Schmelz,2021 Composers Alfred Schnittke and Valentin Silvestrov brought us some of the most memorable music of the late Soviet Union Sonic Overload traces these composers attempts to embrace all aspects of the contemporary soundscape including influences of popular music rock and jazz before they ultimately retreated to more refined sonic structures **The Art of Classic Planning** Nir Haim Buras,2020-01-28 An accomplished architect and urbanist goes back to the roots of what makes cities attractive and livable demonstrating how we can restore function and beauty to our urban spaces for the long term Nearly everything we treasure in the world s most beautiful cities was built over a century ago Cities like Prague Paris and Lisbon draw millions of visitors from around the world because of their exquisite architecture walkable neighborhoods and human scale Yet a great deal of the knowledge and practice behind successful city planning has been abandoned over the last hundred years not because of traffic population growth or other practical hurdles but because of ill considered theories emerging from Modernism and reactions to it The errors of urban design over the last century are too great not to question The solutions being offered today sustainability walkability smart and green technologies hint at what has been lost and what may be regained but they remain piecemeal and superficial In The Art of Classic Planning architect and planner Nir Haim Buras documents and extends the time tested and holistic practices that held sway before the reign of Modernism With hundreds of full color illustrations and photographs that will captivate architects planners administrators and developers The Art of Classic Planning restores and revitalizes the foundations of urban planning Inspired by venerable cities like Kyoto Vienna and Venice and by the great successes of L Enfant s Washington Haussmann s Paris and Burnham s Chicago Buras combines theory and a host of examples to arrive at clear guidelines for best practices in classic planning for today s world The Art of Classic Planning celebrates the enduring principles of urban design and invites us to return to building beautiful cities **The Nation** ,1897 **The Literary World** ,1878 The Publishers Weekly ,1898 **Holden's Dollar Magazine of Criticisms, Biographies, Sketches, Essays, Tales, Reviews, Poetry, Etc., Etc** Charles Frederick Briggs,1848 Unmasking School Leadership Ciaran Sugrue,2014-10-06 This book is a longitudinal life history of the lives and work of primary school principals in Ireland It provides a unique opportunity to peer inside the realities of leading schools in changing times In a system that until recently did not prepare principals for the onerous roles and responsibilities a small system with limited mobility inter personal relationships emerge as critical frequently privileged over professional relationships Consequently principals struggle to bring about change to build trust in order to cultivate a transformative leadership agenda while several aspects of systemic structures and processes emerge as constraints on leadership capacity

building In the absence of comprehensive leadership portfolio development classroom teachers catapulted into the principal's office tend to be cautious and careful in ways that tend to perpetuate the status quo while putting a premium on the exercise of soft power and an over reliance on the good will of colleagues Several of the leadership lessons that emerge from this in depth analysis concur with an increasing international consensus that due to complexity and increasingly performative policy demands learning about leadership for all is an absolute necessity However care must be taken to avoid overly scripted programmes Critical to the cultivation of a professionally responsible leadership disposition rather than capitulation to technologies of control is professional renewal cultivated through adequate attention to the Zone of Proximal Distance

Recognitions William Gaddis,2020-11-24 A postmodern masterpiece about fraud and forgery by one of the most distinctive accomplished novelists of the last century The Recognitions is a sweeping depiction of a world in which everything that anyone recognizes as beautiful or true or good emerges as anything but our world The book is a masquerade moving from New England to New York to Madrid from the art world to the underworld but it centers on the story of Wyatt Gwyon the son of a New England minister who forsakes religion to devote himself to painting only to despair of his inspiration In expiation he will paint nothing but flawless copies of his revered old masters copies however that find their way into the hands of a sinister financial wizard by the name of Recktall Brown who of course sells them as the real thing Dismissed

uncomprehendingly by reviewers on publication in 1955 and ignored by the literary world for decades after The Recognitions is now established as one of the great American novels immensely ambitious and entirely unique a book of wild Boschian inspiration and outrageous comedy that is also profoundly serious and sad **The Evangelist** ,1896 *Bibliography of the History of Medicine* , *The Classical World* ,1924 *The School News and Practical Educator* ,1895 **Billboard**
