Invading the Realm of Demons, Disease, and Death Carl E. Roemer,2024-01-29

This study of the miracles attributed to Jesus in the Gospels begins with a survey of the sciences because in our present cultural context materialism is the dominant approach to and understanding of our world of history and of our very selves If the materialist s understanding is true then there is no such thing as miracles because every event must occur as the result of some previous material events Contemporary biblical scholarship mostly approaches the miracle stories from a materialist point of view It questions their historicity because they violate what has now become the entrenched modus operandi in our culture and society operating with the idea that the universe is a closed nexus of cause and effect The miracles are understood then as products of the community and not historical reports although according to this line of scholarship they may be based on some vague recollection of Jesus s activity that somehow had healing effects Modern science however as one scientist has

put it in climbing the mountain of knowledge has reached its peak and found a theologian at the top The sciences in other words have led to the implication that our universe has a creator and that the universe and the human genome have been designed

Jesus the Miracle Worker Graham H. Twelftree,1999-05-25 Graham Twelftree extensively examines the miracles of each Gospel narrative He weighs their historical reliability and considers the question of miracles and the modern mind

Jesus's epithets "Teacher" and "Prophet": a cognitive semantics approach to social roles Aurel-Onisim LEHACI,2024 The book explores the complementarity of these roles highlighting their portrayal of Jesus s key attributes and his dual human divine identity Cognitive linguistics provides the perspective for delving into these social roles emphasizing their significance in understanding the complexity of Jesus s character It shows that Jesus embodies two complementary epithets teacher and prophet representing distinct approaches to knowledge transmission either through human activity or divine intervention The book illustrates the intricate complexity of Jesus s character proving that Jesus not only fulfills but surpasses typical expectations in both roles consistently revealing his dual identity and the permanent truth of both epithets

Five Minutes with Jesus Randal A. Wiedemann,2015-10-29 Today s culture is overscheduled typically characterized by short attention spans We want to compress our lives into small bite sized pieces Taking this approach with Jesus can draw us into a relationship that becomes the focus of our delight Eventually our desire for true life is whetted by brief meetings with Jesus The longer we spend with Him the more His divinely radioactive life infuses ours with the power of an endless life The irony of the book title is that five minutes with Jesus is never enough Five Minutes with Jesus presents a daily devotional that focuses on meeting with Jesus in ways that may be new to some Christians Each day author Randal Wiedemann takes a look at a different aspect of Jesus the most discussed person in history Wiedemann focuses on how to live the Christian faith with delight depth meaning compassion and joy You will discover and be reminded that this is only possible when Jesus Christ lives in and through us Five Minutes with Jesus is about spending quality time with God For those who know Jesus it is a joy to go to that secret inner place of the heart and meet with Him For those who do not there may be a vague sense of looking for something You may not know what it is you are looking for but when you find it don t be surprised if it s Jesus

Playing Favorites Rodger Woodworth,2021-11-30 According to recent research our brains prefer the path of least resistance when it comes to engaging people who are unlike us in fact our brains tell us to perceive anyone different than us as a threat That is a nice way to say that despite our best intentions we all have our prejudices and preferences In biblical terms we show partiality toward people who resemble us we play favorites Much of our identity community and power are established by the measurement of our differences from others justifying our need to categorize people Even when

we attempt to engage other races and cultures we see it as a one way bridge taking our way of life across the river to enlighten those different than us It assumes we are on the bank of the undistorted view of the world and our understanding of the other side is not important The proper response is to encourage two way traffic on the bridge not only by having dialogue with people over the bridge but more importantly listening to them Overcoming our prejudices and bridging the cultural divide is the result of living out the gospel and it is the most significant way to communicate the gospel

The Radical Teaching of Jesus Duncan S. Ferguson, 2016-01-18 The Radical Teaching of Jesus carefully and thoughtfully invites the reader into an understanding of the life and teachings of Jesus Both his life and teachings are radical in that Jesus intended those who observed his life and heard his teachings to make a major change in their lives by fully receiving the power and presence of God The implications of this transformation would result in a life of loving God with heart and mind and one's neighbor without condition This volume underlines that to have a full understanding of the implications of the radical teaching of Jesus requires a careful reading of the history of the Gospel records of the circumstances in which Jesus lived and of Jesus sense of vocation This understanding makes possible a more credible and nuanced grasp of the style and content of the life and teaching of Jesus and its extraordinary relevance for our rapidly changing and troubled global context The book speaks poignantly both to those within the Christian family who find traditional categories regarding Jesus increasingly difficult to affirm and to those of other faith traditions or religious unaffiliated who seek an authentic spiritual way
