Bendau, 1979-01-01 Wilson who is acknowledged for the consistently high quality of his prose whether it be fiction nonfiction or criticism has refused to accept the limitations of genre or form or to be placed in some literary cubbyhole Clifford P Bendau here covers Wilson s work from his first appearance as a literary enfant terrible to the publication of his landmark novel *The Space Vampyres* 1976 regarded by many critics as one of his finest works **Colin Wilson** Colin Wilson, 1980 Around the Outsider Colin Stanley, 2011-05-16 In May 1956 aged just 24 Colin Wilson achieved success and overnight fame with his philosophical study of alienation and transcendence in modern literature and thought *The Outsider* Fifty four years on and never out of print in English the book is still widely read and discussed having been translated into over thirty languages In a remarkably prolific career Wilson a true polymath has since written over 170 titles novels plays and non fiction on a variety of subjects This volume brings together twenty essays by scholars of Colin Wilson s work worldwide and is published in his honour to mark the author s 80th birthday Each contributor has provided an essay on their favourite Wilson book or the one they consider to be the most significant The result is a varied and stimulating assessment of Wilson s writings on philosophy psychology literature criminology and the occult with critical appraisals of four of his most thought provoking novels Altogether a fitting tribute to a writer **The Outsider** Colin Wilson, 2016-08-30 Colin Wilson s classic exploration of the rebel as genius with a new introduction by Gary Lachman When the upstart English writer Colin Wilson debuted on the literary scene with *The Outsider* in 1956 it marked one of the opening notes of the cultural revolution of the sixties Wilson celebrated the misfit not as a figure be fixed and reintegrated into society but as a lone journeyer who often had a stirring artistic political or spiritual innovation to convey to society Wilson lived this book as much as wrote it As an impoverished 23 year old the Englishman slept in a tent in a London park so that he could be free of material demands to dedicate himself fully to his study When *The Outsider* appeared in 1956 it became a sensation among both critics and beats who formed the vanguard of the dawning Aquarian Age In Wilson s epic exploration of mystics visionaries literary pioneers political troublemakers and rule breakers of all sorts he evoked a new kind of heroism which changed how we view ourselves and our purpose in life *The Outsider* is now reissued and reset in a beautiful Tarcher Cornerstone Edition with a new introduction by Wilson s friend and biographer Gary Lachman This new volume coincides with Tarcher s publication of Lachman s biography of Wilson *Beyond the Robot* **Inside the Outsider** Colin Wilson, 1983 *The Outsider & After* , 1996 **Colin Wilson** Colin Stanley, 2010 *The Ultimate Colin Wilson* Colin Stanley, Colin Wilson, 2019-05-14 The best of Colin Wilson in one fantastic volume Containing extracts from Wilson s work on existentialism criminology psychology and the occult this is an invaluable introduction to one of the late twentieth century s most incisive thinkers This is a new edition of the classic Colin Wilson collection *The Essential Colin Wilson* first published in

Sitting Down with the Outsider Colin Wilson, 1991 **The Outsider and After** Ted Brown, 1996 *SR's Book of the Week* Joseph Wood Krutch, 1956 **Music, Nature, and the Romantic Outsider** Colin Wilson, 1990 *Beyond the Outsider* Colin Wilson, 1991 Presents the author's ideas on literature philosophy religion and human freedom **Dreaming To Some Purpose** Colin Wilson, 2011-05-31

Colin Wilson is the bete noir of the Oxbridge literary establishment He never went to university let alone Oxbridge yet wrote *The Outsider* a brilliant account of the pain of being alive today when he was just twenty four It sold millions of copies around the world and he was acclaimed as one of the leading intellectuals of the age finding a huge audience with the anti establishment alternative and underground thinkers Because of his radically new attitudes he was with John Osborne dubbed an angry young man in the article that originally coined that phrase In this way a young man from a working class background suddenly found himself moving in the most colourful literary and artistic circles of the day In his autobiography he tells stories about among others Aldous Huxley Angus Wilson John Osborne Kingsley Amis Kenneth Tynan Francis Bacon and Norman Mailer all observed with a true outsider's eye for absurdity He is regarded by many as a true literary hero Julian Cope stopped a recent concert to pay tribute to Wilson who as sitting in the audience and Donovan Leitch dedicates his new autobiography to him but he also has huge mass market appeal His insightful brilliant books on the Occult the Mysteries and Atlantis and the Sphinx were all huge bestsellers netting millions of copies In this return to the themes of *The Outsider* looked at from the point of his own life story he again proves himself one of the great intellectuals of our age never ceasing to wrestle with the great questions of life and death and writing with an erudition and an easy way with ideas that is rare in English literary life

The Musician as "outsider" Colin Wilson, 1987 *The Sexual Revolution in Modern English Literature* Charles I. Glicksberg, 2012-12-06 The study of its literature is a useful guide to the degree of sexual security existing in a culture When a future historian comes to treat of the social taboos of the nineteenth and twentieth centuries in a fourteen volume life work his theories of the existence of an enormous secret language of bawdry and an immense oral literature of obscene stories and rhymes known in various degrees of initiation to every man

and woman in the country yet never consigned to writing or openly admitted as existing will be treated as a chimerical notion by the enlightened age in which he writes If I were asked to name some characteristics typical of the mid 20th century I would put first the uncritical worship of money the spread of nationalism the tyranny of the orgasm the homosexual protest and the apotheosis of snobbery Money sex and social climbing motivate society The English are on the whole an inhibited people They have a basic prudery and gaucheness in sex matters which sets them apart from almost every other nation in Europe In England the realisation that many of the restraints and taboos of Victorian times are unnatural and even psychologically harmful combined with the decline of organized religion has led to a considerable laxity in sex matters particularly since World War II 1

The Sociology of Science Robert K. Merton, 1973 The exploration of the social conditions that facilitate or retard the search for scientific knowledge has been the major theme of Robert K Merton's work for forty years This collection of papers is a fascinating overview of this sustained inquiry There are very few other books in sociology with such meticulous scholarship or so elegant a style This collection of papers is and is likely to remain for a long time one of the most important books in sociology Joseph Ben David New York Times Book Review The novelty of the approach the erudition and elegance and the unusual breadth of vision make this volume one of the most important contributions to sociology in general and to the sociology of science in particular Merton's Sociology of Science is a magisterial summary of the field Yehuda Elkana American Journal of Sociology Merton's work provides a rich feast for any scientist concerned for a genuine understanding of his own professional self And Merton's industry integrity and humility are permanent witnesses to that ethos which he has done so much to define and support J R Ravetz American Scientist The essays not only exhibit a diverse and penetrating analysis and a deal of historical and contemporary examples with concrete numerical data but also make genuinely good reading because of the wit the liveliness and the rich learning with which Merton writes Philip Morrison Scientific American Merton's impact on sociology as a whole has been large and his impact on the sociology of science has been so momentous that the title of the book is apt because Merton's writings represent modern sociology of science more than any other single writer Richard McClintock Contemporary Sociology *If You are an Outsider, You Must Find Some Way of Being Possessed* Colin Wilson, 1956 Something More Like Gods Martin Jones, 2002 An interesting in depth study of some of Colin Wilson's early novels with copious notes
