50 Essays Samuel Cohen, 2022-10-11 50 Essays Samuel S. Cohen, 2003-12-03 50 Essays A Portable Anthology directly addresses students and instructors concerns that composition readers are too expensive and too large With a net price of 19 50 less than half the size and price of comparable readers 50 Essays meets the needs of a wide variety of classrooms The carefully chosen table of contents presents enough familiarity to reassure instructors enough novelty to keep things interesting and enough variety to accommodate many different teaching needs The editorial apparatus has been designed to support that variety of needs without being intrusive In its second edition 50 Essays continues to offer selections that instructors love to teach with even more flexibility and more support for academic writing **From Me to We** Jason Griffith, 2016-08-19 With this practical book you ll learn effective ways to engage students in reading and writing by teaching them narrative nonfiction By engaging adolescents in narrative literary or creative nonfiction they can cultivate a greater understanding of themselves the world around them and what it means to feel empathy for others This book will guide you to first structure a reading unit around a narrative nonfiction text and then develop lessons and activities for students to craft their own personal essays Topics include Engaging your students in the reading of a nonfiction narrative with collaborative chapter notes empathy check ins and a mini research paper to deepen students understanding Helping your students identify meaningful life events recount their experiences creatively and construct effective opening and closing lines for their personal essays Encouraging your students to use dialogue outside research and a clear plot structure to make their narrative nonfiction more compelling and polished The strategies in this book are supplemented by examples of student work and snapshots from the author s own classroom The book also includes interviews with narrative nonfiction writers MK Asante and Johanna Bear The appendices offer additional tips for using narrative nonfiction in English class text and online resources for teaching narrative nonfiction and a correlation chart between the activities in this book and the Common Core Standards *Substance, Judgment, and Evaluation* Patrick T. Flynn, Jean-Marie Kauth, John Kevin Doyle, Scott J. Lee, 2010-06-10 Substance Judgment and Evaluation Seeking the Worth of a Liberal Arts Core Text Education selectively presents the thoughts of scholars and teachers of liberal arts core text education on how their programs formulate and advance a value centered education What emerges from this selection is the wide scope of core text programs underlying the semantic intention of words such as value centered judgment or even liberal arts or collegiate and colleague This volume records the cooperation and thoughtful consideration of faculty from a wide range of higher education institutions research universities comprehensive universities colleges and community colleges who have chosen to come together to form such programs across North America This volume should be of value to any dean director or faculty member who seeks to work with colleagues and texts across disciplines to form a coherent undergraduate program of study within general education *Learning and Personality* William K. Lawrence, 2015-09-04 How does an introverted student with a visual or auditory

learning preference find success in a classroom built for extroverted kinesthetic learners While student discussion in the classroom is invaluable it also presents an issue for many students not only in how they feel in the class setting but in how they ultimately learn Given the emerging understanding of differing personality types and learning preference it is questionable whether all students are served by socially active methods that mandate students to speak Learning and Personality documents how introverted and intrapersonal students are being subjected to uncomfortable situations in schools today This book focuses on the classroom experience of students who have been identified as learning best through reflection and observation The author uses an American college writing class as the setting to explore the in depth experience of common first year students The results of this primary qualitative study reveal a glaring conflict within mainstream educational theory With more than five years of research and over one hundred references cited from sources that span two centuries this book calls attention to a mass misunderstanding of introversion as well as the effects of instructional methods that appeal to only one type of personality

Prize Essay Contest Carnegie Museum,1899 **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office,1979 **The Menorah** ,1890 *The Jews in the Caribbean* Jane S. Gerber,2013-11-28 The Jewish diaspora of the Caribbean constantly redefined itself under changing circumstances This volume looks at many aspects of this complex past and suggests different ways to understand it as a Jewish diaspora dispersed under different European colonial empires as a Jewish body joined together by a set of shared Jewish traditions and historical memories and as one component in a web of relationships that characterized the Atlantic world **Mediating the Real** Pascal Sigg,2024-05-06 As a literary genre the nonfictional reportage has particular implications for the role of the writer Pascal Sigg shows how six U S American writers including David Foster Wallace George Saunders and Rachel Kaadzi Ghansah reflect on themselves as human media in their reportage The writers assert themselves in a postmodern way by scrutinizing their own mediation As it also traces and develops the theorization of reportage as genre along the reporters early concerns with technical media this pioneering contribution to literary journalism studies paves a way for a new materialist approach in the under researched field *The Cambridge Companion to David Foster Wallace* Ralph Clare,2018-09-20 A compelling comprehensive and substantive introduction to the work of David Foster Wallace *Congressional Record* United States. Congress,1971 *The Bibliography of Australasian Judaica 1788-2008* Serge Liberman,2018-11-01 This bibliography includes all traceable self contained books monographs pamphlets and chapters from books which in some way pertain to Jews in Australia and New Zealand between 1788 and 2008 Born in Russia in 1942 Serge Liberman came to Australia in 1951 where he now works as a medical practitioner As author of several short story collections including *On Firmer Shores* *A Universe of Clowns* *The Life That I Have Led* and *The Battered and the Redeemed* he has three times received the Alan Marshall Award and has also been a recipient of the NSW Premier s Literary Award In addition he is compiler of two previous editions of *A Bibliography of Australian Judaica* Several of his titles have been set as

Depression and Dysphoria in the Fiction of David Foster Wallace Rob Mayo,2021-01-03 Depression and Dysphoria in the Fiction of David Foster Wallace is the first full length study of this critically overlooked theme addressing a major gap in Wallace studies Wallace has long been recognised as a depression laureate inheriting a mantle previously held by Sylvia Plath due to the frequent and remarkable depictions of depressed characters in his fiction However this book resists taking Wallace s fiction at face value and instead situates close reading of his complex fictions in theoretical dialogue both with philosophical and theoretical texts and with contemporary authors and influences This book explores Wallace s complex engagement with philosophical and medical ideas of emotional suffering and demonstrates how this evolves over his career The shifts in Wallace s thematic focus on various forms of dysphoria including heartache loneliness boredom and anxiety as well as depression correspond to an increasingly pessimistic philosophy underlying his fiction

Planetary Pynchon Tore Rye Andersen,2023-08-24 While Thomas Pynchon is usually described as an American author who primarily writes about American reality Planetary Pynchon History Modernity and the Anthropocene argues that his major novels Gravity s Rainbow Mason Dixon and Against the Day can profitably be read as a global trilogy that presents a coherent historical account of how the emergence and spread of European modernity across the world have had devastating consequences for the planet and its inhabitants This book sets a new agenda in Pynchon studies charting his early anticipation of anthropocenic and planetary ideas including globalization s demand for constant growth It combines close textual readings with broad perspectives on large thematic arcs and stylistic developments across Pynchon s entire career as well as an extensive dialogue with the rich reception of his work

Reading David Foster Wallace between philosophy and literature Allard den Dulk,Pia Masiero,Adriano Ardovino,2022-11-08 This book breaks new ground by showing that the work of David Foster Wallace originates from and functions in the space between philosophy and literature Philosophy is not a mere supplement to or decoration of his writing nor does he use literature to illustrate pre established philosophical truths Rather for Wallace philosophy and literature are intertwined ways of experiencing and expressing the world that emerge from and amplify each other The book does not advance a fixed or homogenous interpretation of Wallace s oeuvre but instead offers an investigative approach that allows for a variety of readings The volume features fourteen new essays by prominent and promising Wallace scholars divided into three parts one on general aspects of Wallace s oeuvre such as his aesthetics form and engagement with performance and two parts with thematic focuses namely Consciousness Self and Others and Embodiment Gender and Sexuality
