American Sniper How Many Kills:

America's Most Lethal Snipers Colin Farmer, America has produced some astounding snipers Most people know about Chris Kyle and Carlos Hathcock but America also had great snipers like Chuck Mawhinney Adelbert Waldron III and Eric England Sergeant Brian Kremer of the 2nd Ranger battalion once held the record for the longest recorded kill at a distance of 2 515 yards This record was set in Iraq in March 2004 Kremer s weapon was a Barrett M82A1 Here we focus on Adelbert Waldron Chuck Mawhinney Eric R England Carlos Hatchcock and Chris Kyle

The Defeated and the Dead Mark Percy, 2024-07-01 How do we teach about war How can social studies teachers empower students to understand how wars are started how they are fought and how they are ended Films about war are featured in nearly all social studies classrooms across the US with practically every American teenager watching at least one historical film during their time in middle and high school Without the mandatory class viewing most of these movies would not have been seen by them otherwise Film is the medium through which most Americans learn about their national past But a passive viewing of a movie about war does little to help students learn to be critical thinkers about their country s choices In *The Defeated and the Dead Teaching About War Through Film* Dr Mark Percy outlines strategies and resources for teachers to incorporate movies about war into their classes in an effective thoughtful manner Employing elements of the Just War doctrine the basis for most international law and treaties this book highlights how teachers can make use of widely used films like *Saving Private Ryan* *Platoon* and *Glory* as well as other movies that span our nation s history from the American Revolution to modern conflicts By focusing on critical frameworks like Just War as well as featuring films both about war and the avoidance of war *The Defeated and the Dead* offers social studies teachers a valuable tool to approach difficult contentious topics in their classrooms

Simo Hayha - The Deadliest Sniper In Military History Edgar Wollstone, Simo Hayha or the White Death is one of the deadliest snipers in history of mankind He was a straight up terror for the Soviet men during winter war Hiding amongst the snowy brambles was death a silent and sudden one As Soviet men fell like flies on the snow avalanche the Soviet men knew they were sailing close to the winds Forsaking their conspicuous green military uniform itself could have helped them not be a sitting duck for Finnish snipers buried in heaps of snow But by the time Stalin realized his foibles it was way too late Stalin anticipated that the mighty Red Army would bulldoze the paltry Finland force But Stalin forgot that Finland has White Death by its side to defend its borders The Lady Death was a terrifying presence in battlefield She sent so many enemy men to the jaws of death that she is listed among the deadliest of all snipers Another female sniper to rain terror on enemy forces was Claudia Kalugina the youngest to enroll into Sniper School This book holds in its pages the story of Simo Hahya the White Death who rained havoc on his enemy troops claiming lives of 505 men When the number of kills exceeds the total number of days in a war you know it s real terror that the man Simo Hayha is Standing 5 feet tall and an unassuming demeanor Simo Hayha is easily overlooked a quality that serves him well as a sniper

Brazeal,2024-10-08 How American fiction represents soldiers and soldier criminality in depictions of the Iraq War

Crosshairs on the Kill Zone Charles W. Sasser,Craig Roberts,2004-07-01 From the jungles of Vietnam to the unforgiving deserts of Afghanistan and Iraq one breed of soldier has achieved legendary status in the arena of combat the sniper From the authors of the classic sniper chronicle *One Shot One Kill* comes a new generation of true tales from some of the most expert and deadly marksmen in the world Meet Adelbert Waldron II whose 109 confirmed kills in Vietnam made him the most successful sniper in American military history and Tom Moose Ferran who coined the term Fetch whereupon the infantry would retrieve the sniper's dead quarry Also included are stories from snipers in Beirut the Bosnian conflict and both wars with Iraq including the feat of Sergeants Joshua Hamblin and Owen Mulder who took down thirty two enemy soldiers in a single day outside Baghdad in 2003 The military sniper has evolved into one of the most dangerous and highly skilled warrior professions They suffer through weather terrain and enemy action lay unmoving for days on end and take out their targets with unerring accuracy proving that the deadliest weapon in any battle anywhere in the world is a single well aimed shot *Chris Kyle, America's Most Decorated Sniper* Stephen Wilson,2015-02-23 We are given some details including little known ones about the life and exploits of the legendary American sniper Chris Kyle

Snipers at War John Walter,2017-05-30 *Snipers at War* is a detailed history and analysis of the equipment tactics and personalities of the sniping world from the pursuit of accuracy to the latest electronic aids to observation and ranging Technology and marksmanship from the Crimean War to the present day is examined in detail The role of the sniper was largely ignored until the Winter War of 1939 40 between Finland and the USSR showed what could be achieved by specialist marksmen Finn Simo Hyh amassed 505 kills in less than a hundred days a lesson learned by the Red Army to its cost By the Germans invasion of 1941 the Russians were prepared when the war ended in addition to men such as Vasiliy Zaytsev a Stalingrad hero with 242 accredited kills the USSR had trained more than 2000 women as snipers After 1945 the sniper's reputation declined again However the Vietnam War seemingly unending Middle Eastern conflict internal strife in Sri Lanka and ever present urban threats have given new impetus not only to sniping but also to the development of new and more effective weaponry **One Shot One Kill** Charles W. Sasser,Craig Roberts,1990-04-01 They are the lone wolves of the battlefield Tracking the enemy lying in wait for the target to appear then they shoot to kill Armed with an unerring eye infinite patience and a mastery of camouflage combat snipers stalk the enemy with only one goal In World War II Korea Vietnam and Beirut American snipers honed the art of delivering a single deadly shot from nowhere and devastating enemy morale They met the enemy on his own turf picking off officers unwary soldiers and even other snipers from extraordinary distances of up to 1 miles Now these uncommon men tell their stories of the emotions felt when a man's face came into their crosshairs and they pulled the trigger of the nerve wracking hours and days of waiting motionless for the enemy of the primal savagery of a sniper duel Often trained haphazardly in wartime and forgotten in times of peace combat snipers were officially recognized after the Vietnam

War when the Marine Corps became the first military branch to start a full time sniper school One Shot One Kill is their powerful record of desperate trials and proud victories The Films of Clint Eastwood Matt Wanat, Leonard Engel, 2018-05-15 The indefatigable Clint Eastwood the great old man of American film is still controversial after all these years Many of the critical essays in this collection focus on Eastwood s 2014 American Sniper a particularly controversial film and a devastating personal account of the horrors of war Additional essays within the collection address his films that deserve more recognition than they have received to date The chapters vary by topic and identify themes ranging from aging race and gender to uses of Western conventions and myth to the subtleties of quieter themes and stylistic choices in Eastwood s body of cinematic work As a collection these essays show that none of these themes account for Eastwood s entire vision which is multifaceted and often contradictory dramatizing complex issues in powerful character driven narratives **We Kill Because We Can** Laurie Calhoun, 2015-09-15 Welcome to the Drone Age Where self defense has become naked aggression Where courage has become cowardice Where black ops have become standard operating procedure In this remarkable and often shocking book Laurie Calhoun dissects the moral psychological and cultural impact of remote control killing in the twenty first century Can a drone operator conducting a targeted killing be likened to a mafia hitman What difference if any is there between the Trayvon Martin case and the drone killing of a teen in Yemen We Kill Because We Can takes a scalpel to the dark heart of Western foreign policy in order to answer these and many other troubling questions *The Greatest Snipers Ever* David Webb, This book describes the exploits of the greatest snipers of all time from Simo Hayha to Chris Kyle **Focus On: 100 Most Popular American Autobiographers** Wikipedia contributors, *To Be a Military Sniper* Gregory Mast, Hans Halberstadt, 2007-12-15 The training and character that make for success in one of the most challenging and mysterious jobs the military has to offer clearly described and illustrated *Special Forces in the War on Terror* Leigh Neville, 2015-05-19 Within weeks of 9 11 United States Special Operations Forces were dropping into Afghanistan to lead the war against Al Qaeda and the Taliban For over a decade special forces have been fighting a hidden war in Iraq Pakistan Syria Somalia Mali and Afghanistan facing off against a range of insurgents from organisations like al Qaeda al Shabaab Boko Haram and the Taliban Leigh Neville draws on recently declassified material and first hand accounts from his SOF contacts to lift the veil of secrecy from these operations giving an unprecedented blow by blow description of major Special Forces operations culminating in SEAL Team 6 s Operation Neptune Spear and the killing of Osama bin Laden Detailing the special equipment tactics machinery and training that these Special Operatives received and used this impressive volume shows how the world s elite soldiers fought against overwhelming odds around the world **Special Forces Sniper Skills** Robert Stirling, 2012-12-20 Special Forces Sniper Skills is a hard hitting account of the soldiers weapons and techniques used to coldly eliminate high value targets on the battlefield Though many books have become best sellers through telling one side of the story a sniper s experiences a

training manual or a weapons catalogue none before have combined the whole spectrum of a sniper's life and skills into one gripping book This book examines the role of the sniper and the unique skills employed when serving as part of a Special Forces unit including the British SAS the US Navy Seals and the Russian Spetznaz The book is illustrated with photographs of every aspect of the sniper's trade and stories from the real life experiences of the author's comrades soldiers who have served in almost every overt and covert conflict since World War II
