The Captive and the Gift Bruce Grant, 2016-05-15 The Caucasus region of Eurasia wedged in between the Black and Caspian Seas encompasses the modern territories of Armenia Azerbaijan and Georgia as well as the troubled republic of Chechnya in southern Russia A site of invasion conquest and resistance since the onset of historical record it has earned a reputation for fearsome violence and isolated mountain redoubts closed to outsiders Over extended efforts to control the Caucasus area Russians have long mythologized stories of their countrymen taken captive by bands of mountain brigands In *The Captive and the Gift* the anthropologist Bruce Grant explores the long relationship between Russia and the Caucasus and the means by which sovereignty has been exercised in this contested area Taking his lead from Aleksandr Pushkin s 1822 poem *Prisoner of the Caucasus* Grant explores the extraordinary resonances of the themes of violence captivity and empire in the Caucasus through mythology poetry short stories ballet opera and film Grant argues that while the recurring Russian captivity narrative reflected a wide range of political positions it most often and compellingly suggested a vision of Caucasus peoples as thankless lawless subjects of empire who were unwilling to acknowledge and accept the gifts of civilization and protection extended by Russian leaders Drawing on years of field and archival research Grant moves beyond myth and mass culture to suggest how real life Caucasus practices of exchange by contrast aimed to control and diminish rather than unleash and increase violence The result is a historical anthropology of sovereign forms that underscores how enduring popular narratives and close readings of ritual practices can shed light on the management of pluralism in long fraught world areas

British Captives from the Mediterranean to the Atlantic, 1563-1760 Nabil Matar, 2014-06-26 *British Captives from the Mediterranean to the Atlantic 1563 1760* provides the first study of British captives in the North African Atlantic and Mediterranean from the reign of Elizabeth I to George II Based on extensive archival research in the United Kingdom Nabil Matar furnishes the names of all captives while examining the problems that historians face in determining the numbers of early modern Britons in captivity Matar also describes the roles which the monarchy parliament trading companies and churches played or did not play in ransoming captives He questions the emphasis on religious polarization in piracy and shows how much financial constraints royal indifference and corruption delayed the return of captives As rivarly between Britain and France from 1688 on dominated the western Mediterranean and Atlantic Matar concludes by showing how captives became the casus belli that justified European expansion

both domestic and foreign Prisoners of war represent a natural consequence of such actions and throughout history many of them have been incarcerated within the borders of the United States Incorporating both existing and purpose built prisoner facilities the nation has held over one million prisoners many transported here from across the globe Detention facilities existed in almost every state from large population centers to remote rural areas Many such facilities have been preserved while others have been destroyed by the country s expanding population Exhaustively researched and thoroughly illustrated this book seeks to fill a void examining the history of domestically imprisoned POWs from the Revolutionary War through World War II In addition to foreign nationals from Asia Europe and Latin America even American citizens associated with foreign combatants have had their rights abrogated as they too were imprisoned without legal recourse This book presents a history that has long been ignored and one which has a legacy in many Americans own backyard **Narratives of**

Dependency Elke Brüggem, Marion Gymnich, 2024-05-20 Given that strong asymmetrical dependencies have shaped human societies throughout history this kind of social relation has also left its traces in many types of texts Using written and oral narratives in attempts to reconstruct the history of asymmetrical dependency comes along with various methodological challenges as the 15 articles in this interdisciplinary volume illustrate They focus on a wide range of different factual and fictional text types including inscriptions from Egyptian tombs biblical stories novels from antiquity the Middle High German Rolandslied Ottoman court records captivity narratives travelogues the American gift book The Liberty Bell and oral narratives by Caribbean Hindu women Most of the texts discussed in this volume have so far received comparatively little attention in slavery and dependency studies The volume thus also seeks to broaden the archive of texts that are deemed relevant in research on the histories of asymmetrical dependencies bringing together perspectives from disciplines such as Egyptology theology literary studies history and anthropology The Caucasian Captive graf Leo Tolstoy, 1892 The
