June 2014 Zimsec History Paper:

The History and Political Transition of Zimbabwe Sabelo J. Ndlovu-Gatsheni, Pedzisai Ruhanya, 2020-10-21 This book is the first to tackle the difficult and complex politics of transition in Zimbabwe with deep historical analysis Its focus is on a very problematic political culture that is proving very hard to transcend At the center of this culture is an unstable but resilient nationalist military alliance crafted during the anti colonial liberation struggle in the 1970s Inevitably violence misogyny and masculinity are constitutive of the political culture Economically speaking the culture is that of a bureaucratic parasitic primitive accumulation and corruption which include invasion and emptying of state coffers by a self styled Chimurenga aristocracy However this Chimurenga aristocracy is not cohesive as the politics that led to Robert Mugabe's ousting from power was preceded by dirty and protracted internal factionalism At the center of the factional politics was the first family Robert Mugabe and his wife Grace Mugabe This book offers a multidisciplinary examination of the complex contemporary politics in Zimbabwe taking seriously such issues as gender misogyny militarism violence media identity modes of accumulation the ethnicization of politics attempts to open lines of credit and FDI national healing and the national question as key variables not only of a complete political culture but also of difficult transitional politics

The Rhodesian Air Force in Zimbabwe's War of Liberation, 1966-1980 Darlington Mutanda, 2016-11-10 This book evaluates the development of the Rhodesian Air Force during the Second Chimurenga or Bush War 1966-1980 Airpower in irregular conflict is effective at the tactical level because guerrilla warfare is not a purely military conflict The Rhodesian Air Force was deployed in a war winning versus a supporting role as a result of the shortage of manpower to deal with insurgency and almost all units of the Rhodesian Security Forces depended on its tactical effectiveness Technical challenges faced by the Air Force combined with the rate of guerrilla infiltration and the misuse of airpower to bomb guerrilla bases in neighboring countries largely negated the success of airpower

Healing the Wounds of Gukurahundi in Zimbabwe Dumisani Ngwenya, 2017-12-14 This book is based on a participatory action research project carried out with a group of former Zimbabwe People's revolutionary Army ZPRA which was the armed wing of the Zimbabwe African People's Union ZAPU which was led by the late Joshua Nkomo ZPRA was the primary target of Gukurahundi a pogrom by the Mugabe government which left an estimated 20 000 civilians dead and countless others tortured in the early 1980s in Matebeleland Zimbabwe It has been almost 30 years since the violence ended but there has never been an official healing and reconciliation programme or truth commission into the atrocities The government chose the path of amnesia by granting a blanket amnesty to all involved The regime has enforced a culture of silence over the event through repression and intimidation The book is a culmination of a two year journey by the group and the author of an exploration of group based self healing approaches to the pain caused by the violence of Gukurahundi

The End of an Era? Robert Mugabe and a Conflicting Legacy Munyaradzi Mawere, Marongwe, Ngonidzashe, 2018-11-17 Arguably one of the most polarising figures in modern times has been Robert Gabriel Mugabe the

former President of the Republic of Zimbabwe The mere mentioning of his name raises a lot of debate and often times vicious if not irreconcilable differences both in Zimbabwe and beyond In an article titled Lessons of Zimbabwe Mahmood Mamdani succinctly captures the polarity thus It is hard to think of a figure more reviled in the West than Robert Mugabe and his land reform measures however harsh have won him considerable popularity not just in Zimbabwe but throughout southern Africa This together with his recent stylised ouster speaks volumes to his conflicted legacy The divided opinion on Mugabe s legacy can broadly be represented first by those who consider him as a champion of African liberation a Pan Africanist an unmatched revolutionary and an avid anti imperialist who literally spoke the truth to Western imperialists On the other end of the spectrum are those who seemingly paying scant regard to the predicament of millions of black Zimbabweans brutally dispossessed of their land and human dignity since the Rhodesian days have differentially characterised Mugabe as a rabid black fascist an anti white racist an oppressor and a dictator Drawing on all these opinions and characterisations the chapters ensconced in this volume critically reflect on the personality leadership style and contributions of Robert Mugabe during his time in office from 1980 to November 2017 The volume is timely in view of the current contested transition in Zimbabwe and with regard to the ongoing consultations on the Land Question in neighbouring South Africa It is a handy and richly documented text for students and practitioners in political science African studies economics policy studies development studies and global studies

Myths of Peace and Democracy? Towards Building Pillars of Hope, Unity and Transformation in Africa Mawere, Munyaradzi, Marongwe, Ngonidzashe, 2016-09-01 The myths of peace and democracy in Africa are at the heart of this volume Democracy and peace have become buzz words across postcolonial Africa The gospel of democracy and peace is preached by national governments and by civil society and international organisations alike But to what extent are the ongoing sideshows and charades of quasi oligarchies in Africa really democracy What do ordinary Africans mean when they hunger and thirst for democracy and peace Positive and noble as the loud sounding rhetoric about democracy and peace in Africa might seem the reality of propaganda and dissemblance and of multi dimensional violence are simply too overwhelming not to be disillusioning This book interrogates the rampant violence enduring conflicts autocratic governance and facades of democracy amidst claims and calls for enduring peace on the continent This is a monumental resource book for human rights activists conflict management practitioners civil society activists political scientists statesmen and development practitioners It poses a challenge to those African governments who claim to embrace principles of democracy and respect for human rights to rethink and reconsider their role as ambassadors of peace hope transformation and good governance

Zimbabwe's International Relations Julia Gallagher, 2017-06-29 A study of the state and international relations of Zimbabwe from the perspective of their citizens

Neo-Liberal Urban Development in Post-Colonial Zimbabwe Terence Tapiwa Muzorewa, 2025-07-14 This book investigates the role of private land developers in the development of Ruwa Town in post colonial Zimbabwe Whereas other post colonial established towns in the country

emerged from direct public investment through the Growth Point policy Ruwa emerged from a public private partnership approach The development of Ruwa Town is therefore a valuable example of a new post colonial experience in urban planning and development which is a clear departure from the colonial town planning which was premised on racial segregation This book offers unique insights into the historical context the role of private developers in the growth of the city the impact of their involvement bringing a comparative analysis with state led development It offers a valuable contribution to the field of urban studies particularly within the context of urban development in post colonial Zimbabwe and in Africa

Development Naivety and Emergent Insecurities in a Monopolised World Mawere, Munyaradzi, 2018-09-17 It is common knowledge that development without security is like a runaway horse Yet development in Africa has been plagued by insecurities since the extractive periods of slave trade and colonialism In spite of political independence and the euphoria of sovereignty as states Africa has failed to address insecurity which continues to loom large and to threaten aspirations towards truly inclusive and sustainable development A consequence has been Africa's development naivety vis vis the monopolisation of development by the predatory elite actors of the global North and their local facilitators To salvage the continent from such predation and the insecurities engendered requires novel and innovative imagination and praxis This book draws from both the haunted landscapes and bitter memories of past exploitations and from the feeding of the insatiable North with African resources and humanity It brings together essays by a concerned generation of scholars driven by the urgent need for radical decolonisation of African development and its legacies of insecurities It is handy to students and practitioners in economics policy studies political science development studies global and African studies *South Africa after Apartheid*, 2016-08-15 As South Africa has entered the third decade after the end of apartheid this book aims at taking stock of the post apartheid dynamics in the so far often less comprehensively analysed but crucial fields of APRM relevant politics social development land and regional relations In the first part of the book an analysis of some structuring domestic features of post apartheid South Africa is provided with a focus on political processes and debates around gender HIV AIDS and religion The second part of the volume focuses on the land question and part three is looking at South Africa's role in the Southern African region Contributors are Nancy Andrew Nicholas Dietrich Ulf Engel Harvey M Feinberg Anna Maria Gentili Preben Kaarsholm Mandisa Mbali David Moore Arrigo Pallotti Roberta Pellizzoli Chris Saunders Timothy Scarnecchia Cherryl Walker Lorenzo Zambenardi and Mario Zamponi *Infrastructures for Peace in Sub-Saharan Africa* Mediel Hove, Geoff Harris, 2019-06-14 Cultures of violence are characteristic of many countries in sub Saharan Africa and attempts to move towards cultures of peace have often proved difficult and ineffectual And yet the wide variations in levels of violence within and between countries show that it is not inevitable rather it is the result of choices made at individual community and societal levels This book examines the potential of peace infrastructures as vehicles to strengthen and spread progress towards cultures of peace Peace infrastructures vary hugely in sophistication and level The examples examined in

this book range from tiny structures which help resolve conflicts between individuals and within community organisations peace committees which serve local communities peace education and peace club programmes in schools mediation mechanisms to prevent election violence and to ministries of peace to coordinate government and non government efforts in peacemaking and peacebuilding The overall finding is that the development of peace infrastructures at all levels has great potential to build cultures of peace 1 It is the only book available which documents the experience and potential of nonviolence in post independence sub Saharan Africa 2 It makes a persuasive case for the development of various peace infrastructures in order to make peace sustainable 3 It explains how strategic planning can be utilised both to bring about change and to institutionalise it

Joshua Mqabuko Nkomo of Zimbabwe Sabelo J. Ndlovu-Gatsheni,2017-08-17 This book is a pioneering study of Joshua Mqabuko Nkomo a Zimbabwean nationalist whose crucial role in the country s anti colonial struggle has largely gone unrecognized These essays trace his early influence on Zimbabwean nationalism in the late 1950s and his leadership in the armed liberation movement and postcolonial national building processes as well as his denigration by the winners of the 1980 elections Mugabe s Zimbabwe African National Union Patriotic Front The Nkomo that emerges is complex and contested the embodiment of Zimbabwe s tortured trajectory from colony to independent postcolonial state This is an essential corrective to the standard history of twentieth century Zimbabwe and an invaluable resource for scholars of African nationalist liberation movements and nation building

Flows and Practices Mehta, Lyla,Derman, Bill,2017-05-19 For the past two decades Integrated Water Resources Management IWRM has been the dominant paradigm in water resources This book explores how ideas of IWRM are being translated and adapted in Mozambique South Africa Tanzania Uganda and Zimbabwe Grounded in social science theory and research it

highlights the importance of politics history and culture in shaping water management practices and reform and demonstrates how Africa has clearly been a laboratory for IWRM While a new cadre of professionals made IWRM their mission we show that poor women and men may not have always benefitted In some cases IWRM has also offered a distraction from more critical issues such as water and land grabs privatisation the negative impacts of water permits and a range of institutional ambiguities that prevent water allocations to small and poor water users By critically examining the interpretations and challenges of IWRM the book contributes to improving water policies and practices and making them more locally appropriate in Africa and beyond Africans John Iliffe,2017-07-13 An updated and comprehensive single volume history covering all periods from human origins to contemporary African situations **Mugabeism after Mugabe?** Duri, Fidelis Peter Thomas,Marongwe, Ngonidzashe,Mawere, Munyaradzi,2019-10-22 Arguably one of the long waited political handover of power globally happened in November 2017 in Zimbabwe when the former and now late 37 year long serving and divisive President Robert Gabriel Mugabe was forced out of power by a combination of forces that were spearheaded by the military s Operation Restore Legacy Mugabe s departure ushered in President Emmerson Dambudzo Mnangagwa s reign This transition has variously been characterised as marking the inauguration of the Second Republic or New Dispensation or as heralding a new Zimbabwe that is Open for Business From the moment of the investiture of President Mnangagwa s government anticipations of seismic changes to the order of doing business by both the incoming government and the larger Zimbabwean society in general were extremely high There was an expectation that international cooperation with global partners especially in the West would be restored alongside the reinvigoration of a near comatose domestic economy But did this ever happen This volume interrogates the impact of the introduction of the Mnangagwa administration from November 2017 The book seeks to broadly dissect and troubleshoot issues of continuity and change from Mugabe s reign into Mnangagwa s Second Republic In doing so the book attempts to respond to the grand question To what extent has Mugabeism that was the hallmark of Mugabe s reign continued or discontinued into the Second Republic The volume which comes as a sequel to The end of an era Robert Mugabe and a conflicting legacy is sure to generate interest and responses from students and academics in the fields of History International Studies Political Science Sociology and Social anthropology as well as from practitioners in the human rights transitional justice conflict resolution security studies and diplomatic fields *Economics and Political Implications of International Financial Reporting Standards* Uchenna, Efobi,Nnadi, Matthias,Tanna, Sailesh,Iyoha, Francis,2016-03-08 International Financial Reporting Standards IFRS are internationally recognized financial reporting guidelines regulated by the International Accounting Standards Board IASB to ensure that uniformity exists in the global financial system In addition to regulating financial reporting the adoption of IRFS has been shown to impact the flow of foreign capital and trade Economics and Political Implications of International Financial Reporting Standards focuses on the consequences and determinants of the adoption of the International Financial Reporting

Jostling Between "Mere Talk" and Blame Game?

Mawere, Munyaradzi, 2018-02-14 One of the fundamental challenges in rethinking and remaking development in Africa from a Pan African perspective is that too much mere talk and blame game have played out at the expense of real action The blame game and mere talk on Africa's poverty and underdevelopment jam have remained printed in bold on the face of the continent yet Africa's dire situation warrants nothing less than real emphatic action This book focuses on the empirics of the production and reproduction of poverty and underdevelopment across Africa in a fashion that warrants urgent pragmatic policy attention and quest for workable homegrown solutions to persistent predicaments The volume advances the need to recognise the realities of global inequalities and move swiftly in a most informed and transparent manner to address the poverty and underdevelopment conundrum The book sets the tempo and pace on the need for praxis and pragmatism on the African situation It is handy to students and practitioners in African studies poverty and development studies global studies policy studies economics and political science
