They have charming manners and their dwellings are mostly larger and better than those of adjacent States However costly or ornamental their homes or their manners they do not like those of the New Englander appear as the fruits of intense and painful sacrifice and training but are entirely divested of artificial weights and measures and seem to pervade and twine about their characters as spontaneous growths with the durability and charm of living nature In particular Georgians even the commonest have a most charmingly cordial way of saying to strangers as they proceed on their journey I wish you well sir The negroes of Georgia too are extremely mannerly and polite and appear always to be delighted to find opportunity for obliging anybody Athens contains many beautiful residences I never before saw so much about a home that was so evidently done for beauty only although this is by no means a universal characteristic of Georgian homes Nearly all well to do farmers families in Georgia and Tennessee spin and weave their own cloth This work is almost all done by the mothers and daughters and consumes much of their time The traces of war are not only apparent on the broken fields burnt fences mills and woods ruthlessly slaughtered but also on the countenances of the people A few years after a forest has been burned another generation of bright and happy trees arises in purest freshest vigor only the old trees wholly or half dead bear marks of the calamity So with the people of this war field Happy unscarred and unclouded youth is growing up around the aged halfconsumed and fallen
