Counterrevolution Stephen Steinberg, 2022-01-18 In Black Reconstruction W E B Du Bois wrote The slave went free stood

for a brief moment in the sun then moved back again toward slavery His words echo across the decades as the civil rights revolution marked by the passage of landmark civil rights laws in the 60s has seen those gains steadily and systematically whittled away As history testifies revolution nearly always triggers its antithesis counterrevolution In this book Steinberg provides an analysis of this backlash tracing the reverse flow of history that has led to the current national reckoning on race Steinberg puts counterrevolution into historical and theoretical perspective exploring the victim blaming and colorblind discourses that emerged in the post segregation era and undermined progress toward racial equality and led to the gutting of affirmative action This book reflects Steinberg s long career as a critical race scholar culminating with his assessment of our current moment and the possibilities for political transformation **Current Index to Journals in Education** ,1977

Diverse Families, Desirable Schools Mira Debs,2021-03-09 In *Diverse Families Desirable Schools* Mira Debs offers a richly detailed study of public Montessori schools which make up the largest group of progressive schools in the public sector As public Montessori schools expand rapidly as alternatives to traditional public schools the story of these schools Debs points out is a microcosm of the broader conflicts around public school choice Drawing on historical research interviews with public Montessori educators and ethnographic case studies Debs explores the forces that pull intentionally diverse progressive schools toward elitism At the heart of Debs s book is a thoughtful analysis of the notion of fit between parents and schools an idea that is central to school choice which is often marketed as an opportunity for parents to find the perfect fit for their kids By exploring parents varied motivations in choosing these schools and observing how families experience or fail to experience a good fit after having chosen a particular school Debs makes an original contribution to the literature on school choice and sheds light on the dilemmas entailed in maintaining diversity in progressive charter and magnet schools

Engineering, 1912 Hate Crime Hoax Wilfred Reilly, 2019-02-26 If you believe the news today s America is plagued by an epidemic of violent hate crimes But is that really true In Hoax Professor Wilfred Reilly examines over one hundred widely publicized incidents of so called hate crimes that never actually happened With a critical eye and attention to detail Reilly debunks these fabricated incidents many of them alleged to have happened on college campuses and explores why so many Americans are driven to fake hate crimes We re not experiencing an epidemic of hate crimes Reilly concludes but we might be experiencing an unprecedented epidemic of hate crime hoaxes

Montana Code Annotated Montana, 2015 *Spy Watching* Loch K. Johnson, 2018 All democracies have had to contend with the challenge of tolerating hidden spy services within otherwise relatively transparent governments Democracies pride themselves on privacy and liberty but intelligence organizations have secret budgets gather information surreptitiously around the world and plan covert action against foreign regimes Sometimes they have even targeted the very citizens they were established to protect as with the COINTELPRO operations in the 1960s and 1970s carried out by the Federal Bureau of Investigation FBI against civil rights and antiwar activists In this sense democracy and intelligence have always been a poor match Yet Americans live in an uncertain and threatening world filled with nuclear warheads chemical and biological weapons and terrorists intent on destruction Without an intelligence apparatus scanning the globe to alert the United States to these threats the planet would be an even more perilous place In *Spy Watching* Loch K Johnson explores the United States travails in its efforts to maintain effective accountability over its spy services Johnson explores the work of the famous Church Committee a Senate panel that investigated America s espionage organizations in 1975 and established new protocol for supervising the Central Intelligence Agency CIA and the nation s other sixteen secret services Johnson explores why partisanship has crept into once neutral intelligence operations the effect of the 9 11 attacks on the expansion of spying and the controversies related to CIA rendition and torture programs He also discusses both the Edward Snowden case and the ongoing investigations into the Russian hack of the 2016 US election Above all *Spy Watching* seeks to find a sensible balance between the twin imperatives in a democracy of liberty and security Johnson draws on scores of interviews with Directors of Central Intelligence and others in America s secret agencies making this a uniquely authoritative account
