 Summary of Never Split the Difference by Chris Voss and Tahl Raz Includes Analysis Preview Never Split the Difference by Chris Voss and Tahl Raz is a guide to using hostage negotiation techniques in business and personal negotiations Modern negotiation strategies taught in business school usually center on classic texts that describe negotiation without factoring in emotions or irrational behavior In reality all negotiations involve emotional factors and illogical reactions And in hostage scenarios splitting the difference by accepting the release of half the hostages in exchange of partial fulfillment of demands is never a desired outcome Hostage takers who feel heard are more likely to trust negotiators to be honest about what they want Active listening involves mirroring the other person's speech speaking in a way that sounds assertive but calming and not saying anything at all for several seconds between utterances This slows the conversation down and conveys the impression that the negotiator wishes to understand PLEASE NOTE This is key takeaways and analysis of the book and NOT the original book Inside this Instaread Summary of Never Split the Difference by Chris Voss and Tahl Raz Includes Analysis Overview of the Book Important People Key Takeaways Analysis of Key Takeaways About the Author With Instaread you can get the key takeaways summary and analysis of a book in 15 minutes We read every chapter identify the key takeaways and analyze them for your convenience Visit our website at [instaread.co](#)
