[The Nameless City - Publishing People Series](#) Howard Phillips Lovecraft, 2020-10-26 When I drew nigh the nameless city I knew it was accursed I was traveling in a parched and terrible valley under the moon and afar I saw it protruding uncannily above the sands as parts of a corpse may protrude from an ill made grave Fear spoke from the age worn stones of this hoary survivor of the deluge this great grandfather of the eldest pyramid and a viewless aura repelled me and bade me retreat from antique and sinister secrets that no man should see and no man else had dared to see Remote in the desert of Araby lies the nameless city crumbling and inarticulate its low walls nearly hidden by the sands of uncounted ages It must have been thus before the first stones of Memphis were laid and while the bricks of Babylon were yet unbaked There is no legend so old as to give it a name or to recall that it was ever alive but it is told of in whispers around campfires and muttered about by grandams in the tents of sheiks so that all the tribes shun it without wholly knowing why It was of this place that Abdul Alhazred the mad poet dreamed of the night before he sang his unexplained couplet I should have known that the Arabs had good reason for shunning the nameless city the city told of in strange tales but seen by no living man yet I defied them and went into the untrodden waste with my camel I alone have seen it and that is why no other face bears such hideous lines of fear as mine why no other man shivers so horribly when the night wind rattles the windows When I came upon it in the ghastly stillness of unending sleep it looked at me chilly from the rays of a cold moon amidst the desert s heat And as I returned its look I forgot my triumph at finding it and stopped still with my camel to wait for the dawn

Space and the Postmodern Fantastic in Contemporary Literature Patricia Garcia,2015-04-24 Arising from the philosophical conviction that our sense of space plays a direct role in our apprehension and construction of reality both factual and fictional this book investigates how conceptions of postmodern space have transformed the history of the impossible in literature Deeply influenced by the work of Jorge Luis Borges and Julio Cort zar there has been an unprecedented rise in the number of fantastic texts in which the impossible is bound to space space not as scene of action but as impossible element performing a fantastic transgression within the storyworld This book conceptualizes and contextualizes this postmodern fantastic use of space that disrupts the reader s comfortable notion of space as objective reality in favor of the concept of space as socially mediated constructed and conventional In an illustration of the transnational nature of this phenomenon Garc a analyzes a varied corpus of the Fantastic in the past four decades from different cultures and languages merging literary analysis with classical questions of space related to the fields of philosophy urban studies and anthropology Texts include authors such as Julio Cort zar Argentina John Barth USA J G Ballard UK Jacques Sternberg Belgium Fernando Iwasaki Per Juan Jos Mill s Spain and ric Faye France This book contributes to Literary Theory and Comparative Literature in the areas of the Fantastic narratology and Geocriticism and informs the continuing interdisciplinary debate on how human beings make sense of space

[Reading Lovecraft in the Anthropocene](#) Christian Wilken, 2025-03-10 In [Reading Lovecraft in the Anthropocene](#) A New Dark Age the intersection of environmental, philosophical, and literary discourses is explored through the lens of H.P. Lovecraft's weird fiction This study examines the convergence of three critical phenomena: the widespread recognition of the Anthropocene as a marker of human impact on the planet, the rise of speculative realism and Object-Oriented Ontology (OOO) in contemporary philosophy, and the growing cultural and academic influence of Lovecraft's work Divided into three parts: Seeds, Crops, and Excrescence, the book traces Lovecraft's gothic and decadent influences, examines materiality and its transcendence in weird fiction, and considers the posthuman and postsecular dimensions of his narratives Through this, the study highlights Lovecraft's role in navigating the challenges of a secular, disenchanted world, offering a dark enchantment that echoes current philosophical concerns This work ultimately synthesizes discussions on weird fiction as a response to the existential and ecological crises of the Anthropocene, addressing issues like correlationism, anthropocentrism, and our fraught relationship with the natural world [The Necronomicon Files](#) Daniel Harms, John Wisdom Gonce, 2003-07-01 Occult scholars explore how H.P. Lovecraft's fictional book of magic became a cultural phenomenon and real-life legend in this revised and expanded volume What if a book existed that revealed the answers to all of life's mysteries? For those who believe in it, *The Necronomicon* is exactly that: an eighth-century occult text of immense power In fact, *The Necronomicon* is a creation of science-fiction writer H.P. Lovecraft, who referred to the work in a number of stories and gave weight to its legend by inventing its own elaborate history In *The Necronomicon Files*, two occult authorities explore all aspects of *The Necronomicon* from its first appearance in Lovecraft's fiction to its ongoing, pervasive appearance in cult and occult circles The authors show how Lovecraft's literary circle added to the book's legend by referring to it in their own writing As people became convinced of the book's existence, references to it in literature and film continue to grow This revised and expanded edition also examines the lengths people have undergone to find the *Necronomicon* and the cottage industry that has arisen in response to the continuing demand for a book that does not exist *The Necronomicon Files* illuminates the transformations of a modern myth, exposing a literary hoax while celebrating the romance of *Necronomicon* lore [Weird Tales 348](#) Ann VanderMeer, 2009-01-01 FICTION *The House of Idiot Children* by W.H.
