has been an innate human activity forever but only since the early 19th century have mechanical devices replaced the physical labor performed mostly by women Mechanical carpet sweepers were replaced by manual suction cleaners which in turn were replaced by electric vacuum cleaners in the early 20th century Innovative inventors who improved vacuum cleaners as electricity became commonly available made these advances possible Many early manufacturers failed but some such as Bissell Hoover Eureka and others became household names as they competed for global dominance with improved features performance and appearance This book describes the fascinating people who made this possible as well as the economic cultural and technological contexts of their times From obscure beginnings 200 years ago vacuum cleaners have become an integral part of modern household culture      Brand Growth Management Mr. Rohit Manglik,2023-11-23 In this

Brady,2024-10-01 Mother Trouble traces white maternal angst in popular culture across a span of more than fifty years from the iconic Rosemary s Baby to anti vaxx mom memes and HGTV shows The book narrows in on popular media to think about white maternal angst as a manifestation of feminism s unrealized possibilities and continued omissions since the second wave It interrogates intersecting systems of power which make mothers and their children the most impoverished people in the world and urges a greater appreciation in

academic and popular thinking of the work that mothers do The book calls for an analytical expansion beyond gender to better address the erasure of reproductive labour and especially that performed by migrants and people of colour It illustrates the continued marginalization of racialized mothers and the disproportionate amount of labour performed by all mothers in a society where their work is devalued Ultimately Mother Trouble reveals how the unease around white motherhood in the media has become a proxy for the troubles faced by all mothers
