A Thousand Times More Fair

WHAT SHAKESPEARE'S PLAYS
TEACH US ABOUT JUSTICE

Kenji Yoshino

A Thousand Times More Fair What Shakespeares Plays Teach Us About Justice

Deval Desai

A Thousand Times More Fair What Shakespeares Plays Teach Us About Justice:

A Thousand Times More Fair Kenji Yoshino, 2012-04-17 Celebrated legal scholar Kenji Yoshino's first book Covering was acclaimed from the New York Times Book Review to O The Oprah Magazine to the American Lawyer for its elegant prose its good humor and its brilliant insights into civil rights and discrimination law Now in A Thousand Times More Fair Yoshino turns his attention to the question of what makes a fair and just society and delves deep into a surprising source to answer it Shakespeare's greatest plays Through fresh and insightful readings of Measure for Measure Titus Andronicus Othello and others he addresses the fundamental questions we ask about our world today and elucidates some of the most troubling issues in contemporary life Enormously creative engaging and provocative A Thousand Times More Fair is an altogether original book about Shakespeare and the law and an ideal starting point to explore the nature of a just society and our own

Rethinking Shakespeare's Political Philosophy Alex Schulman, 2014-07-21 What were Shakespeare's politics As this study demonstrates contained in Shakespeare's plays is an astonishingly powerful reckoning with the tradition of Western political thought one whose depth and scope places Shakespeare alongside Plato Aristotle Machiavelli Hobbes and others This book is the first attempt by a political theorist to read Shakespeare within the trajectory of political thought as one of the authors of modernity From Shakespeare's interpretation of ancient and medieval politics to his wrestling with issues of legitimacy religious toleration family conflict and economic change Alex Schulman shows how Shakespeare produces a fascinating map of modern politics at its crisis filled birth As a result there are brand new readings of Troilus and Cressida Coriolanus Julius Caesar Antony and Cleopatra King Lear Richard II and Henry IV parts I and II The Merchant of Venice and Measure for Measure

Shakespeare's Law Mark Fortier, 2022-05-30 Shakespeare's Law is a critical overview of law and legal issues within the life career and works of William Shakespeare as well as those that arise from the endless array of activities that happen today in the name of Shakespeare Mark Fortier argues that Shakespeare's attitudes to law are complex and not always sanguine that there exists a deep and perhaps ultimate move beyond law very different from what a lawyer or legal scholar might recognize Fortier looks in detail at the legal issues most prominent across Shakespeare's work status inheritance fraud property contract tort especially slander evidence crime political authority trials and the relative value of law and justice He also includes two detailed case studies of The Merchant of Venice and Measure for Measure as well as a chapter looking at law in works by Shakespeare's contemporaries The book concludes with a chapter on the law as it relates to Shakespeare today The book shows that the legal issues in Shakespeare are often relevant to issues we face now and the exploration of law in Shakespeare is as germane today though in sometimes new ways as in the past Something Else Daniel J. Kornstein, 2012-01-10 Something Else is a sequel to Daniel J Kornstein's classic 1994 study of Shakespeare and the law Kill All the Lawyers The author found he had more something else to say on the subject Written in the same crisp lucid and witty style as his previous critically acclaimed and highly influential book on Shakespeare Kornstein's new book

continues his illuminating original and entertaining explorations of the Bard and the law In *Something Else* Kornstein probes new Shakespeare territory with insight and eloquence but without academic He analyzes from a fresh perspective and devastatingly picks apart Mark Twain's evidence that Shakespeare could not have written the plays because he was not a lawyer Kornstein submits for the reader's verdict moot court briefs based on *Hamlet* and *The Merchant of Venice* A timely chapter on *Coriolanus* shows how that rarely performed play explains much about democracy and elections in America The author's discussion of Henry V and the law of war will rivet everyone's attention with its relevance to recent history and current events Other chapters look at why Shakespeare never mentions Magna Carta in *King John* comment on the many crooked judges in Shakespeare's plays untangles *The Comedy of Errors* tries to solve the mystery of Richard III and the princes in the Tower In a whimsical final chapter the author imagines a conversation

Reading The Legal Case Marco Wan, 2012-08-06 This volume examines the nature function development and epistemological assumptions of the legal case in an interdisciplinary context Using the question of reading as a guiding principle it opens up new ways of understanding case law and the doctrine of precedent by bringing the law into dialogue with the humanities What happens when a legal case is read not only by lawyers but by literary critics by linguists by philosophers or by historians How do film makers and writers adapt and transform legal cases in their work How might one interpret fiction in the context of the historical development of the common law The essays in this volume test the boundaries of the legal case as a genre by inviting perspectives from other disciplines and in doing so also raise more fundamental questions of what constitutes law and legal thinking This book will be of interest to anyone seeking a better understanding of the common law the humanities and the intersection between them

Love and Violence David Richards, 2023-11-25 This book offers both a philosophical and psychological theory of an aspect of human love first noted by Plato and used by Freud in developing psychoanalysis transference love namely lovers as mirrors for one another enabling them thus better to see and understand themselves and others Shakespeare's art makes the same appeal theater as a communal mirror expressing the artist holding a loving mirror for his culture at a point of transitional crisis between a shame and guilt culture The book shows how Shakespeare's plays offer better insights into the behavior of violent men than Freud's based on close empirical study of violent criminals develops a theory of violence rooted in the moral emotions of shame and guilt and a cultural psychology of the transition from shame to guilt cultures The work argues that violence is contra Freud not an ineliminable instinct in the nature of things requiring autocracy but arises from patriarchally inflicted cultural injuries to the love of equals that undermine democracy and that only a therapy based on love can address such injuries replacing retributive with restorative justice and populist fascist autocracy with constitutional democracy Love thus understood underlies a range of disparate phenomena the appeal of Shakespeare's theater as a communal art the role of love in psychoanalysis in Augustine's conception of love in religion disfigured by his patriarchal assumptions in Kant's anti utilitarian ethics of dignity in a naturalistic ethics that roots ethics in facts of human psychology

the role of law in democratic cultures as a mirror and critique of such cultures and the basis of an egalitarian theory of universal human rights inspired by Kant and developed more recently by John Rawls In all these domains uncritically accepted forms of culture the initiation of men and women into patriarchy traumatize the love of equals and thus disfigure and distort our personal and political lives

Say the Right Thing Kenji Yoshino, David Glasgow, 2023-02-07 A Living Now Book Awards Gold Medalist Social Activism Charity A practical shame free guide for navigating conversations across our differences at a time of rapid social change In the current period of social and political unrest conversations about identity are becoming more frequent and more difficult On subjects like critical race theory gender equity in the workplace and LGBTQ inclusive classrooms many of us are understandably fearful of saying the wrong thing That fear can sometimes prevent us from speaking up at all depriving people from marginalized groups of support and stalling progress toward a more just and inclusive society Kenji Yoshino and David Glasgow founders of the Meltzer Center for Diversity Inclusion and Belonging at NYU School of Law are here to show potential allies that these conversations don t have to be so overwhelming Through stories drawn from contexts as varied as social media posts dinner party conversations and workplace disputes they offer seven user friendly principles that teach skills such as how to avoid common conversational pitfalls engage in respectful disagreement offer authentic apologies and better support people in our lives who experience bias Research backed accessible and uplifting Say the Right Thing charts a pathway out of cancel culture toward more meaningful and empathetic dialogue on issues of identity It also gives us the practical tools to do good in our spheres of influence Whether managing diverse teams at work navigating issues of inclusion at college or challenging biased comments at a family barbecue Yoshino and Glasgow help us move from unconsciously hurting people to consciously helping them

Shakespeare and Education Emma Smith, 2021 Annotation Shakespeare Survey is a yearbook of Shakespeare studies and production Since 1948 Survey has published the best international scholarship in English and many of its essays have become classics of Shakespeare criticism Each volume is devoted to a theme or play or group of plays each also contains a section of reviews of that year s textual and critical studies and of the year s major British performances The theme for Volume 74 is Shakespeare and Education The complete set of Survey volumes is also available online at <https://www.cambridge.org/core> what we publish collections shakespeare survey This fully searchable resource enables users to browse by author essay and volume search by play theme and topic and save and bookmark their results

Elgar Concise Encyclopedia of Law and Literature Robert Spoo, Simon Stern, 2025-01-09 The Elgar Concise Encyclopedia of Law and Literature surveys the intersection between two important fields of study Interdisciplinary in scope the volume showcases the many ways in which literary and legal methods and insights both converge and remain distinct

Teaching Social Justice Through Shakespeare Hillary Eklund, 2019-09-09 This book provides diverse perspectives on Shakespeare and early modern literature that engage innovation collaboration and forward looking practices

God's Righteousness and Justice in the Old Testament Jože

Krašovec,2022-09-06 A semantic study of God's righteousness and justice in the Hebrew Bible that draws exegetical theological and philosophical conclusions about the character of God and God's relationship with humanity God's work of creation and salvation for the good of Israel humanity and the world manifests the nature of God's being Thus if we can understand God's characteristics of righteousness and justice we can better understand God In the Hebrew Bible these aspects of God are not expressed by abstract concepts but by semantic elements within literary structures From this premise Jo e Kra ovec undertakes the present study to put semantics into dialogue with exegesis and theology to illuminate exactly how God's righteousness and justice in the Old Testament should be understood In the first part of the book Kra ovec analyzes occurrences of the Hebrew root *dq* meaning righteous and other synonyms working systematically through the entire Old Testament canon In the second part he builds off this lexical study with a more broadly exegetical theological and philosophical exploration of guilt punishment mercy forgiveness and reconciliation Kra ovec concludes among other things that the biblical writers use righteousness as an expression of God's affection for faithful people especially those in distress because of persecution God's righteousness therefore exists in the Hebrew Bible in relation to the righteousness of human individuals and communities Justice whether in the form of forgiveness for the penitent or punishment for those who have hardened their hearts against God is always carried out with the goal of building better community among God's people

Theaters of Pardoning Bernadette Meyler,2019-09-15 From Gerald Ford's preemptive pardon of Richard Nixon and Donald Trump's claims that as president he could pardon himself to the posthumous royal pardon of Alan Turing the power of the pardon has a powerful hold on the political and cultural imagination In *Theaters of Pardoning* Bernadette Meyler traces the roots of contemporary understandings of pardoning to tragicomic theaters of pardoning in the drama and politics of seventeenth century England Shifts in how pardoning was represented on the stage and discussed in political tracts and in Parliament reflected the transition from a more monarchical and judgment focused form of the concept to an increasingly parliamentary and legislative vision of sovereignty Meyler shows that on the English stage individual pardons of revenge subtly transformed into more sweeping pardons of revolution from Shakespeare's *Measure for Measure* where a series of final pardons interrupts what might otherwise have been a cycle of revenge to later works like John Ford's *The Laws of Candy* and Philip Massinger's *The Bondman* in which the exercise of mercy prevents the overturn of the state itself In the political arena the pardon as a right of kingship evolved into a legal concept culminating in the idea of a general amnesty the Act of Oblivion for actions taken during the English Civil War Reconceiving pardoning as law giving effectively displaced sovereignty from king to legislature a shift that continues to attract suspicion about the exercise of pardoning Only by breaking the connection between pardoning and sovereignty that was cemented in seventeenth century England Meyler concludes can we reinvigorate the pardon as a democratic practice

Francis Bacon's Hidden Hand in Shakespeare's The Merchant of Venice Christina G. Waldman,2018-07-01

Popular Representations of Development David Lewis,Dennis

Rodgers, Michael Woolcock, 2014-01-23 Although the academic study of development is well established as is also its policy implementation less considered are the broader more popular understandings of development that often shape agendas and priorities particularly in representative democracies Through its accessible and provocative chapters *Popular Representations of Development* introduces the idea that while the issue of development defined broadly as problems of poverty and social deprivation and the various agencies and processes seeking to address these is normally one that is discussed by social scientists and policy makers it also has a wider popular dimension Development is something that can be understood through studying literature films and other non conventional forms of representation It is also a public issue one that has historically been associated with musical movements such as Live Aid and increasingly features in newer media such as blogs and social networking The book connects the effort to build a more holistic understanding of development issues with an exploration of the diverse public sphere in which popular engagement with development takes place This book gives students of development studies media studies and geography as well as students in the humanities engaging with global development issues a variety of perspectives from different disciplines to open up this new field for discussion Expert Ignorance

Deval Desai, 2023-06-22 Today a transnational constellation of rule of law experts advise on good legal systems to countries in the Global South Yet these experts often claim that the rule of law is nearly impossible to define and they frequently point to the limits of their own expertise In this innovative book Deval Desai identifies this form of expertise as expert ignorance Adopting an interdisciplinary approach Desai draws on insights from legal theory sociology development studies and performance studies to explore how this paradoxical form of expertise works in practice With a range of illustrative cases that span both global and local perspectives this book considers the impact of expert ignorance on the rule of law and on expert governance more broadly Contributing to the study of transnational law governance and expertise Desai demonstrates the enduring power of proclaiming what one does not know This title is available as Open Access on Cambridge Core

New Mediums, Better Messages? David Lewis, Dennis Rodgers, Michael Woolcock, 2022-05-26 This is an open access title available under the terms of a CC BY 3.0 IGO International licence It is free to read at Oxford Scholarship Online and offered as a free PDF download from OUP and selected open access locations The notion of development influences and is influenced by all aspects of human life Social science is but one representational option among many for conveying the myriad ways in which development is conceived encountered experienced justified courted and or resisted by different groups at particular times and places As international development has become more quantitative and economics centred there is an enduring sense that what is measured and thus valued and prioritized may have become too narrow that the powers of prediction claimed by some areas of economics and management may have overreached and that the human dimension is in danger of being lost Reflecting this concern *New Mediums Better Messages* contributes to new conversations between science social science and the humanities around the roles of different kinds of knowledge stories and data play in

relation to global development It brings together a team of multidisciplinary contributors to explore popular representations of development including music blogs and fiction

Unlock Your Leadership Story Pat Wadors, 2024-10-29 Explore the ability of stories to enhance human connection motivate action and uncover hidden potential In *Unlock Your Leadership Story* How to Build Understanding and Motivate Teams Using Fables and Folktales renowned international speaker and human resources thought leader Pat Wadors delivers a powerful discussion of the lessons we can draw from some of the most well known stories in the world In each chapter she introduces a different fable or folktale and reflects on the moral of the story and how we can apply it to help us meet contemporary challenges at work and in life You ll discover the power of storytelling as you inspire motivate and drive positive change in yourself and the people around you You ll also Explore new interpretations of old stories that shed fresh light on self discovery and growth Find out about the neuroscience behind the emotions and actions elicited by stories Discover modern leadership lessons from historic fables and folktales you can apply to your own journey at work and beyond Whether you are early in your career or a seasoned executive this multigenerational book will meet you on your path as a perfect guide for all levels *Unlock Your Leadership Story* is also a can t miss resource for project and team leaders human resources professionals sales leaders and anyone else responsible for helping others live up to their full potential

International Law Theories Andrea Bianchi, 2016 Two fish are swimming in a pond Do you know what the fish asks his friend No tell me I was talking to a frog the other day And he told me that we are surrounded by water His friend looks at him with great scepticism Water What s that Show me some water International lawyers often find themselves focused on the practice of the law rather than the underlying theories This book is an attempt to stir up the water that international lawyers swim in It analyses a range of theoretical approaches to international law and invites readers to engage with different ways of legal thinking in order to familiarize themselves with the water all around us of which we hardly have any perception The main aim of this book is to provide interested scholars practitioners and students of international law and other disciplines with an introduction to various international legal theories their genealogies and possible critiques By providing an analytical approach to international legal theory the book encourages readers to enhance their sensitivity to these different approaches and to consider how the presuppositions behind each theory affect analysis research and practice in international law *International Law Theories* is intended to assist students scholars and practitioners in reflecting more generally about how knowledge is formed in the field

Pricing Lives Ariel Colonos, 2023 This book adopts an interdisciplinary approach to the question of how human lives are equated with the material Ariel Colonos explains the nexus between existential goods and material goods and offers a normative discussion of the material valuation of human lives and the human value of material goods
