The Stone Gods By Jeanette Winterson:

The Stone Gods Jeanette Winterson, 2013-02-07 The Stone Gods is one of Jeanette Winterson's most imaginative novels about love. On the airwaves all the talk is of the new blue planet pristine and habitable like our own 65 million years ago before we took it to the edge of destruction. And off the air Billie and Spike are falling in love. What will happen when their story combines with the world's story as they whirl towards Planet Blue into the future. Will they and we ever find a safe landing place? Jeanette Winterson OBE whose writing has won the Whitbread Award for Best First Novel, the John Llewellyn Rhys Memorial Prize and the E M Forster Award is the author of some of the most purely imaginative and pleasurable novels of recent times from *Oranges Are Not the Only Fruit* to her first book for children *Tanglewreck*. She is also the author of the essays *Art Objects*. Visit her website at www.jeanettewinterson.com *Literary representation of nature and humanity in Jeanette Winterson's "The Stone Gods"* Julian Hindriks, 2023-07-17 Seminar paper from the year 2023 in the subject English Language and Literature Studies Literature grade 2.0 language English abstract How is nature represented in the novel? How do the characters think about nature? These questions lead me to my hypothesis. Seeing all the devastating dystopian effects I presume. In the novel *The Stone Gods* by Jeanette Winterson the concept of nature is represented as a binary opposite to the concept of humanity. This hypothesis includes the reference to a binary opposition which describes a pair of mutually exclusive signifiers which are logically opposed. Oxford Reference I want to pursue this Ecocriticism approach which refers to the study of literature in relation to environmental issues. Garrard 2007 by focussing on the structure, the macro level of the text. Therefore I will also consider the form of the novel for example with its rhetorical tropes and chronologically work through the plot and setting of the novel looking for evidence which supports or negates the hypothesis. Part 3 of the novel Post 3 War will not be part of my analysis because it does not include relevant ecological representations of nature.

Posthuman Capital and Biotechnology in Contemporary Novels Justin Omar Johnston, 2019-10-01 This book examines several distinctive literary figurations of posthuman embodiment as they proliferate across a range of internationally acclaimed contemporary novels clones in Kazuo Ishiguro's *Never Let Me Go* animal human hybrids in Margaret Atwood's *Oryx and Crake* toxic bodies in Indra Sinha's *Animal's People* and cyborgs in Jeanette Winterson's *The Stone Gods* While these works explore the transformational power of the biotech century they also foreground the key role human capital theory has played in framing human belonging as an aspirational category that is always and structurally just out of reach making contemporary subjects never human enough In these novels the dystopian character of human capital theory is linked to fantasies of apocalyptic release As such these novels help expose how two interconnected genres of futurity the dystopian and the apocalyptic work in tandem to propel each other forward so that fears of global disaster become alibis for dystopian control which in turn becomes the predicate for intensifying catastrophes In analyzing these novels Justin Omar Johnston draws attention to the entanglement of bodies in technological environments economic networks and deteriorating ecological settings

International Perspectives in Feminist Ecocriticism Greta Gaard, Simon Estok, Serpil Oppermann, 2013-06-07 Exploring environmental literature from a feminist perspective this volume presents a diversity of feminist ecocritical approaches to affirm the continuing contributions relevance and necessity of a feminist perspective in environmental literature culture and science Feminist ecocriticism has a substantial history with roots in second and third wave feminist literary criticism women's environmental writing and social change activisms and eco cultural critique and yet both feminist and ecofeminist literary perspectives have been marginalized The essays in this collection build on the belief that the repertoire of violence conceptual and literal toward nature and women comprising our daily lives must become central to our ecocritical discussions and that basic literacy in theories about ethics are fundamental to these discussions The book offers an international collection of scholarship that includes ecocritical theory literary criticism and ecocultural analyses bringing a diversity of perspectives in terms of gender sexuality and race Reconnecting with the histories of feminist and ecofeminist literary criticism and utilizing new developments in postcolonial ecocriticism animal studies queer theory feminist and gender studies cross cultural and international ecocriticism this timely volume develops a continuing and international feminist ecocritical perspective on literature language and culture

The Ethics and Poetics of Alterity Maylis Rospide, Sandrine Sorlin, 2015-09-04 This volume focuses on language and ethics in literary genres such as dystopia science fiction and fantasy that depict encounters with alterity Indeed so called genre literature embodies a heuristic model that dramatizes and exacerbates these encounters by featuring exotic subhuman or post human beings that defy human knowledge elements particularly prevalent in science fiction and fantasy These genres have often been regarded as an entertaining or escapist field that does not lend itself to ethical and poetical reflections limiting its scope to a hollow and servile repetition of genre codes This volume shows unequivocally that this field does lend itself to such reflections The contributors to this book highlight genre literature s defamiliarising power through which things can be seen In meta

conceptualising the relationship between language and reality it problematises and enhances this relation by making it more easily perceivable The book shows that rather than contenting itself with merely questioning the mechanism of estrangement genre literature explores the confines of readability and the boundary between the readerly and the writerly In their desire to represent the Other in all its complexity writers are indeed confronted with an ethical and poetical aporia how can what escapes humanity be described in human language How can human language represent things that have no known referent in the reader s world of experience This collection of essays reveals that the most prototypical traits of genre literature lie in the encounter with otherness and the linguistic issues this raises
