The Undivided Self Selected Stories By Will Self:

The Undivided Self Will Self, 2010-11-02 Since the release of his first story collection in 1991 Will Self has been hailed as a master of the short story Now for the first time selected stories from his five highly praised collections will be available in one volume introduced by Rick Moody These stories drawn from *The Quantity Theory of Insanity* *Gray Area* *Tough Tough Toys for Tough Tough Boys* *Dr Mukti* and *Other Tales of Woe and Liver* plus one story never before published give us unexpected comic twists masterful language and the ordinary colored by the absurd a man who finds his mother walking in a London suburb ten months after her death the odd nuances of a drab office worker's daily routine and a send up of the British elite that takes place after a carcinogenic fog blankets England Compared favorably to Nabokov Pynchon Gaddis Ballard and DeLillo Will Self is a bold satirist whose selected stories represent some of the best and most outrageous fiction of the last decade

Voices and Silence in the Contemporary Novel in English Vanessa Guignery, 2009-10-02 This volume examines the various processes at work in expressing silence and excessive speech in contemporary novels in English covering the whole spectrum from effusiveness to muteness Even if in the postmodern episteme language is deemed inadequate for speaking the unspeakable contemporary authors still rely on voice as a mode of representation and a performative tool and exploit silence not only as a sign of absence block or withdrawal but also as a token of presence and resistance Logorrhoea and reticence are not necessarily antithetical as compulsive verbosity may work as a smokescreen to sidestep the real issues while silences and gaps may reveal more than they hide By submitting their texts to both expansion and retention hypertrophy and aphasia writers persistently test the limits of language and its ability to make sense of individual and collective stories The present volume analyses the complex poetics of silence and speech in fiction from the 1960s to the present with special focus on Will Self Graham Swift John Fowles Kazuo Ishiguro Jenny Diski Lionel Shriver Michelle Roberts Margaret Atwood Jonathan Safran Foer Salman Rushdie Arundhati Roy Zadie Smith Jamaica Kincaid Ryhaan Shah and J M Coetzee
