The Glass Castle Trisha Priebe, Jerry B. Jenkins, 2016-03-01 You ll love joining Avery in the adventures of The Glass Castle where the setting from The Chronicles of Narnia meets the action from Alice in Wonderland Avery dragged her three year old brother behind a boxwood bush and listened for footsteps in the brittle leaves She couldn t be sure which was louder the person on their trail or her own heart galloping like a stallion in her ears With one hand over Henry s mouth Avery looked down at the nicest dress she owned Not only had she torn the ruffles and destroyed the hem but the white linen stood out in the shadowy woods making her an easy target If she survived this afternoon and made it home tonight and that felt like a giant if her father would demand to know why her dress was stained with grass and mud and tinged with blood She would tell him the truth The king is growing old and is concerned about who will replace him His new wife wants to produce an heir to the throne The only problem Thirteen years ago the king s first wife gave birth to a son and no one knows for sure what happened to him Rumors swirl throughout the castle For the new queen the solution as simple dispose of all the thirteen year olds in the kingdom Except it isn t that easy Avery and her friends won t go quietly Avery Kate Tuck and Kendrick take charge of the underground network of kidnapped children inspiring them to believe that their past does not dictate their future and pledging to do the hardest thing of all reunite the children with the homes they left behind When they discover that one among them might be the child of a man who wants them dead will everything they work for be lost The Glass Castle is Book 1 of the Thirteen series Look for The Ruby Moon Book 2 The Paper Boat Book 3

Sherlock Holmes until recently relatively little has been done to analyze the reception Conan Doyle's work received during his lifetime and since his death This book examines both academic and popular assessments of Conan Doyle's work giving pride of place to the Holmes stories and their many adaptations for print visual and online media but attending to his other contributions to turn of the twentieth century culture as well The availability of periodicals and newspapers online makes it possible to develop an assessment of Conan Doyle's and Sherlock Holmes's reputation among a wider readership and viewership thus allowing for development of a broader and more accurate portrait of Doyle's place in literary and cultural history
