Pearcy, 2024-07-01 How do we teach about war How can social studies teachers empower students to understand how wars are started how they are fought and how they are ended Films about war are featured in nearly all social studies classrooms across the US with practically every American teenager watching at least one historical film during their time in middle and high school Without the mandatory class viewing most of these movies would not have been seen by them otherwise Film is the medium through which most Americans learn about their national past But a passive viewing of a movie about war does little to help students learn to be critical thinkers about their country's choices In *The Defeated and the Dead* Teaching About War Through Film Dr Mark Percy outlines strategies and resources for teachers to incorporate movies about war into their classes in an effective thoughtful manner Employing elements of the Just War doctrine the basis for most international law and treaties this book highlights how teachers can make use of widely used films like *Saving Private Ryan* *Platoon* and *Glory* as well as other movies that span our nation's history from the American Revolution to modern conflicts By focusing on critical frameworks like Just War as well as featuring films both about war and the avoidance of war *The Defeated and the Dead* offers social studies teachers a valuable tool to approach difficult contentious topics in their classrooms **The**

Romero's landmark *Night of the Living Dead* 1968 and AMC's hugely successful *The Walking Dead* 2010 zombie mythology has become an integral part of popular culture. In a reversal of the typical pattern of adaptation the zombie developed onscreen before appearing in short stories and comic books during the 20th century and more recently as subjects of more traditional novels. This collection of new essays examines some of the most influential and inventive zombie literature from the early stories to the most recent narratives including some told from a zombie perspective. *Eastern Frontz Pt I* Danny Ni, 2012-05-31 Meet Danny Ni who's unlike your typical Asian kid his family owns a restaurant within the toughest parts of New York. As he realizes his coming of age he worries about his future but that's not the only thing he'll need to worry about for a strange and powerful force is coming his way not only it changes his life but also the course American history.

**Unbreakable Hearts: A True, Heart-wrenching Story About Victory...Forfeited!** Earl Dusty Trimmer, 2019-05-16 Earl Dusty Trimmer relates with both skill and personal experience events surrounding our most forgettable and misunderstood war in America's history. He brings it all home with his down to earth style and considerable knowledge. In *Unbreakable Hearts* Dusty dives into the Vietnamese history and culture and skillfully brings the reader into understanding our Vietnamese enemy's amazing resolve. He brilliantly explains the evolution of our Vietnamese enemy over hundreds of years of invasions and wars. Always defending their country to remain free became an art. In Chapter 7 Dusty describes the Vietnamese women fighters as Hellcats. My own experience with the formidable Vietnamese Viet Cong women's skills and expertise closely mirrors Dusty's. Hooch girls could plant booby traps in a GI's hooch with a skill and savvy they were forced to learn during decades of on the job training in continuous wars with unwelcomed invaders. My own Military Police experience after leaving the infantry revealed these incidents vividly. In later chapters Dusty moves into our own veterans' profound resolve and toughness. North Vietnam's famed General Giap called us an honorable enemy. One could suggest from this writing that our enemy taught us well. We did things in the Vietnam War the average person would have to go to the movies to believe. After reading Trimmer's descriptions I must conclude that indeed this book could be one for the movie industry. Dusty Trimmer brings to life our days and nights living and fighting in these foreboding jungle warfare conditions. After reading this fine work and reflecting on my own experiences I cut away a little more of the pain. Pride swells for having served with all of these wonderful veterans of the Vietnam War. Pain for our terrible losses. For myself these experiences culminated in wisdom I would otherwise have failed to achieve. God bless Dusty for telling our story. Forward march Brothers.
