## **A Strategic Painter Mastermind Your Craft:**

A Strategic Painter Roopa Dudley, 2014-01-23 I wrote the book A STRATEGIC PAINTER because when I was looking for a similar book years ago to start out my career as a Professional Painter I could not find one So for the past fifteen years I went through a journey and learnt the tricks of the trade through trial and error with research and analysis I read a lot of books that danced around the subject of Art but were mainly catered towards the business aspect of being an Artist I figured that perhaps there are more people like me out there and if I can help them out and save them a few years then that is a good thing I am tired of hearing the phrase the Starving Artist and I sincerely believe on the contrary that the Painters have a lot to offer to the Starving World that is devoid of fresh ideas and innovative concepts I want the aspiring Painters out there to reach their Self Actualization being a dynamic and prolific painter that they are born to be in the shortest amount of time possible It is my sincere desire that they get busy by having a more focused approach using this book as a road map when it comes to starting their careers as A Strategic Painter
