

The background of the slide is a classical painting. It depicts a long, two-story building with a series of white columns, possibly a temple or a grand estate. The building is partially obscured by dense, vibrant green foliage and trees. A path or driveway leads from the foreground towards the building, flanked by more trees. The overall style is that of a 19th-century landscape painting, with a focus on nature and architecture.

A Fair Prospect Desperate Measures English Edition:

A Fair Prospect Cassandra Grafton, 2013 *A Fair Prospect* is a story inspired by Jane Austen's *Pride and Prejudice*. It is told across three volumes. Volume III *Desperate Measures* is the concluding part. Reeling from the news of Elizabeth's engagement to Harington and desperate to avoid any possible further encounter as much for the lady's sake as his own, Darcy seeks distraction removing to the West Country with his sister and cousin where they prepare to embark on a journey to Dublin. Elizabeth meanwhile is struggling with an inexplicable lowness of spirit following the gentleman's removal from town. Fate however has unfinished business with them both and before long the lady is travelling to the West Country herself. As Darcy strives to leave the past behind will Elizabeth realise where her heart truly lies and if so can she find a way of letting Darcy know her feelings have changed or is it too late for them both. **The Universal review**, 1859 **New Catholic World**, 1882 The British Friend, 1862 *The History of America ... A New Edition; to which is Added, a Continuation, Comprising the History of the Colonies from 1652 to the Present Time ... By David McIntosh, LL.D. [With Maps and Engraved Plates, Including a Portrait.]* William Robertson, 1817 **Dissent and Cultural Resistance in Asia's Cities** Melissa Butcher, Selvaraj Velayutham, 2009-03-23 This book documents urban experiences of dissent and emergent resistance against disjunctive global and local capital, technology and labour flows that converge and intersect in some of Asia's fastest growing cities. Rather than constructing occupants of the city as simply passive victims of globalisation or urbanisation it presents ways in which people are using everyday strategies embedded in cultural practice to challenge dominant socio-economic and political forces impacting on urban space. Taking the city as a site of contestation and a stage where social conflicts are played out, the book highlights the connections between urban power and dissent, the nature and impact of resistance, how the spatiality and built environment of the city generates conflict and conversely how protagonists use the cityscape to stage their everyday and public dissent. The contributors explore the conditions, strategies and outcomes of such dissent and forms of cultural resistance and explore the following themes: the impact of urban development, gentrification and ghettoisation; urban counter-narratives and the re-imagining of city spaces; the role of grassroots activism and social movements; cultural resistance in the creation of neighbourhoods and communities; the impact of gender, class and the politics of identity on forms of dissent; the formation of transgressive spaces. *United States Army in the World War, 1917-1919: Policy-forming documents American Expeditionary Forces* United States.
