SNI National Criminal Justice Reference Service (U.S.), National Criminal Justice Reference Service (U.S.), 1980 The SAGE Guide to Writing in Policing Jennifer M. Allen, Steven Hougland, 2019-12-02 The SAGE Guide to Writing in Policing Report Writing Essentials equips students with transferable writing skills that can be applied across the field of policing both academically and professionally Authors Steven Hougland and Jennifer M Allen interweave professional and applied writing academic writing and information literacy with the result being a stronger more confident report writer Students are also exposed to a number of best practices for various elements of report writing such as the face page incident reports supplemental reports investigative reports and traffic reports as well as search warrants and affidavits *Resources in Education*, 2000 *Disassembling Police Culture* Mike Rowe, 2023-02-10 Drawing on six years of ethnographic research this book critically examines police culture exploring police behaviours decisionmaking and actions Police culture is a concept widely used often critically to characterise the working attitudes and behaviours of usually uniformed police officers It is shorthand for a workplace imbued with machismo racism sexism a thirst for danger and excitement cynicism and conservatism Rather than looking for culture or identifying how culture affects behaviours this book identifies factors that influence the decisions and actions including technology targets training timing intelligence geography and supervision thus reassembling police culture much as Bruno Latour sought to reassemble the social The analysis develops a clearer and

critical understanding of culture by explicitly connecting the debates about police culture to those about organisational culture Offering a detailed ethnography of two shifts it grounds the analysis of the idea of police culture in a thick description of the day to day activities observed in the police station and the patrol car rather than using brief illustrative extracts The book dispenses with any assumption of the utility of the concept of police culture not least because it is opaque and reassembles our understanding of policing and if it retains any relevance of police culture An accessible and compelling read this book will appeal to students and scholars of policing criminology sociology law politics and all those interested in the day to day lives of police officers

The Character of a Shoeshine Boy Thomas Zuniga, 2025-09-25 Thomas Zuniga was a kid who grew up in Los Angeles California He was nine years old with learning difficulties when he started shining shoes and hawking newspapers in 1963 On Saturdays he carried his homemade shoeshine box bar to bar in Lincoln Heights then walked to downtown Los Angeles All the while his household was on the brink of collapsing with parents fighting regularly Terrible things happened to him in his backyard like the time when someone hanged his dog from the clothesline post and sometimes he got into trouble with the law He takes you through his adventurous shoeshine days in smoky loud music bars where he is witness to an adult world of men and women drinking arguing and laughing In downtown he wanders the streets and in large department stores and he shoeshines in dingy bars with cat size rats running around While walking back home he saw his second dead body of the year He was chased by a junkyard dog and in Elysian Park he believed that he heard the voice of the White Lady crying for her dead children folklore After his parents divorced he played baseball at Downey Playground and had a paper route Then he had a sensuous experience with a good looking female customer on collection day The reason for writing his book and interring his divorced parents together next to their baby son Larry can only be told by a son whose character came from lessons learned on the streets of Los Angeles
