A Study Of Spinozas Ethics:

A Study of Spinoza's Ethics Jonathan Bennett, Jonathan Francis Bennett, 1984-01-01 With an astonishing erudition and in a direct no nonsense style Bennett expounds compares and criticizes Spinoza's theses No one can fail to profit from it Bennett has succeeded in making Spinoza a philosopher of our time W N A Klever Studia Spinoza

A Study of Spinoza's Ethics Jonathan Bennett, 1984 The Cambridge Companion to Spinoza's Ethics Olli Koistinen, 2009-08-31 This book is a detailed and accessible look at one of the most exciting and contested works of Western philosophy Essays on Spinoza's Ethical Theory Matthew J. Kisner, Andrew Youpa, 2014-04 Thirteen original essays by leading scholars explore aspects of Spinoza's ethical theory and in doing so deepen our understanding of the richly rewarding core of his system Given its importance to his philosophical ambitions it is surprising that his ethics has until recently received relatively little scholarly attention Anglophone philosophy has tended to focus on Spinoza's contribution to metaphysics and epistemology while philosophy in continental Europe has tended to show greater interest in his political philosophy This tendency is problematic not only because it overlooks a central part of Spinoza's project but also because it threatens to present a distorted picture of his philosophy Moreover Spinoza's ethics like other branches of his philosophy is complex difficult and at times paradoxical The essays in this volume advance our understanding of his ethics and also help us to appreciate it as the centerpiece of his system In addition to resolving interpretive difficulties and advancing longstanding debates these essays point the direction for future research Spinoza's enduring contribution to the development of ethical theory to early modern philosophy and indeed to early modern history generally provide us with good reason to follow the lead of these essays A Study of the Ethics of Spinoza Harold Henry Joachim, 1964

A Study of the Ethics of Spinoza Harold Henry Joachim, 1901 The God of Spinoza Richard Mason, 1999-07 This book is the fullest study in English for many years on the role of God in Spinoza's philosophy Spinoza has been called both a God intoxicated man and an atheist both a pioneer of secular Judaism and a bitter critic of religion He was born a Jew but chose to live outside any religious community He was deeply engaged both in traditional Hebrew learning and in contemporary physical science He identified God with nature or substance a theme which runs through his work enabling him to naturalise religion but equally important to divinise nature He emerges not as a rationalist precursor of the Enlightenment but as a thinker of the highest importance in his own right both in philosophy and in religion *Spinoza's Ethics of Interpretation* Jordan Nusbaum, 2023-11-30 This book examines Spinoza's ontological argument and introduces the concept of paradoxical singularity It explores the ways in which Spinoza's ontology establishes a framework in which singular things are paradoxically differentiated through intersecting causes The book argues that Spinoza's ontological argument functions at once as a philosophical religious and political ethos in which interpretation is inseparable from cooperation This emphasizes a connection between the productions of knowledge interpretation and the way of life ethos that those productions involve and express Recommended for scholars interested in Spinoza's influence on

post structuralism trans individuality and the history of secular religious thought *Spinoza's Ethics and "De Intellectus Emendatione"* Benedictus de Spinoza,1928 **Behind the Geometrical Method** Edwin M. Curley,1988-05-21 This book is the fruit of twenty five years of study of Spinoza by the editor and translator of a new and widely acclaimed edition of Spinoza s collected works Based on three lectures delivered at the Hebrew University of Jerusalem in 1984 the work provides a useful focal point for continued discussion of the relationship between Descartes and Spinoza while also serving as a readable and relatively brief but substantial introduction to the Ethics for students Behind the Geometrical Method is actually two books in one The first is Edwin Curley s text which explains Spinoza s masterwork to readers who have little background in philosophy This text will prove a boon to those who have tried to read the Ethics but have been baffled by the geometrical style in which it is written Here Professor Curley undertakes to show how the central claims of the Ethics arose out of critical reflection on the philosophies of Spinoza s two great predecessors Descartes and Hobbes The second book whose argument is conducted in the notes to the text attempts to support further the often controversial interpretations offered in the text and to carry on a dialogue with recent commentators on Spinoza The author aligns himself with those who interpret Spinoza naturalistically and materialistically Spinoza Gideon Segal,Yirmiahu Yovel,2017-11-01 This title was first published in 2002 This collection of essays aims to present a wide range of interpretations of central themes in Spinoza s philosophy Philosophical interpretations of Spinoza divide into three general categories The first sets Spinoza within what is taken to be his historical context Special emphasis is laid here on aspects of his teaching that seem to bear the influence of Spinoza s own education and self education either through concepts assimilated into his own thinking or those he undertook to refute and displace A second interpretative approach uses analytical tools in an attempt to reconstruct Spinozistic issues and theories critically Finally there are philosophers who explore Spinoza s texts in their own terms attempting to present a coherent picture of one or more aspects of Spinoza s teaching Given the broad span of issues with which Spinoza deals the latter is often the most difficult track to follow The 25 articles in this collection exemplify these three attitudes to Spinoza interpretation though most avail themselves of more than one In making the selection the editors preferred studies that treat their subject as a viable endurable philosophical issue whether the writer accepts Spinoza s presentation or highlights his difficulties On each issue the articles critically analyze the texts rather than simply portraying the Spinozistic ideas they express **A Comparative History of World Philosophy** Ben-Ami Scharfstein,1998-01-01 Breaks through the cultural barriers between Western Indian and Chinese philosophy and demonstrates that despite considerable differences between these three great philosophical traditions there are fundamental resemblances in their abstract principles **Studies in Spinoza** S. Paul Kashap,2023-11-15 This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on

demand technology This title was originally published in 1972 *Spinoza's Ethics* Benedictus de Spinoza,1910 **The Johns Hopkins University Circular** Johns Hopkins University,1883 Includes University catalogues President s report Financial report registers announcement material etc Spinoza and the Rise of Historical Criticism of the Bible Travis L. Frampton,2006-01-01 Frampton reassesses Spinoza s relationship to higher criticism by drawing attention to the emergence of historical critical investigations of the Bible from among heterodox Protestants during the sixteenth and seventeenth centuries **Perfect Will Theology** J. Martin Bac,2010-04-16 This book revisits four early modern debates of Reformed theology concerning the will of God Reformed scholasticism advocated a particular relationship between divine knowledge will and power which was altered by Jesuits Remonstrants Descartes and Spinoza In all these debates modal categories like contingency and necessity play a prominent part Therefore these positions are evaluated with the help of modern modal logic including possible world semantics The final part of this study presents a systematic defense of the Reformed position which has been charged of theological determinism and of making God the author of sin In modern terms therefore the relation of divine and human freedom and the problem of evil are discussed **A Study of Spinoza** James Martineau,1882 **Studies in Spinoza, Critical and Interpretive Essays** S. Paul Kashap,1972-01-01 **System of Christian Ethics** Isaak August Dorner,1887
