Key,2019-09-13 With their secretive poetic lore and even more mysterious pantheon of gods led by Odin the All Father Thor the great Hammer Striker Loki the Evil One and Heimdal the Cosmic Horn Blower it is almost impossible not to love the Vikings But there are even more fans of the multi faceted yoga systems devised by the ancient Hindustani in India more than five thousand years ago Steven A Key makes the case that transcendental yoga has not only endured over the millennia but that it has traveled in different forms of spiritual or religious expression in The Secret Yoga of the Vikings Drawing on the writings of Joseph Campbell the famous mythologist who hinted at a link between the cultures of the Eastern Hindus and the Northern Vikings as well as other great thinkers the author shows that yoga has influenced Buddhism Christianity and yes even the tenth

through vehicles like the opera and laid the foundations for a modernist theater of the absurd Romantic Poetry demonstrates deep patterns and a sharing of crucial themes of the revolutionary age which underlie the lyrical expression that flourished in so many languages and environments Nonfictional Romantic Prose assists us in coping with the vast array of writings from the personal and intimate sphere to modes of public discourse including Romanticism's own self commentary in theoretical statements on the arts society life the sciences and more Nor are the discursive dimensions of imaginative literature neglected in the closing volume Romantic Prose Fiction where the basic Romantic themes and story types the romance novel novella short story and other narrative forms are considered throughout Europe and the New World This enormous realm is seen not just in terms of Romantic theorizing but in the light of the impact of Romantic ideas and narration on later generations As an aid to readers the introduction to Romantic Prose Fiction explains the relationships among the volumes in the series and carries a listing of their tables of contents in an appendix No other series exists comparable to these volumes which treat the entirety of Romanticism as a cultural happening across the whole breadth of the Old and New Worlds and thus render a complex picture of European spiritual strivings in the late eighteenth and the nineteenth centuries a heritage still very close to our age
