(Henry Watson Fowler (1858-1933, ed), Robert W. Burchfield (1923- , ed), 1966 *A Dictionary of Modern English Usage: The Classic First Edition* H. W. Fowler, 2009-09-10 No book had more influence on twentieth century attitudes to the English language in Britain than Henry Fowler's Dictionary of Modern English Usage It rapidly became the standard work of reference for the correct use of English in terms of choice of words grammar and style Much loved for his firm opinions passion and dry humour Fowler has stood the test of time and is still considered the best arbiter of good practice Now one of today's leading experts on the language David Crystal has reassessed Fowler's contribution in this fascinating new edition Crystal goes beyond the popular mythology surrounding Fowler's reputation to retrace his method and practice and arrive at a fresh evaluation of his place in the history of linguistic thought With a wealth of entertaining examples he looks at Fowler's stated principles and the tensions between his prescriptive and descriptive temperaments He reaches some surprising conclusions and shows that the Dictionary does a great deal more than make normative recommendations and express private opinions In addition he offers a modern perspective in notes on some 300 entries in which he shows how English has changed since the 1920s including the pronunciation of certain words *Fowler's Concise Dictionary of Modern English Usage* Henry Watson Fowler, 2016 Fowler's Concise Dictionary of Modern English Usage is an invaluable quick reference work providing clear practical and up to date guidance on questions of grammar spelling style and word choice Jeremy Butterfield has judiciously revised the text to reflect the English usage practices and concerns of the 21st century *Fowler's Modern English Usage* Henry Watson Fowler, R.
