This book discusses the management and delivery of customer service under seven broad themes: Customer Service as Shared Value, Customer Service Strategy, Customer Service Systems, Customer Service Style, Customer Service Culture, Customer Service Skills, and Customer Experience. Advancing Customer Service in Africa. Central questions posed and addressed include: What is the new definition of customer service management? How should organisations position themselves to create value for customers and stakeholders? How should employees project themselves to align with customer service promises made by their organisations? Overall, this book provides strategic and operational insights into effective customer service management in Africa. The customer service management concepts, roles, and practices outlined, particularly as they apply to the African context, make it an important addition to scholars or practitioners' reference works.

**Finance**, 2006      **The Higher Education Institutions Handbook**, 2012      **Is Landscape... ?** Gareth Doherty, Charles Waldheim, 2015-10-08. *Is Landscape* surveys multiple and myriad definitions of landscape. Rather than seeking a singular or essential understanding of the term, the collection postulates that landscape might be better read in relation to its cognate terms across expanded disciplinary and professional fields. The publication pursues the potential of multiple provisional working definitions of landscape to both disturb and develop received understandings of landscape architecture. These definitions distinguish between landscape as representational medium, academic discipline, and professional identity. Beginning with an inquiry into the origins of the term itself, *Is Landscape* features essays by a dozen leading voices shaping the contemporary reading of landscape as architecture and beyond.
