Walking the Stations Donald Heinz, 2025-02-17 In a time when Catholic piety is often fixed on the Good Friday stations of the cross and evangelical piety is associated with an imaginary what would Jesus do and much of Protestant religion has slimmed Jesus down from the fully dimensioned Christology of the Gospels and contemporary Christianity misses a Christ who has moved into the neighborhood John 1 14 and fully engaged the world and its peoples and touring liberals tout how little a Christian actually needs to believe this book chooses fourteen episodes from Jesus entire life and makes them way stations on a pilgrimage on which we gather to meet Jesus in person share him in community and follow him to a fully realized discipleship Such way stations may recall the medieval imitation of Christ or the notion of a Christian pilgrimage during which we make the way by walking Historically pilgrimage is meant to evoke I want to be in that number Yet identifying these stations is fully congruent with contemporary New Testament scholarship whether liberal or historically orthodox The significance of this book is that it sets forth a process of adult Christian education today that is rich with all the dimensions of Jesus life from birth to death and resurrection with all the happenings in between And most important it turns adult Christian education into a compelling Bible study in community and one that attracts participation like walking a labyrinth Through such engagement it recovers for lively practice today the mostly forgotten medieval imitatio Christi and inserts this into the nearly forgotten but once vividly realized practice of pilgrimage overdue today as a way of imprinting the Christian walk onto the culture and onto individual believers and their communities Finally it follows contemporary Gospel scholarship back to the historical Jesus through visionary Holy Land tours or a modern walking the way stations that constitute Jesus own life and our immersion in it that would constitute true discipleship *Walking Where Jesus Walked* Hillary Kaell, 2014 Since the 1950s millions of American Christians have traveled to the Holy Land to visit places in Israel and the Palestinian territories associated with Jesus s life and death Why do these pilgrims choose to journey halfway around the world How do they react to what they encounter and how do they understand the trip upon return This book places the answers to these questions into the context of broad historical trends analyzing how the growth of mass market evangelical and Catholic pilgrimage relates to changes in American Christian theology and culture over the last sixty years including shifts in Jewish Christian relations the growth of small group spirituality and the development of a Christian leisure industry Drawing on five years of research with pilgrims before during and after their trips *Walking Where Jesus Walked* offers a lived religion approach that explores the trip s hybrid nature for pilgrims themselves both ordinary tied to their everyday role as

the family's ritual specialists and extraordinary since they leave home in a dramatic way often for the first time Their experiences illuminate key tensions in contemporary US Christianity between material evidence and transcendent divinity commoditization and religious authority domestic relationships and global experience Hillary Kaell crafts the first in depth study of the cultural and religious significance of American Holy Land pilgrimage after 1948 The result sheds light on how Christian pilgrims especially women make sense of their experience in Israel Palestine offering an important complement to top down approaches in studies of Christian Zionism and foreign policy **What Do the Others Do?** Lynn

The Catholic Omission S.L. McCrudden,2019-09-27 What doctrine or position of the Roman Catholic Church could have rendered it impotent in saving the lost How was the promise of restored relationship through Jesus traded What possible singular omission could empty the Roman Catholic Church of its very essence as a vehicle for God to bring forgiveness and eternal life to a dead and dying world through Jesus Is the Catholic Church just a big Christian denomination This author knows firsthand the burdensome path of striving to be loved by God through words In this account she exposes the empty ritual and distorted doctrine that drove her to a life without God But the love of the Father through grace revealed His eternal plan and the Catholic omission United States of Medievalism Tison Pugh,Susan Aronstein,2021-08-20 This

fascinating collection explores America's appropriations and fabrications of the Middle Ages revealing the nation's complicated love affair with a past it never had but has created from history and imagination **Make All Things New**

Jerusalem and Europe ,2015-06-02 Between Jerusalem and Europe Essays in Honour of Bianca K hnel analyses how Jerusalem is translated into the visual and material culture of medieval early modern and contemporary Europe and in what ways European encounters with the city have shaped its holy sites The volume also demonstrates methodological shifts in the study of Jerusalem in Western art by mapping the diversity of concepts that underlie imaginations of the city as an earthly presence and a heavenly realization as a physical and a mental space and as a unique location which is multiplied and re

Jesus Robert E. Macklin, 2006 Wearing the same sandals I use when I portray Jesus in my one man play Road to Bethany I walked the Stations of the Cross collecting the same dirt from Jerusalem in my toes that Jesus did then trudged up Mt Olive In the summer of 1992 I visited Israel intent on experiencing place locations for my play I went where He went from the Dead Sea north to the shores of Galilee and beyond to the source of the Jordan River After this visit it came to me that I should write about His last year on earth because the gospels tell us where he went and what He did but almost nothing of the why a Accompany Him now via these gospels on this His final journey beginning with the feeding of the 5000 and leading inexorably to His crucifixion death and resurrection On the way I will attempt to explain why He did what He did and why He went where He did Think of Jesus The Final Journey as a mystery story not so much as a whodunit but rather a whydunit a Shall we go
