Nagy, Jacquelyn Collins-Clinton**

Americas Rome Classical Rome:

Ancient Rome and Modern America Margaret Malamud, 2009-03-30 Ancient Rome and Modern America explores the vital role the narratives and images of Rome have played in America's understanding of itself and its history. Places America's response to Rome in a historical context from the Revolutionary era to the present. Looks at portrayals of Rome in different media: writing, architecture, theatre, painting, World's Fairs and Expositions, and film. Beautifully illustrated with over 40 high quality photographs and figures. *Ancient Rome and Modern America; A Comparative Study of Morals and Manners* Guglielmo Ferrero, 2023-10-13 Reproduction of the original. The publishing house Megali specialises in reproducing historical works in large print to make reading easier for people with impaired vision. Ancient Rome and Modern America; A Comparative Study of Morals and Manners Guglielmo Ferrero, 2025-08-31 Reproduction of the original. The Antigonos publishing house specialises in the publication of reprints of historical books. We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage. **The Collection of Antiquities of the American Academy in Rome** Larissa Bonfante, Helen Nagy, Jacquelyn Collins-Clinton, 2015 A comprehensive presentation of the ancient and diverse artifacts from the American Academy in Rome's collection. Modern America and Ancient Rome Simon Kiessling, 2016-04-15 Mounting social inequality, the increased political polarization, and the republic's transformation into an empire of consumption: these are just a few of the similarities between modern America and ancient Rome. How does America relate to Europe, and how did the Romans see their Greek colonies and vice versa? The parallels are striking. Is America likely to trace a comparable trajectory in the near future? *The Fall of the Roman Empire* Martin M. Winkler, 2012-12-18 The essays collected in this book present the first comprehensive appreciation of The Fall of the Roman Empire from historical, historiographical, and cinematic perspectives. The book also provides the principal classical sources on the period. It is a companion to *Gladiator* (Film and History Blackwell 2004) and *Spartacus* (Film and History Blackwell 2007) and completes a triad of scholarly studies on Hollywood's greatest films about Roman history. A critical re-evaluation of the 1964 epic film *The Fall of the Roman Empire* directed by Anthony Mann from historical, film, historical, and contemporary points of view. Presents a collection of scholarly essays and classical sources on the period of Roman history that ancient and modern historians have considered to be the turning point toward the eventual fall of Rome. Contains a short essay by director Anthony Mann. Includes a map of the Roman Empire and film stills as well as translations of the principal ancient sources, an extensive bibliography, and a chronology of events. **Roman Strigillated Sarcophagi** Janet Huskinson, 2015 This volume is the first full study of Roman strigillated sarcophagi, the largest group of ancient Roman sarcophagi to survive. Manufactured from the mid-second to the early fifth century AD, covering a critical period in Rome, they provide a rich historical source for exploring the social and cultural life of ancient Rome. , **Ancient Marbles to American Shores** Stephen L. Dyson, 2016-11-11 In *Ancient Marbles to American Shores*, Stephen L. Dyson uncovers the history of classical

archaeology in the United States by exploring the people and programs that gave birth to archaeology as a discipline in this country He puts aside the common formula of chronicling great digs great discoveries and great men in favor of a cultural ideological and institutional history of the subject The book explores the ways American contact with the monuments of Greece and Rome affected the national consciousness It discusses how the spread of classical style laid the groundwork for the development of the discipline after the Civil War and examines the period before World War I when most of the institutions that led to the establishment of the discipline as well as the first generation of American classical archaeologists were created It looks at the role classical archaeology played in the development of the American art museum since the later nineteenth century and considers changes in American classical archaeology from World War II to the mid 1970s Filling the void of information on the history of classical archaeology in the United States this lively book is a valuable contribution to literature on a subject which is enjoying ever increasing interest and attention

The Politics of Latin Literature Thomas N. Habinek, 2001-11-13 This is the first book to describe the intimate relationship between Latin literature and the politics of ancient Rome Until now most scholars have viewed classical Latin literature as a product of aesthetic concerns Thomas Habinek shows however that literature was also a cultural practice that emerged from and intervened in the political and social struggles at the heart of the Roman world Habinek considers major works by such authors as Cato Cicero Horace Ovid and Seneca He shows that from its beginnings in the late third century b c to its eclipse by Christian literature six hundred years later classical literature served the evolving interests of Roman and more particularly aristocratic power It fostered a prestige dialect for example it appropriated the cultural resources of dominated and colonized communities and it helped to defuse potentially explosive challenges to prevailing values and authority Literature also drew upon and enhanced other forms of social authority such as patriarchy religious ritual cultural identity and the aristocratic procedure of self scrutiny or *existimatio* Habinek's analysis of the relationship between language and power in classical Rome breaks from the long Romantic tradition of viewing Roman authors as world weary figures aloof from mundane political concerns a view he shows that usually reflects how scholars have seen themselves The Politics of Latin Literature will stimulate new interest in the historical context of Latin literature and help to integrate classical studies into ongoing debates about the sociology of writing

Italy in the American Imagination Ian J. Bickerton, 2023-10-04 It is almost impossible to imagine the United States without making reference to Italy There is scarcely any aspect of American culture untouched by Italy its history art architecture fashion film music the mafia or even more viscerally its food Italy occupies a space of near mythical proportion in the American imagination When many Americans think of or dream about and imagine the good life how and where they would like to live they think most often of Italy the beauty the life style the romance the excitement and sense of adventure that Italy offers By looking at the fluid and multi dimensional imaginative interactions Americans have with Italian culture and society this comprehensive and robust volume offers a new and novel way of exploring the influence of Italy upon the

United States University of New South Wales historian Ian James Bickerton argues that if we wish to understand the United States and how Americans define themselves and their nation it is vital to examine how they imagine themselves and he demonstrates that throughout U S history one of the most powerful stimulants shaping the imaginary world of Americans has been Italy **The Oxford History of Classical Reception in English Literature** David Hopkins, Charles

Martindale, Norman Vance, Rita Copeland, Patrick Cheney, Jennifer Wallace, Philip R. Hardie, 2012 The Oxford History of Classical Reception OHCREL is designed to offer a comprehensive investigation of the numerous and diverse ways in which literary texts of the classical world have stimulated responses and refashioning by English writers Covering the full range of English literature from the early Middle Ages to the present day OHCREL both synthesizes existing scholarship and presents cutting edge new research employing an international team of expert contributors for each of the five volumes OHCREL endeavours to interrogate rather than inertly reiterate conventional assumptions about literary periods the processes of canon formation and the relations between literary and non literary discourse It conceives of reception as a complex process of dialogic exchange and rather than offering large cultural generalizations it engages in close critical analysis of literary texts It explores in detail the ways in which English writers engagement with classical literature casts as much light on the classical originals as it does on the English writers own cultural context This fourth volume and second to appear in the series covers the years 1790 1880 and explores romantic and Victorian receptions of the classics Noting the changing fortunes of particular classical authors and the influence of developments in archaeology aesthetics and education it traces the interplay between classical and nineteenth century perceptions of gender class religion and the politics of republic and empire in chapters engaging with many of the major writers of this period **The Italian American Heritage** Pellegrino A

D'Acierno, 2021-12-12 First published in 1999 The many available scholarly works on Italian Americans are perhaps of little practical help to the undergraduate or high school student who needs background information when reading contemporary fiction with Italian characters watching films that require a familiarity with Italian Americans or looking at works of art that can be fully appreciated only if one understands Italian culture This basic reference work for non specialists and students offers quick insights and essential easy to grasp information on Italian American contributions to American art music literature motion pictures and cultural life This rich legacy is examined in a collection of original essays that include portrayals of Italian characters in the films of Francis Coppola Italian American poetry the art of Frank Stella the music of Frank Zappa a survey of Italian folk customs and an analysis of the evolution of Italian American biography Comprising 22 lengthy essays written specifically for this volume the book identifies what is uniquely Italian in American life and examines how Italian customs traditions social mores and cultural antecedents have wrought their influence on the American character Filled with insights observations and ethnic facts and fictions this volume should prove to be a valuable source of information for scholars researchers and students interested in pinpointing and examining the cultural intellectual and social influence of

Italian immigrants and their successors History of Higher Education Annual: 1998 Roger L. Geiger, 2020-03-12 Published in 1998 this is Volume 18 of the Perspectives on the History of Higher Education annual which includes a collection of 7 articles on The Land Grant Act and American Higher Education Context and Consequences Roman and Civil Law and the Development of Anglo-American Jurisprudence in the Nineteenth Century Michael H. Hoeflich, 1997 Seeking to fill a gap in our knowledge of the legal history of the nineteenth century this volume studies the influence of Roman and civil law upon the development of common law jurisdictions in the United States and in Great Britain M H Hoeflich examines the writings of a variety of prominent Anglo American legal theorists to show how Roman and civil law helped common law thinkers develop their own theories Intellectual leaders in law in the United States and Great Britain used Roman and civil law in different ways at different times The views of these lawyers were greatly respected even by nonlawyers and most of them wrote to influence a wider public By filling in the gaps in the history of jurisprudence this volume also provides greater understanding of the development of Anglo American culture and society Music and Musical Composition at the American Academy in Rome Martin Brody, 2014 Combining cultural analysis with historical and personal accounts of a century of musical life at the American Academy in Rome this volume provides a history of the AAR s Rome Prize in Composition *The Roman Remains* John Izard Middleton, Lynn Robertson, 1997 This volume presents 49 19th century drawings by John Izard Middleton an American expatriate and South Carolina native who dedicated his life to the study of antiquity and classical ruins Primarily known for his drawings of Grecian architectural remains this text focuses on his views of Rome *America in the Shadow of Empires* D. Coates, 2014-12-10 The focus of the book is the cost of empire particularly the cost in the American case the internal burden of American global leadership The book builds an argument about the propensity of external responsibilities to undermine the internal strength raising the question of the link between weakening and the global spread of American power **Time and Antiquity in American Empire** Mark Storey, 2021 This cultural history of the American empire via ancient Rome tracks the way writers and artists have imagined Roman antiquity as an analogy that variously bolsters and critiques American imperial power **Projecting the Past** Maria Wyke, 2013-12-02 Brought vividly to life on screen the myth of ancient Rome resonates through modern popular culture Projecting the Past examines how the cinematic traditions of Hollywood and Italy have resurrected ancient Rome to address the concerns of the present The book engages contemporary debates about the nature of the classical tradition definitions of history and the place of the past in historical film
