impossible to hunt and kill these creatures but with our weapons and technology how would we really fare if the dinosaur actually had to deal with well armed human beings Was the science used in these movies based upon reality or was it really just science fiction If we can clone the family pet then how close are we to bring back the age of the dinosaur I have tried to answer these question with this book I have tried to answer them in a simple and easy to understand way [A Stone in My Shoe](#) J. Michael Walters,2021-06-15 What s more miserable than trying to walk with a stone in your shoe Many American evangelicals are experiencing pain and discomfort in their relationship to the church Stones in their shoes make the faith journey uncomfortable and increasingly untenable They either leave the church altogether become church shoppers or live on the margins of the church as outliers This book presents the vantage point of a lifelong evangelical pastor and religious educator who sees himself as an outlier Walters draws on decades of pastoral life and classroom experience to engage the church in a conversation aimed at clarifying the concerns and discomforts of evangelical outliers While this is one person s story it intersects with the stories of many others in American evangelicalism especially clergy In identifying the stones which trouble and discomfort so many like him Walters continually calls the church his church back to its biblical and theological foundations
