorial the real Uncle Tom s cabin the Benjamin Banneker Overlook and Frederick Douglass Museum the Hall of Fame for Caring Americans and other existing statues memorials and monuments It also details the many other places being planned right now to house for the first time rich collections of black American history that have not previously been accessible to the public such as the soon to open Smithsonian Institution National Museum of African American History and Culture and the Martin Luther King Jr National Monument as well as others opening over the next decade This book will be a source of pride for African Americans who live in or come from the D C Maryland and Virginia area as well as for the 18 million annual African American visitors to our nation s capital Jesse J Holland is a political journalist who lives in the Capitol Hill neighborhood of Washington D C He is the Congressional legal affairs correspondent for the Associated Press and his stories frequently appear in the New York Times and other major papers In 2004 Holland became the first African American elected to Congressional Standing Committee of Correspondents which represents the entire press corps before the Senate and the House of Representatives A graduate of the University of Mississippi he is a frequent lecturer at universities and media talk shows across the country

George Washington's Final Battle Robert P. Watson, 2021-02-15 George Washington s Final Battle tells the little known story of how the country s first president tirelessly advocated for a capital on the shores of the Potomac Although Washington died just months before the federal government s relocation his vision and influence live on in the city that bears his name
